TAKE A GIRL CHILD TO WORK
LIMPOPO PROVINCIAL TREASURY HOSTS LEARNERS

Limpopo MEC for Provincial Treasury, Sa'ad Cachalia, will host learners from Maserole Secondary School as part of the "Take a Girl Child to Work" campaign.

This is a day when young South African girl learners get the opportunity to spend a day 'at work' by visiting government departments and corporate offices.

Provincial Treasury intends to empower these learners with an opportunity to interact with professionals that have the knowledge, the understanding and the experience that can make them to, afterward, make informed career choices.

The girl learners will have access to the various areas that Provincial Treasury works on. They will, therefore, get information that may assist them with facts on the educational routes that they can pursue in order to become Auditors, Budget Analysts, Economic Analysts, and other expert professions within public finance management.
