### **3. FOREWORD BY THE MEC**

**Hon. Mavhungu Lerule-Ramakhanya  
MEC: Department of Education**

It is my privilege to present the 2023/24 Financial Year Annual Report for the Limpopo Department of Education. This report reflects our unwavering commitment to advancing education in our province and ensuring that every learner has access to innovative quality education.

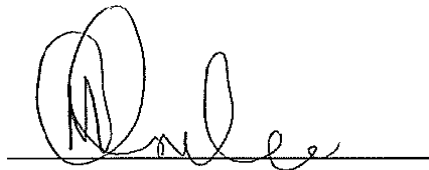

The 2023/24 financial year has been both challenging and rewarding. The Department has made significant strides in improving educational outcomes, particularly in the areas of early childhood development, primary and secondary education, and skills development. Our initiatives to improve school infrastructure, enhance teacher development and e-learning initiatives have begun to bear The progress we have made would not have been possible without the dedication and hard work of our educators, school administrators, and support staff. I extend my heartfelt appreciation to them for their tireless efforts in advancing our educational goals. I also wish to thank the learners and parents for

their commitment to education, as well as our partners in government and civil society for their invaluable support.

As we reflect on the year's achievements, we are also mindful of the challenges ahead. The department continues to grapple with financial constraints, which have impacted on our ability to fully realize some of our strategic objectives. Our efforts will also concentrate on further improving learner performance, particularly in literacy and numeracy while addressing the infrastructural backlogs. We are committed to strengthening governance and accountability to improve audit outcomes. The Financial Year 2024/25 presents an opportunity to build on our successes in pursuit to transform basic education in Limpopo Province.

In conclusion, this report is not just a reflection of our department's financial and operational performance; it is a testimony to our commitment to the future of our province's children.

Let us continue to work together to ensure that every learner in the Province receives the quality education they deserve.

A handwritten signature in black ink, appearing to read 'M. Lerule', is written over a horizontal line.

## 4. REPORT OF THE ACCOUNTING OFFICER

**Mr Mashaba KM**  
**Acting Accounting Officer**  
**Limpopo Department of Education**

### Vision and Strategic Focus

The Limpopo Department of Education remains committed to its vision of "Excellence in the provision of innovative quality basic education." The 2023/24 financial year was declared the "Year of Infrastructure," with a concentrated effort on eradicating inappropriate ablution facilities and addressing inadequate sanitation in schools. Significant progress has been made, with only 69 schools still awaiting appropriate ablution facilities. The department has already initiated the process to address these remaining schools, supported by the new budget allocation.

### Infrastructure Development

A key focus area was the general infrastructure development, where the department successfully delivered 95 classrooms in the 2023/24 financial year. Despite budget constraints, which prevented even greater achievements, the department remains committed to addressing infrastructure needs in rapidly growing towns, identified as "hotspots" due to increased demand for school admissions. In the 2024/25 financial year, the department plans to build additional schools in these areas to improve access to education.

The appointment of a panel of contractors has had a positive impact on addressing storm-damaged schools and facilitating general refurbishment. This initiative will continue to ensure that infrastructure meets the needs of the province's learners.

## **Educational Quality and Accountability**

In 2023, the department reinforced its efforts to ensure the basic functionality of all schools by strengthening Whole School Evaluation, the Data-Driven Districts initiative, and accountability measures. The profiling of every learner, teacher, school, circuit, and district has enabled focused and differentiated interventions. This strategic approach aims to sustain and surpass the 79.54% pass rate achieved in the 2023 National Senior Certificate (NSC) results.

To further enhance academic performance, the province held a Performance Sustainability Workshop in April 2024, which motivated all stakeholders to improve educational outcomes. The Head of Department also held accountability sessions with all underperforming secondary schools, addressing challenges to create an environment conducive to learning.

## **Teacher Development and Human Resources**

The Teacher Development Unit continues to provide training for School Management Teams (SMTs) on instructional leadership, while subject advisors and teachers receive targeted support based on subject-specific needs. The Human Resource Development (HRD) unit is actively engaged in skills development. For instance, two teams of 100 officials each were registered at Wits University for emotional intelligence training to enhance service delivery standards, while Early Childhood Development (ECD) practitioners have been enrolled at the University of Venda for empowerment.

The department also remains committed to preparing learners for the skills revolution by providing them with tablets and laptops.

## **Risk Management and School Rationalization**

The department has significantly minimized risks since appointing a Risk Chairperson and strengthening the Risk Management Committee. All committees are active and contribute to the department's operations. The ongoing rationalization of schools that do not meet requirements is another effort aimed at ensuring the provision of quality basic education.

The department's recruitment plan has been effective in filling vacancies, thereby boosting performance across all business units. Strategic partnerships with businesses and mining companies have been crucial, contributing to whole school development programs, building of computer laboratories and libraries, school halls, classrooms, ablution facilities, water boreholes, ECD centers, provision of tablets and laptops, and university bursaries.

## **Reading Strategy and Focus Schools**

The department is partnering with a non-profit organization to train all Grade 1 teachers in synthetic phonics as part of its reading strategy. Collaborations with organizations such as Funda Wandé, Molteno, and Room to Read are also strengthening reading capacity in schools.

The department is also providing maximum support to focus schools, encouraging learners to enroll in technical subjects. Notably, a mega-focus engineering and technical high school will be constructed in the 2024/25 financial year, funded by a grant from China.

## **Audit Outcomes and Financial Management**

Over the past decade, the Limpopo Department of Education has seen significant improvements in its audit outcomes. The department had initially been receiving continuous disclaimer audit opinions, but this has improved to a qualified audit opinion in the past six years. While there has been this apparent stagnation in the audit opinion over this period the number of qualification matters has decreased from a high of eleven to only one matter over the previous three years. These qualification matters have been addressed, and the department is optimistic about achieving a much-improved audit outcome in the 2024-25 financial year.

### **Support Services and School Safety**

The department continues to provide essential support services, including the School Nutrition Programme, scholar transport for qualifying learners, and timely delivery of top-up textbooks and school furniture. The timely transfer of norms and standards ensures that schools remain operational. School safety teams work closely with schools to ensure safe environments conducive to teaching and learning. School governing body elections were successfully conducted, ensuring democratic representation in school governance.

### **Special Schools and Policy Implementation**

All 35 special schools in the province continue to receive maximum attention. In 2023, the department procured ten buses and 23 cars for these schools, with the remaining special schools scheduled to receive their allocations by the end of the first quarter of the next financial year.

The department's commitment to strict policy implementation is yielding positive results. We are making progress in promoting knowledge and skills that will contribute to building the province's three priority sectors: Agriculture, Tourism, and Mining.

### **Overview of the financial results of the department:**

#### **Departmental own revenue**

Own revenue generated by the department for the period 2023/24 amounts to 0.18% of the total budget.

The Department's main sources of own revenue are:

- Collection of debts owing to the department.
- Commission on insurance and emoluments attachment order deductions.
- Fees charged for examination related services such as re-marking of scripts and requests for copies of senior and other certificates. The tariffs for these services are determined by the National Department of Basic Education.
- Parking fees charged.
- Sale of tender documents

All tariffs are listed in a tariff register and reviewed at least annually to provide for inflation. The over-collection on departmental receipts for 2023/2024 is R 16,619 and is mainly attributed to debt recoveries. A total amount debt amounting to R 57,887,228.74 was written-off during the financial year and relates mostly to debt for deceased debtors and the ELRC debt which was incorrectly raised.

### Departmental Receipts

Departmental receipts	2022/2023			2023/2024		
	Estimate	Actual Amount Collected	(Over)/Under Collection	Estimate	Actual Amount Collected	(Over)/Under Collection
	R'000	R'000	R'000	R'000	R'000	R'000

From the above it is worth noting the following:

In the 2023/2024 financial year, the Limpopo Department of Education achieved notable results in departmental receipts. The total receipts amounted to R72.393 million, exceeding the estimate of R55.079 million by R17.314 million. This performance was driven by:

- 1. Sale of Goods & Services Other Than Capital Assets:** The department collected R36.199 million, surpassing the estimated R34.876 million by R1.323 million.
- 2. Interest, Dividends, and Rent on Land:** The department realized R5.601 million, significantly higher than the previous year's collection.
- 3. Financial Transactions in Assets and Liabilities:** The department collected R30.593 million, which was R10.390 million more than the estimate of R20.203 million.

No revenue was collected from the sale of capital assets. Overall, the department's financial management resulted in an over-collection of R17.314 million.

### Programme Expenditure

<b>Total</b>	<b>37 626 852</b>	<b>37 083 528</b>	<b>543 324</b>	<b>39 136 587</b>	<b>38 637 672</b>	<b>498 915</b>

**Explanation of the variance is as follows:**

The Department has spent R38.637 billion or 98.7% of the R39.137 billion total Adjusted appropriation as at 31 March 2024. This has resulted in an under expenditure of R498.915 million or 1.3% when compared with the norm of 100.0%. And when comparing the 98.7% performance of 2023/24 with the 2022/23 performance of 98.6%, there is an improvement of 0.1%.

The department's budget across various programs experienced underspending due to a combination of factors.

**Programme 1** underspent by 5.2% due to delays in recruitment and the non-finalization of procurement processes. Significant areas of underspending included payments for computer services, photocopy charges, resettlement costs, communication services, and cleaning services. Moreover, the termination of lease agreements and the delayed submission of invoices contributed to the underspending. Transfers to Special Schools and the purchase of capital assets also saw delays.

**Programme 2** saw a minor underspending of 0.6%, primarily due to unfilled attrition posts, late submission of invoices, and uncompleted procurement processes. The underspending affected the payment of March 2024 feeding invoices, the procurement of AutoCAD software, textbooks, and Learner and Teacher Support Materials (LTSM). Additionally, funds for infrastructure projects, such as laptop procurement, could not be fully utilized as processes were incomplete.

**Programme 4** underspent by 1.8% due to unfilled attrition posts and incomplete procurement processes for training programs and supplies. Events like the Open Games were planned, but some activities were integrated,

leading to savings. Additionally, the procurement of laptops and other equipment resulted in savings due to lower-than-anticipated costs.

**Programme 5** reported significant underspending of 19% in Compensation of Employees due to unfilled posts. Goods and Services underspending of 13.6% was driven by delays in storybook procurement, savings on service costs, and the use of cost-free venues for Early Childhood Development (ECD) activities. A minor underspending in Transfers and Subsidies was due to non-payment to certain ECD centers, while capital assets procurement could not be concluded on time.

**Programme 6** underspent by 18.6%, largely due to delays in appointing key staff and changes in maintenance project scopes. The late appointment of maintenance contractors and a moratorium on travel also contributed to the underspending. The budget for school furniture remained unused, as there was no demand from new schools or mobile classrooms.

**Programme 7** saw a 6.6% underspend, with 9.4% attributed to delays in approving the Recruitment Plan. Additional underspending in Goods and Services resulted from outstanding invoices, undelivered stationery, and incorrect budget charges. Delays in policy workshops and non-payment for security services also contributed. Under-expenditure on Transfers and Subsidies was due to the partial implementation of the Presidential Youth Employment Initiative and incomplete transfers for sanitary pads.

Across all programs, underspending was driven by delayed procurement processes, unfilled posts, and various operational inefficiencies, including late invoice submissions and challenges with service providers. Details of this are under Part F of this report

#### **Virements/roll overs**

The department's main appropriation has been increased by an amount of R848.229 million from R38.188 billion to R39.037 billion adjusted appropriation in the 2023/24 financial year. The R39.037 billion adjusted appropriation was further increased by R100.0 million to R39 137 billion amended adjustment appropriation.

**A description of the reasons for unauthorised, fruitless, and wasteful expenditure and the amounts involved as well as steps taken to address and prevent a recurrence.**

The department did not incur any unauthorised expenditure for the 2023/24 financial year. The department incurred a total amount of R0,54 million for fruitless & wasteful expenditure mainly due to interest charged for late payments.

**Public Private Partnerships**

None

**Discontinued key activities / activities to be discontinued.**

None

**New or proposed key activities.**

None

**Supply Chain Management**

The department did not conclude any unsolicited bid proposals for the year under review.

**SCM processes and systems are in place to prevent irregular expenditure.**

- ✓ The department is utilising irregular expenditure detections checklist to enhance compliance with SCM Legislations.
- ✓ The department is having Internal Control Unit which is monitoring PFMA compliance.
- ✓ The bid committee members and supply chain officials were trained during the to ensure compliance to SCM prescripts.

**Challenges experienced in SCM and how they were resolved.**

- ✓ High vacancy rate at district levels.
- ✓ Major challenges were encountered in suppliers which abandoned contracts for scholar and NSNP.

**Gifts and Donations received in kind from non-related parties.**

The Department has received a Total of R21 675 million worth of donations in a form of goods and services in the financial year 2023/24. The Donations were for school buildings, computer equipment, uniforms for learners, etc. The amount is disclosed in the Notes of Financial Statement per category.

**Exemptions and deviations received from the National Treasury**

Limpopo Provincial Treasury granted exemptions to all provincial departments not to conduct 2nd assets verification for 2023/24 financial year.

**Events after the reporting date**

On 31 March 2024 the department was still busy with migration of asset register from BAUD to LOGIS. The department encountered challenges during post validation of assets on LOGIS system.

**Acknowledgement/s or Appreciation**

I would like to acknowledge the sterling leadership provided by the Honourable MEC who showed us direction and guidance in a bid to ensure that the Department delivers on its mandate. Appreciation also goes to Portfolio Committee on Education, Internal Audit, Audit Committee, all the Deputy Director Generals, and officials of Limpopo Department of Education, who worked tirelessly to ensure that we live up to the mandate that we have been given.

**Conclusion**

I hope and believe that this Report clearly portrays a picture of the programmes and projects that took place within the Department during the 2023/24 Financial Year and reflect on how the Department has put to good use the resources the people of Limpopo and South Africa had entrusted to it.

Mr Mashaba KM

Acting Accounting Officer  
Department of Education

**5. STATEMENT OF RESPONSIBILITY AND CONFIRMATION OF ACCURACY FOR THE ANNUAL REPORT**

To the best of my knowledge and belief, I confirm the following:

All information and amounts disclosed throughout the annual report are consistent.

The annual report is complete, accurate and is free from any omissions.

The annual report has been prepared in accordance with the guidelines on the annual report as issued by National Treasury.

The Annual Financial Statements (Part E) have been prepared in accordance with the modified cash standard and the relevant frameworks and guidelines issued by the National Treasury.

The Accounting Officer is responsible for the preparation of the annual financial statements and for the judgements made in this information.

The Accounting Officer is responsible for establishing and implementing a system of internal control that has been designed to provide reasonable assurance as to the integrity and reliability of the performance information, the human resources information and the annual financial statements.

The external auditors are engaged to express an independent opinion on the annual financial statements.

In my opinion, the annual report fairly reflects the operations, the performance information, the human resources information and the financial affairs of the department for the financial year ended 31 March 2024.

Yours faithfully

## **2. OVERVIEW OF DEPARTMENTAL PERFORMANCE**

### **2.1 Service Delivery Environment**

#### **2.1.1. Service Delivery Protests**

Limpopo Department of Education continues to urge all stakeholders to address their concerns through the appropriate channels while avoiding actions that disrupt the educational process. It is crucial to acknowledge that the damages resulting from lost school days are often difficult to rectify. Moving forward, collaboration between relevant authorities and stakeholders is imperative to ensure a conducive learning environment for all students.

#### **2.1.2. Unemployment and Poverty Levels**

The official unemployment rate decreased by 0,3 of a percentage point to 32,6% in Q2: 2023 compared to Q1: 2023. The official unemployment rate decreased in five provinces. The largest decreases were recorded in Limpopo (down by 2,0 percentage points) compared to other Provinces. The official unemployment rate decreased in four provinces while Gauteng remained unchanged. The largest decrease in the unemployment rate Quarterly Labour Force Survey, Quarter 2: 2023 was recorded in Western Cape (down by 6,6 percentage points), followed by Limpopo (down by 4,7 percentage points). Eastern Cape recorded a decrease in the expanded unemployment rate (down by 2,0 percentage points) followed by Limpopo (down by 0,7 of a percentage point), Western Cape and KwaZulu-Natal (down by 0,6 of a percentage point each) and North-West (down by 0,5 of a percentage point) (QLFS: Stats.SA 2023).

The country is faced with socio-economic difficulties such as high rates of unemployment especially amongst the youth, a high population growth rate, national debt levels and households that are dependent on social grants. High Rates of unemployment and reliance on social grants impact on provision of education in terms of financial resources as many parents cannot afford to pay school fees hence the continued implementation of No-Fee School Policy as an intervention especially in Limpopo Province. The National social grant payment data reveal a high number of beneficiaries who depend on grants.

The Limpopo province is still facing the triple challenge of unemployment, inequality, and poverty. According to the Stats SA's Quarterly Labour Force Survey (QLFS) for the period between 1 April 2023 and 30 June 2023, one out of every two people in the Limpopo labour force was unemployed. At 48.6%, Limpopo has the third highest expanded unemployment rate after the provinces of the North-West (54.0%) and the Mpumalanga (49.7%).

As already stated above, 75% of the province's vulnerable people depends on child support grant which in essence refers to among others school kids. This situation has resulted in the province having a high prevalence of No fee schools to the amount of 3521 (Quintile 1=1447, Quintile 2=1520 and Quintile 3=554). The very same school kids are making use of programmes like Scholar Transport and National School Nutrition Programme which seeks to improve the ability of learners to learn by combatting malnutrition, reducing hunger and improving school attendance.

### **2.1.3. Teenage Pregnancy**

Teenage pregnancy remains one of the serious challenges facing the education system in the country as it contributes to learner absenteeism, drop-out and poor performance. The statistics released by Statistics South Africa, indicates that although most 18- and 19-year-olds were still attending secondary school, almost three out of 10 pupils aged 18 years (29,3%) and 4 out of 9 (46,3%) of 19-year-olds had dropped out of school. A total of 3926 learners falls pregnant during the 2023/24 school year.

The province is similarly experiencing high cases of teenage pregnancies. with 14.1% of Among the 10-19 year olds the rate was at 14,1% which is above the national average of 12%. The Department is, in consultation with the Department of Health, offering health education to the young people. This covers education on teenage pregnancy, HIV/AIDS, STI and substance abuse. The province has development strategy for the reduction of teenage pregnancy which assumes a multi-sectoral approach.

### **2.1.4. Technological Factors**

#### **Connectivity and Network Equipment**

The Head Office and the 10 districts have been connected with access to the internet, office systems and transversal applications. Only 8 circuits are connected out of 141 circuits. The challenge with the slow speed on connecting circuits mentioned by SITA is lack of the network infrastructure available in the areas where the circuits are located. The department intends to connect an additional 10 circuits per financial year. The department has migrated electronic systems to the provincial VPN and all systems are running well.

The department started to replace network equipment for Head and three district Offices. The department intends to replace all the network equipment in the remaining sites in the 2024/25 financial year.

#### **Office systems**

The department renewed the Microsoft licenses on a Campus Agreement instead of an Enterprise Agreement. The Campus Agreement enables to include schools with ease which was not possible with the Enterprise Agreement.

The department has migrated the emails and office documents to the Microsoft cloud. Departmental emails are also archived at Office of the Premier. The Microsoft cloud is used as a backup as well as enabling users to access their documents anywhere wherever they have internet access. The access is only provided following the department security procedures to ensure safety of the users and the departmental systems and data.

#### **Equipment**

The department provided printers to 141 circuits. Head Office and district also have printing facilities. Acquired a Scanner and all physical leave records were scanned. To acquire 3 more scanners so scan all the records of the department to serve as a backup of the physical records and enable ease of access through the electronic systems.

The department provided 35740 tablets for learners and 310 schools benefitted which are used for digitising teaching and learning and reducing the digital divide in our schools. The department intends to gradually introduce technology with the limited resources available until schools are covered. Connectivity to schools is currently provided through the wireless service providers. Coding and Robotics was piloted in 160 schools.

### 2.1.5. Learner Migration

Limpopo Province, being a rural province, is heavily affected by learner migration patterns, both internally and externally. Learners migrate from rural villages alongside the general migratory patterns of their communities to urban and sub-urban areas within the province. As a result of its proximity to the frontline states of Zimbabwe, Mozambique and Botswana, the province also receives learners from those countries, yearning for education in South Africa. There has been an increase in the admission of learners from other provinces and neighbouring countries for the past 10 years. as demonstrated below:

Immigrants	Enrolment	Rate
9 081	1 810 642	0,50

It is important for the Department to address the challenges posed by increased enrolment and in-migration in a proactive and supportive manner to ensure that all learners have access to a high-quality education. The migration of learners puts stress to the education system as demonstrated below:

- Overcrowding in schools makes it difficult for students to receive adequate resources and attention from teachers.
- Strain on infrastructure leading to issues such as insufficient classroom space and outdated facilities.
- Language barriers to participation in education, particularly if the schools are not equipped to provide language support.

### 2.2 Service Delivery Improvement Plan

The department has completed a service delivery improvement plan.

The tables below highlight the service delivery plan and the achievements to date.

#### Main services and standards

Main services	Beneficiaries	Current/actual standard of service	Desired standard of service	Actual achievement

## 2.3 Organisational environment

### 2.3.1. Political Leadership

The Department was under the authority of MEC Mavhungu Lerule-Ramakhanya from 06<sup>th</sup> June 2022 to date.

### 2.3.2. Administrative leadership

The Department was under the leadership of Ms Dederen K.O who has been appointed as the Head of Department from 1<sup>st</sup> May 2021 to March 2024. Mr Mashaba KM has been appointed Acting Head of Department since 1<sup>st</sup> April 2024 to date .

### 2.3.3. Governance structures

The Department of Education (LDoE) has put in place management structures to oversee, coordinate, and monitor delivery of services in the Department. The following management structures are in place, which serve to coordinate policy and programmes across all branches in the Department:

Name of Structure/ Committee	Composition of Structure/ Committee	Frequency of Meetings
Executive Management Committee (EMC)	Accounting Officer together with the Branch Heads	Fortnightly
Top Management Committee (TMC)	Accounting Officer, Branch Heads and Chief Directors.	Monthly
Senior Management Committee (SMC)	Accounting Officer, Branch Heads, Chief Directors, Directors and District Directors .	Quarterly
The MEC sits as ex-officio member of all the management structures above.		

#### **2.3.4. Ethics management**

Limpopo Department of Education has implemented the Government policy of ensuring that ethical conduct of all employees is monitored; those employees who serve in management, as well as in areas of strategic importance.

All members of SMS and MMS members have submitted their Financial Disclosures as required by the Public Service Regulations and other related prescripts. The disclosures are submitted online through the DPSA e – Disclosure system. Employees who have access to classified information were subjected to security vetting in compliance with the Public Service Regulations.

The Department appointed Ethics Officers and established the Ethics Committee in terms of the Public Service Regulations. The committee has developed the Ethics Management Policy to assist in preventing and deterring unethical conduct and acts of corruption.

The policy encourages and allows employees including citizens to report allegations of corruption and other unethical conduct within the Department. It does ensure confidentiality on reported transgressions and record of allegations of corruption and unethical conduct received.

#### **2.3.5. Service Delivery Model**

The department has in terms of the Public Service Regulations developed a Service Delivery Model that spells out the distinct role for each level of its structure, head office, districts, circuits and schools:

#### **2.3.6. Merging of Schools**

According to section 12A of the South African Schools Act (Act 84 of 1996 as Amended) the MEC is mandated to merge non-viable public schools. There were 344 schools which were pronounced for merger in 2023/2024 Financial Year and are due for advertisement in the local newspapers. Only 56 non-viable schools out of 344 were merged in terms of Sect. 12A of SASA (Act No 84 of 1996 as Amended) in 2023/24 Financial Year. As noted by Department 145 merged schools and 165 closed schools in terms of section 33 of SASA (Act 84 of 1996 As Amended) were ready for gazetting. 16 schools were also aligned. 20 of them were not merged because of increase in enrolment which met the determined threshold. 124 non-viable schools were delayed for merger because of outstanding disputes lodged with the Department for settlements.

#### **2.3.7. Organisational structures in education**

##### **Provincial Office**

The provincial office is responsible for the overall management and accountability; policy development, setting strategic objectives for service delivery, resourcing and oversight from a financial and service delivery perspective, impact assessment and overall reporting.

##### **Education Districts**

The department has the following 10 Districts:

- a) Capricorn North
- b) Capricorn South
- c) Mopani East
- d) Mopani West
- e) Sekhukhune East
- f) Sekhukhune South

- g) Mogalakwena
- h) Waterberg
- i) Vhembe East
- j) Vhembe West

These are responsible accountable for all the functions performed at District level, facilitate decision making processes, reporting and communication between schools and Head Office. They manage and advise Circuits on curriculum delivery matters, responsible for integrated planning, coordination and monitoring of all District activities and render corporate services for all service delivery institutions within District.

### **Education Circuits**

The circuits provide advisory and information support to service delivery institutions, serve as information nodes for service delivery institutions by creating an enabling environment for teaching and learning, facilitating community participation, coordinating implementation of school programmes and reporting school on the programmes. The department has 141 (hundred and forty-one) circuits which are linked to the 10 (ten) Education Districts.

### **Schools**

The schools are the front-line service delivery points of the core mandate of the department. All the structures serve to enhance the effective functioning and ability of schools in the province to deliver quality education to the learners.

#### **2.3.8. Departmental organogram**

The proposed organisational structures were forwarded to the Minister of Public Service and Administration in November 2023 for concurrence. The Department received a letter of concurrence to our proposed structures dated 29 January 2024 from the Minister of Public Service and Administration. The Member of Executive Council signed the approved organisational structures on the 25 March 2024. The Department forwarded copies of approved organisational structures to the Minister to conclude the consultation process.

#### **2.3.9. School Post Establishment**

The MEC declared a total post basket of 51 752 for the 2024 school year and the HoD accordingly distributed the post basket in terms of the Employment of Educators' Act 76 of 1998, as amended. Section 5(1)(b) read with Sub – section (2) and (3) which confers the powers to create and distribute educator posts for public schools to the MEC and HoD of the PED respectively. All the 3 655 public schools in Limpopo have been issued with their schools' post establishment.

There has been a slight decrease in learner enrolment from 1 724 337 to 1 723 527. However, the pressure related to educator provisioning remains. The educator: learner ratio is still high which is attributable to the fact that the department retained same post basket for a considerable number of school years. The above educator: learner ratio has also affected the average class size in all categories of our schooling system. Class size is among the important variables of quality learning and teaching.

The Management Plan for implementation of the 2024 Schools' Post Establishment is being implemented. Educators declared in excess of the schools' establishment are accordingly being redeployed to schools in need of educators. However, the movement of excess educators is slow due to lack of compatibility of skills of excess educators to vacancies.

#### **2.3.10. Staff Levels and Utilisation**

The department is currently effectively utilizing its staff compliments to ensure that service delivery outputs are realised. The vacancy rate is still very high. The department continues to engage the Limpopo Provincial Treasury on this matter.

#### **2.3.11. Performance Management System**

During the 2023/24 financial year, the Department achieved significant progress in implementing the Performance Management System across all salary levels, including Senior Management. This period saw the highest-ever percentage of signed and filed performance agreements and assessments.

For Public Service Act employees at salary levels 1-12, 3,970 employees were expected to sign performance agreements. The Department achieved a 98% compliance rate, with 3,903 agreements signed. The remaining 68 employees did not sign due to reasons such as illness or a lack of understanding of the templates, prompting the Department to develop a strategy to assist these individuals.

Mid-term assessments were completed for 3,746 out of the 3,970 employees who signed contracts, leaving 224 assessments outstanding. The main reason for this shortfall was the misalignment between mid-term assessments and performance contracts, leading to returns for corrections.

For Senior Management, 49 out of 54 members were assessed and compensated for the 2022/23 performance cycle. Additionally, all 55 Senior Management members signed their performance agreements for the 2023/24 financial year, marking an exceptional achievement considering the Department's size and complexity.

#### **2.3.12. Learner Admission and Registration**

According to South African Schools Act (Act No 84 of 1996 As Amended), the Head of Department, is responsible for administration of the admission of learners in all public schools within the province. To fulfil this mandate, the Head of Department issues Provincial Guidelines on Learner Admissions on an annual basis, providing clear directives to ensure that learner admissions are conducted in a free and fair manner without unfair discrimination.

The guidelines are meant to ensure that applications for learner admissions are made on time to ensure timely allocation of space in schools and to allow for time to address learners that have not been placed due to lack of space in their schools of choice. Through this process the Department always ensures that every learner who has applied for admission is placed in the nearest public school that has available space. Should that school be 5 km or more from the place of residence of the learner the Department provides learner transport for them. The Department is currently exploring the possibility of implementing an online learner admission system. In implementing this the Department will consider the challenge of areas that do not have internet connectivity, which may negatively impact this process.

#### **2.3.13. Learner Performance**

The department has continued carrying its responsibility to ensure that all schools are functional, and in order to realize this, Whole School Evaluation (WSE) has been used as a vehicle to improve learning outcomes across the system. According to the South African Schools Act, 1996, underperforming schools have developed their Academic Performance Improvement Plans (APIPs) outlining the strategies to move out of underperformance, but also to improve learner performance.

The performance of the education system in South Africa continues to be measured mainly by the National Senior Certificate (NSC) results. A closer look at Limpopo Province Grade 12 results over the past 3 years reveals the following, in 2021 the Department obtained 66,7%, in 2022 the Department obtained 72.1% whereas in 2023 the Department obtained 79,54. The department will continue to intensify initiatives and strategies to ensure that learner performance improves across the system, in all grades and subjects.

#### **2.3.14. Monitoring of Schools**

The Limpopo Department of Education In the 2023/24 academic year especially the fourth quarter had experienced challenges of cost containment which affected the monitoring of reopening of schools by official from Head Office. The District Officials especially the Multi-Disciplinary Teams were allowed to conduct monitoring which was successfully implemented. Furthermore, the Department did manage to identify schools that did not meet the national target of 70 percent performance for the 2023 academic year. The identification of underperforming schools follows the guidelines set forth in section 58B and 16A of the South African Schools Act (Act 84 of 1996 As Amended). The Department have provided support to these identified underperforming schools by assisting in the development and implementation of Academic Performance Improvement plans that addressed the factors contributing to their underperformance.

#### **2.3.15. Norms and standards for school funding**

The Limpopo Department of Education has effectively allocated the budget according to the Norms and Standards for School Funding for both public and independent schools for the financial year 2023 academic year. These budget allocations were determined in accordance with the national norms set and officially announced by the National Minister of Basic Education.

The specific school allocations were as follows: Quintiles 1-3 received R 1602, Quintile 4 received R 803, and Quintile 5 received R 277. It is important to note that these allocations do not include the allocation for Learning and Teaching Support Materials (LTSM) across all quintiles.

#### **2.3.16. National School Nutrition Programme**

In the 2023/24 financial year, 3,527 schools participated in the school feeding program, benefiting over 1.64 million learners. The program has significantly improved learner attendance, concentration, punctuality, and reduced absenteeism. Efforts to enforce service level agreements led to better adherence by service providers, enhancing the feeding process.

The program also promoted healthy eating and hygiene practices, including handwashing before and after meals. A new initiative introduced breakfast to all primary schools in the program, with districts like Vhembe West and Mogalakwena adding additional protein (chicken livers) to their menus. The program involved 164 SMMEs and created employment for 562 EPWP beneficiaries, who supported both the feeding program and curriculum delivery. Additionally, 10,420 food handlers were employed across the schools to manage food preparation, offering temporary job opportunities, especially in rural areas.

To ensure the safety of food, the program provided 60 schools with mobile kitchens that met health standards and had certificates of acceptability.

#### **2.3.17. Learner transport**

The Limpopo Department of Education provides learner transport to deserving students, enabling them to access their schools without difficulty. This program, which targets learners from Grade R to 12 who travel 5km or more to their nearest public school, primarily benefits those from farm and rural areas. It has positively impacted learner performance and attendance, thereby enhancing access to education and promoting effective teaching and learning.

The program has created jobs for 536 service providers and benefited over 69,024 learners from 550 schools across the province. However, during the year under review, there were unfortunate incidents where learners were involved in accidents. As a result, the department intensified monitoring on various routes to prevent such occurrences.

### 2.3.18. Infrastructure and school furniture

The Limpopo Department of Education is implementing infrastructure projects through various agents and in-house resources. The appointed implementing agents include the Limpopo Department of Public Works, Roads and Infrastructure (LDPWRI), Independent Development Trust (IDT), The Mvula Trust (TMT), and the Development Bank of South Africa (DBSA). Each agent has been assigned programs based on their technical capacity and reputation:

- LDPWRI: Major Infrastructure
- IDT: Major Infrastructure
- TMT: Water, Sanitation, and Fencing
- DBSA: Water, Sanitation, and Storm-damaged Schools

In-house resources, supported by the Infrastructure Technical Resource Unit (IRTU), are responsible for managing water and sanitation projects. Additionally, a service provider has been appointed for the supply of school furniture, with ongoing deliveries addressing the furniture backlog.

For the 2023/24 financial year, the Department received a R1.474 billion Education Infrastructure Grant (EIG) from National Treasury, primarily focused on water, sanitation, and major infrastructure projects, including the eradication of pit latrines. The Department achieved 98% expenditure, totaling R1.453 billion, with under-expenditure mainly due to employee compensation and transfers for chemical toilets.

In the 2022/23 financial year, R56.2 million from Equitable Share and R107 million from the EIG were spent on school furniture. For 2023/24, R65 million from Equitable Share has been allocated for furniture, with deliveries continuing to address the needs of schools.

To this end, the following quantities have been delivered to schools.

### 2.3.19. School safety

The Limpopo Department of Education is mandated by both policy and legislation to implement school safety programmes in schools (both public & independent) to create conducive environment for teaching and learning. Some of the legislation frameworks which guide the Department Sector include the following: The South Africa's Constitution, The South African Schools Act (Act 84 of 1996 As Amended), The Child Act and the Children Justice Act, The National School Safety Framework etc. The Department has also implemented a project on the linking of schools with nearest police stations. The Department has also experienced serious challenges of school excursions accidents caused by unroadworthy bus transport and negligent driving.

### 2.3.20. Early Childhood Development (ECD)

Several milestones were achieved by Department the since the finalisation of the function shift from the Department of Social Development to Limpopo Department of Education. One of the milestones was a successful completion of a low-cost ECD centre at Masisi village with the capacity to accommodate 160 children. The centre was officially handed-over to the Masisi community Creche by the honourable MEC, Ms. Mavhungu-Lerule Ramakhanya during an official hand-over ceremony held on the 30th of May 2023. The National Integrated Early Childhood Development Policy was implemented by the Department during the Financial Year 2023/24. A total number of 138 226 Children accessed registered ECD programmes.

The Department of Education has funded 2100 ECD centres and 5 mobiles across the province, benefiting a total of 105 849 children. The Department also conducted training for ECD practitioners in partnership with FUEL (NGO). Although not all ECD centres were not paid in the F/Y 2022/23 815 ECD centres were paid through conditional grant, 1213 ECD centres paid through Equitable share. 100 new ECD centres were targeted to be registered and 106 new ECD centres has been registered. The Department also completed the renovations of 54 ECD Centres that benefitted from Maintenance improvements and upgrades. The Department has also built Low Cost ECD centre in Vhembe East District (Masisi Village).

### **2.3.21. Employee Health and Wellness**

Employee Health and Wellness Directorate in the department has been mandated with the promotion and maintenance of Physical, Mental, Spiritual, and social wellbeing of employees, thus ensuring a safe and healthy working environment.

The unit comprises of four (4) Pillars:

- Wellness Management (Employee Assistance Programme) which focuses on psychosocial, financial, spiritual, and physical wellness.
- HIV, STI and TB Management in the workplace which focuses on support, increasing knowledge, attitude and behaviours that promote HIV prevention.
- Safety, Health, Environment, Risk and Quality Management which focuses on Occupational Health and Safety management, Environmental management, risk, and quality assurance.
- Health and Productivity Management which focuses on Injury on duty /Incapacity leave due to ill- health, mental health, Disease Management, and chronic illnesses.

### **2.3.22. In school sports arts and culture**

The directorate of In-School Sport, Arts and Culture is mandated to coordinate, manage, and implement the sports activities in the province. These activities include, but not limited to sporting, social cohesion, and choral music (South African School Choral Eisteddfod (SASCE)). The programme's activities are spread throughout the four quarters of the financial year. There are also other programmes that are not classified under these three broad categories referred to earlier (Mainstream Sport, Social Cohesion and SASCE). Each of these broad categories are further sub-divided into differentiated streams. All these In-School Sport, Arts and Culture activities are spread throughout the four quarters of the financial year. There are other sponsored sporting activities that run concurrently with these mainstream sporting activities. These activities are generally referred to as Sponsored tournaments.

The directorate has, thus far, participated in all the sporting activities on offer. The sport program was concluded with Athletics and Aquatics (January to March) running concurrently with the initial stages of the SASCE activities. The quarter that followed (April - June otherwise known as the Winter Games) commenced thereafter. The subsequent quarter (July - September) started with Cross Country and the initial stages of the Summer Games. The period between October to December constituted what is called Summer Games. Contrary to popular misconception that sport is about winners and losers, the directorate is essentially about mass participation in sport for eventual active citizenry.

### **2.3.23. Presidential Youth Employment Initiative (PYEI)**

The Department has in the year under review appointed 33660 PYEI assistants as Educator Assistants (EAs) and General School Assistants (GSAs) in all public ordinary schools and special schools in the Limpopo Province from the beginning of the financial year until the 30th of September 2023.

The Department has also appointed a total of 155 Compliance Assistants for oversight, monitoring and reporting on the PYEI implementation in all its 141 circuit offices, 10 district offices and its head office. People with Disability (PwD) were also prioritised in the appointment of these youth hence 11 of the appointees where the youth belonging to this category.

The appointed EAs and GSAs in schools were taken through training programmes provided by schools, TVET colleges and the numerous strategic partners who provided pro-bono trainings to these assistants. To date, one of the strategic partners, Sasol Kagiso Trust has offered 10 PYEI Phase IV workshop assistants who were placed in technical high schools a further 13 months contracts commencing on the 1st of May 2024 ending the 30th May 2025 with full normal PYEI stipends, training PPEs and tool boxes with tools.

#### **2.3.24. Expanded public works programme (EPWP)**

The Expanded Public Works Programme works towards alleviation of poverty, address inequalities and temporarily reduce unemployment. During the year under review 562 beneficiaries were appointed across the 10 educational districts.

#### **2.3.25. Clean audit strategy**

In the previous financial years, the emphasis of the qualification was predominantly on the assets management, supply chain management, human resources, financial management, predetermined objectives and ICT. The department in the latter years improved in those areas and still obtained a qualified opinion on capital commitments in the 2021/22. This is the only qualification matter that still remains. The Department is however confident that the matters that still remained in this regard during the period under review have been addressed and will not recur during the next financial year.

### **2.4 Key policy developments and legislative changes**

The department should describe any major changes to relevant policies or legislation that may have affected its operations during the period under. If there have been no changes this must be stated.

## **3. ACHIEVEMENT OF INSTITUTIONAL IMPACTS AND OUTCOMES**

### **3.1. Impact**

Learners exiting the schooling system equipped with requisite skills and firm foundation for further studies and the world of work.

### **3.2. Outcomes**

#### **3.2.1. Outcome 1: Provide quality ECD services to children (0-4)**

Increased access of children 0 - 4 years in registered ECD programmes from 105 950 to 195 000

#### **PROGRESS:**

A total number of **138 226** Children accessed registered ECD programmes in the FY 2023/24. The department used Vangasali platform to conduct advocacy campaigns which has led to many ECD centres across the Province complying with norms and standards for registration, hence the increase in children accessing ECD programmes.

#### **3.2.2 Outcome 2: Improved school readiness**

Provision of Early Childhood Development for 4–5-year-olds improved from 93.2% to 95% by 2024/25.

**PROGRESS:**

At total of 1000 Pre-Grade R Practitioners were trained on National Curriculum Framework (CAPS) in 2023. Ten sites were assessed on the developmental milestones of Learners using the Early Learning Development Measures tool (ELOM) which was adapted to be used electronically by assessors.

**3.2.3. Outcome 3: Improved levels of literacy and numeracy required for meaningful lifelong learning.**

Percentage of Learners in Grade 1-3 able to read and write for meaning in at least one official language improved from 22% to 60% in 2024/25.

**PROGRESS**

52% of learners in the province were able to read and write for meaning in their Home Languages at grade appropriate levels in Grades 1-3.

**3.2.4. Outcome 4: Improved learning outcomes across all grades**

Performance of learners across all Grades improved from 73.2% National Senior Certificate (NSC) to 60% for Grade 6 Maths, 40% for Grade 9 Maths, 55% for Grade 6 EFAL, 45% for Grade 9 EFAL and 85% for NSC.

**PROGRESS:**

The performance of the education system in South Africa continues to be measured mainly by the National Senior Certificate (NSC) results. A closer look at Limpopo Province Grade 12 results over the past 3 years reveals the following, in 2021 the Department obtained 66,7%, in 2022 the Department obtained 72.1% whereas in 2023 the Department obtained 79,54. The department will continue to intensify initiatives and strategies to ensure that learner performance improves across the system, in all grades and subjects.

**3.2.5. Outcome 5: The digital divide eliminated.**

Learner's utilising ICT for learning improved to 60% and educators utilising ICT for teaching improved to 60% by 2024/25.

**PROGRESS:**

Although utilisation of devices is clouded by a myriad of challenges, there is fair utilisation of devices by both teachers and learners in most districts. To address connectivity challenges the Department has developed an e-education strategy that provides intervention measures of over the MTEF period.

The following strategies have been employed to improve utilisation:

- Nominated ICT steering committee.
- Capacitated the newly appointed district e-Education coordinators to become frontline trainers in their respective districts to increase number of trained teachers.
- Established ICT professional learning communities (PLCs)
- Introduced twinning among districts.
- Developed standard operating procedures as the roadmap for all districts.
- Identified and trained ICT champions in most schools as trouble shooters
- Collaborated with other directorates like Multimedia to strengthen utilisation.

- Developed dedicate e-portal as a reservoir for information sharing among the coordinators especially e-content and lesson plans.

### **3.2.6. Outcome 6: Improved capacity of the Department to support delivery of Curriculum.**

Administrative and management systems and procedures improved such that the Audit opinion is improved from Qualified to Unqualified audit opinion by 2024/25.

#### **PROGRESS:**

Audit steering committee meetings were held to track and monitor progress made on internal Audit and AGSA Action plans. The Department obtained Qualified Audit Opinion in 2020/21, 2021/22 and 2022/23. The 2023/24 Audit is still underway.

## **4. INSTITUTIONAL PROGRAMME PERFORMANCE INFORMATION**

### **4.1 PROGRAMME 1: ADMINISTRATION**

#### **4.1.1. Programme Purpose**

To provide overall management of the education system in accordance with the National Education Policy Act., the Public Finance Management Act, and other policies.

#### **4.1.2. Analysis per Section**

## **PART C: GOVERNANCE**

---

## **1. INTRODUCTION**

Commitment by the department to maintain the highest standards of governance is fundamental to the management of public finances and resources. Users want assurance that the department has good governance structures in place to utilize the state resources effectively, efficiently, and economically, which is funded by the taxpayer.

## **2. RISK MANAGEMENT**

The Department has in line with the PFMA and Public Service Risk Management Framework developed Risk Management Policy and Risk Management Strategy.

-The Department conducts regular risk assessments to determine the effectiveness of its risk management strategy and to identify new emerging risks. The risk assessment for 2023/24 has been conducted, and the identified risks continually monitored.

-A Risk Management Committee, chaired by an independent individual, has been established to provide advice on the overall risk management system, including policy and strategy review.

-The Audit Committee advises the Department on risk Management and independently monitors the effectiveness of the system of Risk Management.

-Some of the risks were managed and controlled and this has transmitted into the improvements in the Department's performance.

## **3. FRAUD AND CORRUPTION**

The Department has an Anti-Fraud and Fraud Prevention Policy and plan in place, committing itself to actively combat fraud and corruption including all forms of dishonesty on a zero-tolerance basis. The Fraud Prevention Plan includes the mechanisms for:

- ✓ The prevention of fraud and corruption
- ✓ The early detection of fraud and corruption
- ✓ The investigation of fraud and corruption in order to minimise its negative impact.
- ✓ Special initiatives that need to be taken to prevent fraud and corruption.

The Department has a whistle blowing policy, which is one of the strategic consideration in the Public Service Anti-Corruption which encourages whistle blowing policy as a platform to fight corruption. The purpose of this policy is to provide means by which officials and members of the public are able to raise concern with the appropriate line management or designated official in the Department, where they have reasonable grounds of believing that there is fraud and corruption within the Department of Education.

The policy and procedure are an extension of integrated fraud and corruption management strategy and plan of the Department. They are also in line with the Protected Disclosure Act, No 26 of 2000 which aims at providing protection to employees for disclosure made without malice and in good faith, in defined circumstances.

## **4. MINIMISING CONFLICT OF INTEREST**

All SMS members have submitted Financial Disclosure as required by the Public Regulations and other related prescripts. Corporate Services conducted road shows to educate all employees. Corporate Services conducted roadshows to educate employees regarding Remunerative Work Outside the Public Service (RWOPS). Employees submit application for consideration by the Executing if they are to engage in any remunerative work outside the public service. The department has appointed Ethics Officers and established the Ethics Committee to manage the processes in this aspect.

Employees who are role players in the Supply Chain Management processes are made to sign the Code of Conduct for Supply Chain Practitioners and other role players committing them to uphold ethical practices in

managing and handling the process. They are also required to sign confirmation of non-conflict of interest for every bid transaction they handle. No cases of conflict of interest were identified during the year under review.

## **5. CODE OF CONDUCT**

The department has supplied all its employees with Code of Conduct for the Public Service as per Chapter 2 of the Public Service Regulations. The Code of Conduct is enforced, and all supervisors have the duty to ensure that exemplary conduct is maintained.

Any employee who is found to be in breach of Code of Conduct, which should be read with other prescripts governing good conduct, is accordingly charged with misconduct and appears before the disciplinary inquiry. The disciplinary process is conducted following the Disciplinary Codes for various categories of employees; viz Employment of Educators Act Schedule 2 for educators, PSCBC Resolution 1 of 2003 for Public Service Act employees and Ministerial Directive: Disciplinary Code and Procedures for SMS Members

## **6. HEALTH SAFETY AND ENVIRONMENTAL ISSUES**

Employee Health and Wellness has a mandate to ensure a safe and secure working environment for all employees as stipulated by the Occupational Health Safety Act no 85 of 1993. Increased number of LDoE premises not being complaint with the provisions of OHS Act and relevant regulations.

### **Health and Safety Audits**

Increased number of prohibitions and contraventions notices issued by department of Labour mainly for structural defects and dilapidation. Majority of schools do not have proper kitchens for preparations of food and certificates of acceptability from the Local Authority which is a contravention with the provision of Environmental Health Regulations. 273 Workplaces were inspected for the financial year, and all were not complaint to the OHSA.

### **Medical Screening and HCT**

Health screenings are important to detect health disorders or diseases in people who do not have any symptoms. Communicable and non-communicable diseases such as cholesterol, blood pressure, glucose and body mass index are done to encourage healthy lifestyle for employees. The goal is early detection and lifestyle changes can assist with treatment. 663 Employees were screen for the financial year. Furthermore, employees are provided with HIV Counselling and Testing, to ensure adherence to those that know their status. 3 063 employees know their status of which 1 858 are educators and 1 205 are office-based. 391 employees screened for STI (Sexually Transmitted Infections) and 61 for TB.

### **Safety Committees**

1.	<b>Irregular expenditure</b> The Committee has heard and considered evidence that the Department procured goods and services amounting to R502 231 067 (2015: R98 236 195) in contravention of the supply chain management processes. The AG was unable to determine whether any further adjustments to irregular expenditure disclosed in note 23 to the financial statements stated at R3 513 732 000 (2015: R3 177 395 000) were necessary. Furthermore, the Committee has noted with concern that effective steps were not taken to prevent irregular expenditure as required by section 38 (1) (c) (ii) of the PFMA and Treasury Regulation 9.1.1.	The Committee recommends that the Executive Authority investigates all irregular expenditure incurred and if losses were incurred as a result of non-compliance with applicable legislation, the lost part should be recovered and the remaining balance should be regularized. Furthermore, the Committee recommends that the Department develops and maintains a turn-around plan to address this anomaly and Prevent it from recurring.	The department cannot perform investigations as the documents relating to irregular expenditure to be investigated were taken by SAPS during Section 100 administration. The department submitted to the Provincial Treasury all cases of irregular expenditure relating to 2010/11 up to 2015/16 where the documents were taken by the SIU and SAPS during the Section 100 administration. Progress report on investigations where supporting documents are available was presented to SCOPA.	Not resolved
2.	<b>Investigations</b> The Committee has heard and considered evidence the Department was placed under administration in terms of section 100(1) (b) of the Constitution of the Republic of South Africa, 1996. As a result, investigations are being conducted, amongst others, to probe the awarding of contracts in terms of the supply chain management regulations. The investigations were still on-going at the reporting date.	The Department must forward a comprehensive report to SCOPA on progress made on all the investigations.	The department cannot perform investigations as the documents relating to irregular expenditure to be investigated were taken by SAPS during Section 100 administration. The department submitted to the Provincial Treasury all cases of irregular expenditure relating to 2010/11 up to 2015/16 where the documents were taken by the SIU and SAPS during the Section 100 administration requesting condonation. 1.	<b>Irregular Expenditure</b> Executing Authority, on paragraph 9 of the AG's report, the AG reports that the department made payments in contravention of the supply chain management requirements, resulting in irregular expenditure of R891 600 000 (2016: R541 403 000) as disclosed in note 31 to the financial statements. The AG reports that the department did not have adequate systems in place to identify and report on all irregular expenditure incurred.  On paragraph 50 of the AG's report, the AG reports that effective steps were not taken to prevent irregular expenditure as required by section 38(1)(c)(ii) of the PFMA and treasury regulation 9.1.1. The expenditure disclosed does not reflect the full extent of the irregular expenditure. On paragraph 51 of the AG's report, the AG reports that investigations were not conducted into all allegations of financial misconduct committed by officials, as required by treasury regulation 4.1.1. This matter has been in the books of the department since 2014/15.	The Executing Authority must conduct investigations into all allegations of financial misconduct committed by officials and take action which is commensurate with the offence committed against responsible officials. -The Committee recommends that Provincial Treasury must appoint forensic investigation to look into contractual terms between the Department and Mvula Trust, Independent Development Trust (IDT) and Development Bank of Southern Africa (DBSA).	The department cannot perform investigations as the documents relating to irregular expenditure to be investigated were taken by SAPS during Section 100 administrator. The department submitted to the Provincial Treasury all cases of irregular expenditure relating to 2010/11 up to 2015/16 where the documents were taken by the SIU and SAPS during the Section 100 administration. The department did not have adequate systems in place to identify and report on all irregular expenditure incurred. The AG was unable to determine the full extent of the understatement in irregular expenditure as it was impracticable to do so.</p> <p>The Committee has also noted with concern that some of the goods and services of transaction value above R500 000 were procured without inviting competitive bids, as required by treasury regulations 16A6.1 and 16A6.4. Similar non-compliance was also reported in the prior year. In some instances, persons in service of the department whose close family members, partners or associates has a private or business interest in contracts awarded by the department failed to disclose such interest, as required by treasury regulation 16A8.4. Similar non-compliance was reported in the previous year and disciplinary action was not taken against the officials involved.</p> <p>The Committee has also noted that the AG was unable to obtain sufficient appropriate audit evidence that disciplinary steps were taken against officials who had incurred irregular expenditure as required by section 38(1)(h)(ii) of the PFMA. 5.	<b>Capital Commitments</b>  The Committee has heard and considered evidence that the AG was unable to obtain sufficient appropriate evidence for infrastructure capital commitments as the Department did maintain accurate and complete records of the contractual information used to determine commitments. The Department did not recognize commitments in accordance with Chapter 14 of the MCS, Provisions and contingencies. The Committee has also noted with concern that the Department incorrectly disclosed commitments to the value of R408 990 million on completed projects where there is no contractual arrangement that binds the department to incur any future expenditure. The Committee has further noted that internal control systems could not prevent the recurring qualification on commitments and irregular expenditure.	<ul style="list-style-type: none"> <li>The Committee recommends that the Executing Authority must take action against the Accounting Officer for failing to maintain accurate and complete records of the contractual information used to determine commitments and for failing to put in place control systems to prevent the recurring qualification on commitments and irregular expenditure.</li> <li>The Committee further recommends that the Executing Authority must table a progress report on the implementation of the resolution and submit the report to both SCOPA and the Portfolio Committee on Limpopo Department of Education on or before 31 March 2023.</li> </ul>	<p>The Executing Authority could not take action against the Accounting Officer and the Chief Financial Officer as they are both no longer in the employment of the department.</p> <p>The Executing Authority will provide an update to the Legislature in the next House sitting and to the Portfolio Committee and SCOPA in the third quarter.</p>	Not Resolved

6.	<b>Exceptional litigation</b> The Committee has heard and considered evidence that the Department is the defendant in several claims against the state. However the information on the system is supposed to be backed up by source documents that were used to capture the information. In case of leave it is expected that leave forms are supposed to be kept which must agree with attendance registers that educators sign when they report for duty. It was however not possible to obtain these documents, in particular, the attendance registers from some schools. Copies of some of those registers that could be obtained were not accepted as MOV since they had not been certified as true copies of the original. Due to the volumes of these copies the exercise to get them certified could not be completed before the end of the audit process and were therefore not accepted as MOVs. This PPM is no longer reported upon due to the fact that all Provinces do not have an adequate system to report on it. However all schools are provided with a list of the registers that they must keep and this is checked by Circuit Offices when they visit schools.</p>

No source document could be provided for this deviation as the target was an estimate based on the enrolment in previous years. However all learners in quintiles 1 – 3 schools benefitted from the “no fee schools” policy. No action was taken against any official as this was outside the control of the officials.</p> <p>g) <b>PPM 216:</b> Percentage of schools where allocated teaching posts are all filled The planned target was 90% but the actual was 33% and this was due to budgetary constraints that did not allow the filling of promotion posts. <b>Immovable tangible capital assets</b>	<b>2022/23</b>	The department did not recognize immovable tangible capital assets in accordance with chapter 11 of Modified Cash Standard, <i>Capital assets</i> . The AGSA identified completed and in use assets that are incorrectly classified as work in progress. Consequently, immovable tangible capital assets disclosed in note 40 to the financial statements was understated by R1 766 426 464 and work-in-progress overstated by the same amount in note 40.2 to the financial statements. The Department developed a standard operating plan which have a process flow of project information used by infrastructure finance to feed into the financial registers. The Department further performs the review of the Commitment

		registers which will be done with the assistance of the Infrastructure Technical Resource Unit.

## 10. INTERNAL CONTROL UNIT

The department has an Internal Control and Compliance Unit, which is responsible for monitoring of compliance to financial regulations, policies, and internal controls. Quality assuring requested information and responses to audit matters from both AGSA, Internal Audit and other oversight structures. The unit also performs Quarterly Pre and post audit of payment vouchers for both bids awarded and quotations in all the districts including head office in line with the internal control framework.

## 11. INTERNAL AUDIT AND AUDIT COMMITTEES

### Key activities and objectives of the internal audit

The purpose of the Shared Internal Audit Services (SIAS) is to help Provincial Departments accomplish their strategic outcomes and objectives through performing systematic and disciplined assurance and consulting services by evaluating and improving the adequacy and effectiveness of the organisation's a) Risk Management, b) Internal Control/Compliance and c) Organisational Governance Processes.

SIAS utilises either Assurance or Consulting skills and techniques when conducting internal audit services. The primary objective always been to improve organisational governance, risk management, internal control and compliance processes. Essentially, the service offering of Shared Internal Audit Services (SIAS) may be divided into following three broad yet overlapping categories, namely:

- Compliance Audits – which will focus mainly on Programme 1 (Administration) and the implementation of Combined Assurance.
- Performance Audits – focuses on Core Function Programmes.
- Specialised Audits –services currently offered are related to Information Systems Audits and Fraud Risk Audits.

The scope of work of the Internal Audit function entails providing assurance and consulting services in respect of Risk Management, Internal Control/Compliance and Governance processes. Furthermore, the scope of work of the Internal Audit Function is to determine whether the institution's network of risk management, internal control/compliance and governance processes as designed by management, is adequate and operates effectively.

### Assurance Services

In addition to Combined Assurance Services, Assurance Services involve an objective examination of evidence for the purpose of providing an independent assessment on Internal Control, Risk Management and Governance Processes for the organization. Examples may include financial, performance, compliance, system security, and due diligence engagement.

### Consulting Services

Consulting Services are client-related activities and of an advisory nature and of which the scope is to be agreed with the client department. Consulting Services are intended to add value and improve an organization's Risk Management, Internal Control and Governance Processes.

## Key activities and objectives of the audit committee

### 1. KEY ACTIVITIES

The Audit Committee (AC) activities are outlined in the approved AC Charter which requires that an Annual Schedule must be finalised and approved as a guideline for the AC activities of that particular financial year. The AC has satisfactorily performed its mandate as enshrined in Sections 76 (4) (d) and 77 of the Public Finance Management Act (Act No. 1 of 1999) read in conjunction with Treasury Regulations 3.1 which states that AC must, amongst others, review the following:

- i. the effectiveness of the internal control systems;
- ii. the effectiveness of the internal audit function;
- iii. the risk areas of the institution's operations to be covered in the scope of internal and external audits;

- iv. the adequacy, reliability and accuracy of the financial information provided to management and other users of such information;
- v. any accounting and auditing concerns identified as a result of internal and external audits;
- vi. the institution's compliance with legal and regulatory provisions; and
- vii. the activities of the internal audit function, including its annual work programme, coordination with the external auditors, the reports of significant investigations and the responses of management to specific recommendations.

### **1.1. VIRTUAL MEETINGS (POST COVID-19)**

COVID-19 posed a serious threat to humanity, however the work of the AC has partly benefitted from the proclamations made by the state that most of the meetings must be held virtually. The Provincial Accountant General's (PAG's) office has realised some savings within the budget of the AC. The savings were realised mainly from accommodation and travelling by the AC members because meetings were held virtually. Given the spirit of good governance, the impact of COVID-19 on the AC is felt on the sense that virtual meetings are not equipped with necessary tools to monitor efficient and effective participation of all the AC stakeholders. This becomes even difficult when one has to evaluate the work of the AC through National Treasury 360 Degree evaluation tool. However, the PAG's office has been active in ensuring that the AC remains a value adding tool as a critical oversight and governance structure.

There has been immense improvement in terms of connectivity as there were little interruptions resulting from network challenges as compared to the previous financial year. However, Load shedding remains a serious challenge as it briefly affects the network resulting in poor connectivity for a time being. In addition, the new cell phone contract came with serious improvements in terms of data allocation and connectivity to Microsoft Teams which remains free thus not affecting allocated data to officials rendering support to the work of AC.

### **1.2. AUDIT COMMITTEE MEETINGS**

During the financial year 2023/2024, the AC met five (5) times to perform its roles and responsibilities as stipulated in the AC Charter. All the AC meetings have taken place as planned through 2023/2024 AC Annual Schedule. As resolved during 2023 AC Annual Strategic Planning Workshop, briefing sessions between Members of Executive Council (MECs) and Cluster Chairpersons were held from 24 October 2023 to 14 November 2023. The briefing sessions were held virtually and afforded all the AC Chairpersons a slot with each MEC of the Department they serve to discuss all the pertinent issues affecting the Department.

First Quarter Cluster AC Meetings for August 2023 were held physically which were followed by the CAC Meeting held 19 September 2023. Given the governance role of the ACs, it is pertinent that some of the AC meetings are held physically to interact directly with the management in order that all the AC resolutions are timely implemented. The last CAC Meeting of the current reporting period was also held physically to deal with myriad of issues including finalisation and adoption of the Combined Assurance Framework.

### **1.3. 2024 AUDIT COMMITTEE ANNUAL STRATEGIC PLANNING WORKSHOP**

The AC annual strategic planning workshop for 2024/25 financial year was held virtually to enable all the stakeholders to connect and participate in the session. This was due to the fact that HODs were required to connect virtually to deal with issues such as Combined Assurance, Ten (10) point implementation plan to move Department of Education, Public Works and Health out of qualified audit opinions to an improved audit outcomes etc. The strategic plan was held on 08 – 09 February 2024. Office of the Premier also made three (3) pertinent presentations on Limpopo's five (5) year performance review, Limpopo Collaborative Support Framework and Consequence Management Framework. The presentations were welcomed by ACs siting that Consequence Management Framework was long overdue and it will help the Province in dealing with stagnant issues in particular around irregular, fruitless and wasteful expenditures were consequence management is due against implicated officials.

The two (2) day strategic planning workshop has resulted in the AC members taking a total of thirty-two (32) resolutions to be implemented by affected stakeholders. Since the PAG has insisted on all the Stakeholders proving feedback on each resolution they are affected and no resolution register should be submitted without response, the Province has realized improvement in implementation of AC resolutions. All the protocol documents such as the AC Charter, Internal Audit Charter, and Reporting Frameworks were reviewed and adopted during first day of the workshop.

#### **1.4. CAC CHAIRPERSON MEETINGS**

During the current financial year, the CAC Chairperson managed to attend two (2) EXCO meetings to report on overall AC activities covering the work of all the Departments. EXCO meetings are mainly based on invite by EXCO Secretariat depending on the agenda of the day. However, PAG's office continuously advises EXCO Secretariat on the importance of inviting CAC Chairperson to EXCO quarterly meetings in order to resent CAC overall quarterly reports. Unfortunately, the CAC Chairperson was not invited to attend any of the HOD Forums held during the current reporting period. Invitations to these structures (EXCO and HOD Forums) are welcomed and strategic in nature as they provide an opportunity for the CAC Chairperson to interact with Executive Authorities and Accounting Officers of all the Departments to highlight areas requiring improvement.

#### **1.5. 360 DEGREE AUDIT COMMITTEE EVALUATION FEEDBACK**

National Treasury 360 Degree Evaluation tool was used to evaluate the work and performance of the AC. The final evaluation yielded an average score of 4.34 (from rating of 1 – 5) when combining the average scores of all the AC Stakeholders. This represented a slight regression from the previous evaluation period which yielded an average score of 4.72. The AC stakeholders who participated in the performance evaluation of the AC included Provincial Internal Audit, External AC Members and Management (Accounting Officers, Chief Risk Officers, Chief Financial Officers, Head of Internal Controls and GITO). Auditor General South Africa as an AC stakeholder could not participate in the performance review of the AC, mentioning that they do their own evaluation in the management report of each Department to protect and maintain their independence.

In comparison to the average scores of the three (3) stakeholders (AC; SIAS; and Management), it must be noted that Management recorded highest average score of 4.55. The lowest score was recorded by Shared Internal Audit Services at an average score of 3.95. The following were critical issues that Departments felt were not robustly engaged to their satisfaction by the AC members as follows:

- 1.5.1. Understanding of Departmental Environment
- 1.5.2. Oversight of Internal Audit and External Audit matters by AC Members
- 1.5.3. Concerns around reviews of both the findings and recommendations by internal and external auditors to ensure that recommendations are implemented
- 1.5.4. Concerns around reviewing the appropriateness of the external audit fee
- 1.5.5. Concerns around review of a whistleblower hotline and reviewing the log of incoming calls
- 1.5.6. Understanding of Business & Risks of the Departments

It must be noted that these issues are repeating from the previous evaluation report thus AC must take these issues seriously and address them promptly.

#### **1.6. AUDIT COMMITTEE MEMBERSHIP**

Current AC Membership was appointed with effect from 01 January 2023 and will expire on 31 December 2025. A total of 17 AC members were appointed during 2022 AC membership recruitment process. There is no resignation or premature termination of any AC Member's contract during the current period. Total number of female AC members are seven (7) while a total number of male AC members are ten (10) represented as: 58.8% males and 41.2% females. This is a decline in the appointment of female candidates as during the previous AC composition the number stood at eight (8) and it has currently decreased to seven (7). There is a strong need to improve female recruitment into the Limpopo AC membership as 41% is very low.

## 12. AUDIT COMMITTEE REPORT

**LIMPOPO**  
PROVINCIAL GOVERNMENT  
REPUBLIC OF SOUTH AFRICA

### PROVINCIAL TREASURY

#### REPORT OF THE AUDIT COMMITTEE ON LIMPOPO DEPARTMENT OF EDUCATION

We are pleased to present our report for the financial year ended 31 March 2024.

##### Audit Committee Structure

Limpopo Provincial Government has an Audit Committee which is two tiered, consisting of four Cluster Audit Committees, dealing with specific departments, and a shared Central Audit Committee.

##### Audit Committee Responsibility

The Audit Committee reports that it has complied with its responsibilities arising from Section 38 (1) (a) (ii) of the Public Finance Management Act and Treasury Regulation

3.1.13. The Audit Committee also reports that it has adopted appropriate formal terms of reference as its Audit Committee Charter, has regulated its affairs in compliance with this charter and has discharged all its responsibilities as contained therein and the related code of conduct, policies and practices.

##### Stakeholder Engagement/s

The Audit Committee has been able to engage with the following stakeholders:

- Limpopo Provincial Treasury Senior Management
- Limpopo Provincial Internal Auditors (Shared Internal Audit Services)
- Limpopo Provincial Auditor General (AG(SA))

##### Audit Committee Skills Development

A strategic and induction session was held during the last quarter of the financial year to assist the audit committee members better understand their challenging roles and the direction of the province in general.

##### The Effectiveness of Internal Control

The Audit Committee reviewed the results of the formal documented design, implementation and

effectiveness of the Department of Education's system of internal controls conducted by the internal audit during the financial year ended 31 March 2024, and in addition, considered information and explanations given by management. Control deficiencies continue to plague the control environment at the Department of Education. There has been slow response in addressing control deficiencies identified by internal audit; a high number of findings raised by internal audit and AG(SA) remain unaddressed, exposing the Department of Education to continued material weaknesses in the internal control environment, especially in areas of leadership, financial and performance management and governance.

Post their review of the Internal Control environment, AG(SA) identified that there was slow progress in addressing prior year internal control deficiencies to prevent misstatement, resulting in material misstatement in the financial statements and performance report. Further, AG(SA) reported that management did not review and monitor compliance with applicable legislation.

### **Risk Management**

The Audit Committee reviewed the Department of Education's policies on risk management and strategy (including IT Governance) and monitored the implementation of risk management policy and strategy. Risk management processes at the Department of Education require improvement; the Risk Management Strategy of the Department of Education is not fully implemented and needs to be reviewed and the Enterprise Risk Management and Internal Control Unit also need to be sufficiently capacitated.

The Audit Committee will continue to monitor that the Department of Education: 1). continuously improves its risk management maturity level, 2). that there is funding for risk management activities, 3). that investigations are conducted timely and appropriately to address any identified risks (including fraud risks) and 3). that the Department of Education implements a risk management process that is integrated with other functions, specifically, strategy, performance, compliance and governance.

### **In-Year Management and Quarterly Report**

Based on the quarterly review of in-year monitoring systems and reports, the Audit Committee is generally satisfied with the quality, accuracy, usefulness, reliability, appropriateness, and adequacy of the Department of Education's in-year reporting systems, however, there is room for improvement.

### **Internal Audit**

The Audit Committee:

- Reviewed and approved the Annual Internal Audit plans and evaluated the independence, effectiveness and performance of the Internal Audit function;
- Considered the reports of the Internal Auditors on the department's systems of internal control; and
- Reviewed issues raised by Internal Audit and the adequacy of corrective action taken by management in response thereto.

The Audit Committee is satisfied with the reviews conducted by Internal Audit over the reporting period and the coverage plan in place to review the control environment to support an unbiased review of the Department of Education's internal systems, processes, and procedures.

## **Combined Assurance**

The Audit Committee reviewed the plans and reports of the external and internal auditors and other assurance providers including management and concluded that the Internal Audit, together with the Provincial Treasury, should finalise on the implementation of the Combined Assurance framework. The implementation of the Combined Assurance framework will commence in the 2024/2025 financial year.

## **Compliance with the relevant laws and regulations**

The Audit Committee considered reports provided by management, internal assurance providers and the external auditors regarding compliance with legal and regulatory requirements. Non-compliance with legislation was identified by internal audit during the financial year; the Department of Education did not fully comply with enabling laws and regulations as well as its departmental policies and standard operating procedures.

Post their review of Compliance with legislation, AG(SA) identified material findings on compliance with selected legislative requirements on expenditure management, procurement and contract management and strategic planning and performance management.

## **Evaluation of Annual Financial Statements**

Following the review before the audit by the Audit Committee of the draft Annual Financial Statements for the year ended 31 March 2024, the Audit Committee was of the view that, the draft Annual Financial Statements could be submitted to the AG(SA) for audit subject to effecting all inputs from the Audit Committee, Internal Audit and Provincial Treasury before submission.

Post their audit of the Annual Financial Statements, AG(SA) qualified the Annual Financial Statements on the basis that the Department of Education did not recognise immovable tangible capital assets in accordance Chapter 11 of Modified Cash Standard, Capital Assets. AG(SA) identified that completed and in use assets were incorrectly classified as work-in-progress.

## **Evaluation of Annual Performance Report**

Following the review before the audit by the Audit Committee of the draft Annual Performance Report for the year ended 31 March 2024, the Audit Committee was of the view that, the draft Annual Performance Report could be submitted to the AG (SA) for review subject to effecting all inputs from Audit Committee and Internal Audit.

Post their review of the Annual Performance Report, AG (SA) identified material findings on the reported performance information for selected programmes. AG(SA) found that based on their audit evidence, targets reported were not achieved for indicators audited in Programme 2: Public Ordinary School Education; Programme 5: Early Childhood Development and Programme 6: Infrastructure Development.

## **Consideration of the Final Audit Report**

Overall audit results per outcome area are depicted as follows, over the years:

--	-------------	--	------------	--	-----------

The Audit Committee considered the Audit Report issued by AG(SA).

The Department of Education has remained stagnant at a qualified Audit Opinion with findings. The challenges the Department of Education has with immovable assets have again resulted in the qualification of the Annual Financial Statements. The finding was a repeat finding relating to incorrect classification of completed and in use assets as work-in-progress. The material misstatement could have been prevented if the prior years' internal control deficiencies was adequately addressed.

As an action plan discussed with management and with internal audit, there will be directed effort and oversight over the next financial year to strengthen internal controls; management will review asset registers and correct identified misclassifications to ensure that assets registers comply with Modified Cash Standards, Capital Assets, to ensure that the finding is not repeated.

The Audit Committee was disappointed with the stagnant audit outcome and believes that with commitment and willingness to address control deficiencies, the Department may be able to improve audit outcomes and service delivery. We acknowledge improvements achieved and the continued resolve from the MEC, Accounting Officer, management and all oversight bodies to achieve clean provincial administration, accountability and good governance.

The Audit Committee will continue to support the efforts of the Department of Education through its role as an oversight body and will ensure that its activities support the Department of Education to achieve excellence in the provision of innovative quality basic education in Limpopo.

### HUMAN RESOURCE MANAGEMENT

---

#### 1. INTRODUCTION

The department is, due to the nature of its service, labour intensive. It requires a full complement of staff to render effective service across all levels, that is schools, circuits, districts, and provincial office.

#### 2. OVERVIEW OF HUMAN RESOURCES

**The status of human resources in the department.**

**Human resource priorities for the year under review and the impact of these.**

The department has an immensely dedicated Human Resource who discharge their responsibilities diligently within an environment that is constrained by many challenges. These challenges include amongst others austerity measures which has bearing on the high vacancy rate. The department is finding ground on the School Management Teams (SMTs), Therapists and professionals posts in special schools as a number of posts were advertised and filled. In the administration (PSA) component, there is still chronic under – staffing phenomenon due to attrition.

The high attrition in the department is caused by the high age profile of its employees, the staff is aging and therefore retire and exit the system in high numbers per annum. The compounding factor is the yearly budget cuts which led to austerity measures which are inhibiting recruitment to replace staff.

There was a reprieve in the 2023/24 financial year, Treasury and office of the Premier approved that the Department fill 2 550 posts for SMT posts and some for administration. The filling of these posts will great have an impact on reducing the vacancy rate.

The imminent risk of not replacing staff given the high attrition rate is the erosion of organisational memory and staff depletion over time.

**Workforce planning and key strategies to attract and recruit a skilled and capable workforce.**

To improve curriculum delivery, we recommend that the vacancy rate of the posts in the core programs should be incrementally reduced (and kept at a minimum of 5%) during this MTEF period. The reduction should be implemented on an annual basis and linked to the budget cycle.

It is critical to investigate the attraction and retention of Health Professionals in special schools which may include headhunting and other related strategies.

**Employee performance management.**

During the 2023/24 financial year which is also understood as a performance cycle, the Department has registered remarkable progress in the implementation of the Performance Management System for all salary levels including Senior Management members by having the highest ever percentage of signing and filing performance agreements and performance assessments.

For all Public Service Act employees at salary levels 1-12, in the 2023/24 performance cycle, 3,970 were supposed to sign performance agreements and we achieved a whopping 98% work plans / performance agreements which was 3 903. In analysing the causes of non – compliance by the 68 employees, it was found that some were unable to sign due to illness of either the supervisor or supervisee and lack of technical knowledge and understanding of the templates used which made us to devise a strategy to go all out and help the struggling employees.

Another aspect of the system is finalising mid – term assessments which technically will be for the 3970 who signed contracts. 3746 out of 3970 mid-term assessments were received and captured which leaves us with a balance of 224 mid-term assessments outstanding. The finding here was that the variance was caused by returning the submissions to originators mainly because of misalignment of mid-term assessments and performance contracts.

For Senior Management members, we have received 49 out of 54 Senior Management Members were assessed and paid for the 2022/23 performance cycle since it is done a year after the cycle. In terms of signing performance agreements for the 2023/24 financial year, all 55 Senior Management members signed their performance agreements which is also regarded outstanding performance given the size and complexity of the department.

#### **Employee wellness programmes.**

Employee Health and Wellness Directorate in the department has been mandated with the promotion and maintenance of Physical, Mental, Spiritual, and social wellbeing of employees, thus ensuring a safe and healthy working environment.

The unit comprises of four (4) Pillars:

- Wellness Management (Employee Assistance Programme) which focuses on psychosocial, financial, spiritual, and physical wellness.
- HIV, STI and TB Management in the workplace which focuses on support, increasing knowledge, attitude and behaviours that promote HIV prevention.
- Safety, Health, Environment, Risk and Quality Management which focuses on Occupational Health and Safety management, Environmental management, risk, and quality assurance.
- Health and Productivity Management which focuses on Injury on duty /Incapacity leave due to ill- health, mental health, Disease Management, and chronic illnesses.

#### **Highlight achievements and challenges faced by the department, as well as future human resource plans /goals.**

- High vacancy rate – vacancies cannot be filled due to financial constraints
- Staff turnover

#### 3.4. Job Evaluation

Within a nationally determined framework, executing authorities may evaluate or re-evaluate any job in his or her organisation. In terms of the Regulations all vacancies on salary levels 9 and higher must be evaluated before they are filled. The following table summarises the number of jobs that were evaluated during the year under review. The table also provides statistics on the number of posts that were upgraded or downgraded.

**Table 3.4.1 Job Evaluation by Salary band for the period 1 April 2023 and 31 March 2024**

The department currently doesn't have JE panel because most trained JE have exited the department. NSG currently doesn't offer any training on JE because DPSA is in the process acquiring a system for JE. The department will engage OTP for assistance in sourcing trained JE panellists in the province to assist the with JE for the 2024 approved structure. The reviewed structure has been approved by the EA on the 25 March 2024.

#### 4. REPORT OF THE AUDITOR GENERAL

##### Report of the auditor-general to Limpopo Provincial Legislature on vote no. 3: Department of Education

##### Report on the audit of the financial statements

###### Qualified opinion

1. I have audited the financial statements of the Department of Education set out on page 206 to 328, which comprise the appropriation statement, statement of financial position as at 31 March 2024, statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended, as well as notes to the financial statements, including a summary of significant accounting policies.
2. In my opinion, except for the effects of the matter described in the basis for qualified opinion section of this auditor's report, the financial statements present fairly, in all material respects, the financial position of the department as at 31 March 2024 and cash flows for the year then ended in accordance with the Modified Cash Standards (MCS) and the requirements of the Public Finance Management Act 1 of 1999 (PFMA) and the Division of Revenue Act 5 of 2023 (DoRA).

###### Basis for qualified opinion

###### Immovable tangible capital assets

3. The department did not recognise immovable tangible capital assets in accordance with chapter 11 of Modified Cash Standard, Capital assets. I identified completed and in use assets that are incorrectly classified as work in progress. Consequently, immovable tangible capital assets disclosed in note 40 to the financial statements was understated by R1 766 426 464 and work-in-progress overstated by the same amount in note 40.2 to the financial statements.

###### Context for opinion

4. I conducted my audit in accordance with the International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the responsibilities of the auditor-general for the audit of the financial statements section of my report.
5. I am independent of the department in accordance with the International Ethics Standards Board for Accountants' International code of ethics for professional accountants (including International Independence Standards) (IESBA code) as well as other ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA code.
6. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

###### Other matter

7. I draw attention to the matter below. My opinion is not modified in respect of this matter.

###### Unaudited supplementary schedules

8. The supplementary information set out on pages 328 to 341 does not form part of the financial statements and is presented as additional information. I have not audited these schedules and, accordingly, I do not express an opinion on them.

###### Responsibilities of the accounting officer for the financial statements

9. The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance with the MCS and the requirements of the PFMA and the DoRA; and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.
10. In preparing the financial statements, the accounting officer is responsible for assessing the department's ability to continue as a going concern; disclosing, as applicable, matters relating to going concern; and using the going concern basis of accounting unless the appropriate governance structure either intends to liquidate the department or to cease operations, or has no realistic alternative but to do so.

### Responsibilities of the auditor-general for the audit of the financial statements

11. My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
12. A further description of my responsibilities for the audit of the financial statements is included in the annexure to this auditor's report. This description, which is located at page 10, forms part of our auditor's report.

### Report on the audit of the annual performance report

13. In accordance with the Public Audit Act 25 of 2004 (PAA) and the general notice issued in terms thereof, I must audit and report on the usefulness and reliability of the reported performance against predetermined objectives for the selected programmes presented in the annual performance report. The accounting officer is responsible for the preparation of the annual performance report.
14. I selected the following programmes presented in the annual performance report for the year ended 31 March 2024 for auditing. I selected programmes that measures the department's performance on its primary mandated functions and that are of significant national, community or public interest.

Programme	Page numbers	Purpose
Public Ordinary School Education	[41-48]	To provide public ordinary education from Grades R to 12, in accordance with all relevant policy framework
Early Childhood Development	[52-54]	To provide Early Childhood Education at the Grade R and pre-grade R in accordance with White Paper 5. (E-learning is also included)
Infrastructure Development	[55-59]	To provide and maintain infrastructure facilities for schools and non-schools

15. I evaluated the reported performance information for the selected programmes against the criteria developed from the performance management and reporting framework, as defined in the general notice. When an annual performance report is prepared using these criteria, it provides useful and reliable information and insights to users on the department's planning and delivery on its mandate and objectives.
16. I performed procedures to test whether:
  - the indicators used for planning and reporting on performance can be linked directly to the department's mandate and the achievement of its planned objectives.
  - all the indicators relevant for measuring the department's performance against its primary mandated and prioritised functions and planned objectives are included.
  - the indicators are well defined to ensure that they are easy to understand and can be applied consistently, as well as verifiable so that I can confirm the methods and processes to be used for measuring achievements.
  - the targets can be linked directly to the achievement of the indicators and are specific, time bound and measurable to ensure that it is easy to understand what should be delivered and by when, the required level of performance as well as how performance will be evaluated.
  - the indicators and targets reported on in the annual performance report are the same as those committed to in the approved initial or revised planning documents.

- the reported performance information is presented in the annual performance report in the prescribed manner and is comparable and understandable.
  - there is adequate supporting evidence for the achievements reported and for the reasons provided for any over- or underachievement of targets.
17. I performed the procedures for the purpose of reporting material findings only; and not to express an assurance opinion or conclusion.

18. The material findings on the reported performance information for the selected programmes are as follows:

#### Public Ordinary School Education

##### POI 207: Percentage of learners with access to required EFAL textbooks in Grades 6 & 9

19. An achievement of 73.5% was reported against a target of 60%. However, the audit evidence did not support this achievement. I could not determine the actual achievement, but I estimated it to be materially more than reported. Consequently, it is likely that the achievement against the target was better than reported.

#### Various indicators

20. Based on audit evidence, the actual achievements for below listed indicators did not agree to what was reported. I could not determine the actual achievements, but I estimated them to be materially less. Consequently, the targets were not achieved.

Indicator	Target	Reported achievement
SOI 203: Number of Funza Lushaka bursary holders placed in schools within six months upon completion of studies or upon confirmation that the bursar has completed studies	368	326
SOI 205: Number of foundation phase teachers trained in reading methodology	500	500
POI 201: Number of teachers with training on inclusion	600	600
POI 203: Number of primary schools monitored on the implementation of the National Reading Plan	300	304

#### Early Childhood Development

##### POI 502: Number of Grade R practitioners/educators trained on CAPS

21. An achievement of 632 was reported against a target of 600. However, the audit evidence did not support this achievement. I could not determine the actual achievement, but I estimated it to be materially less than reported. Consequently, it is likely that the target was not achieved.

#### Infrastructure Development

##### SOI 601: Number of public ordinary schools provided with water infrastructure

22. An achievement of 136 was reported against a target of 30. However, the audit evidence did not support this achievement. I could not determine the actual achievement, but I estimated it to be materially less than reported. Consequently, it is likely that the achievement of the target was still achieved.

#### Other matters

23. I draw attention to the matters below.

#### Achievement of planned targets

24. The annual performance report includes information on reported achievements against planned targets and provides explanations for the over or underachievement. This information should be considered in the context of the material findings on the reported performance information.

25. The table that follows provides information on the achievement of planned targets and lists the key service delivery indicators that were not achieved as reported in the annual performance report. The reasons for any underachievement of targets are included in the annual performance report on pages 41 to 59 .

Key service delivery indicator not achieved	Planned target	Reported achievement
<b>Public Ordinary School Education</b> <i>Targets achieved: 86.67%</i> <i>Budget spent: 99.41%</i>		
SOI 202: Number of learners in no fee public ordinary schools in line with the National Norms and Standards for School Funding	1 650 700	1 636 828
SOI 203: Number of Funza Lushaka bursary holders placed in schools within six months upon completion of studies or upon confirmation that the bursar has completed studies	368	326
<b>Early Childhood Development</b> <i>Targets achieved: 75%</i> <i>Budget spent: 94.74%</i>		
SOI 501: Number of public schools that offer Grade R	2 305	2 304
<b>Infrastructure Development</b> <i>Targets achieved: 57%</i> <i>Budget spent: 98.56%</i>		
SOI 602: Number of Public ordinary schools provided with electricity infrastructure.	2	0
SOI 604: Number of public ordinary schools provided with new or additional boarding facilities	1	0
SOI 605: Number of public ordinary schools where scheduled maintenance projects were completed	15	13

#### Material misstatements

26. I identified material misstatements in the annual performance report submitted for auditing. These material misstatements were in the reported performance information for public ordinary school education, early childhood development and infrastructure development. Management did not correct the misstatements and I reported material findings in this regard.

#### Report on compliance with legislation

27. In accordance with the PAA and the general notice issued in terms thereof, I must audit and report on compliance with applicable legislation relating to financial matters, financial management and other related matters. The accounting officer is responsible for the department's compliance with legislation.
28. I performed procedures to test compliance with selected requirements in key legislation in accordance with the findings engagement methodology of the Auditor-General of South Africa (AGSA). This engagement is not an assurance engagement. Accordingly, I do not express an assurance opinion or conclusion.
29. Through an established AGSA process, I selected requirements in key legislation for compliance testing that are relevant to the financial and performance management of the [type of auditee], clear to allow consistent measurement and evaluation, while also sufficiently detailed and readily available to report in an understandable manner. The selected legislative requirements are included in the annexure to this auditor's report.
30. The material findings on compliance with the selected legislative requirements, presented per compliance theme, are as follows:

#### Expenditure management

31. Effective and appropriate steps were not taken to prevent irregular expenditure, as disclosed in note 31 to the annual financial statements, as required by section 38(1)(c)(ii) of the PFMA and treasury regulation 9.1.1. The majority of the irregular expenditure was caused by not following the supply chain management regulations.

#### Procurement and contract management

32. Some of the contracts were awarded to bidders that did not score the highest points in the evaluation process, as required by section 2(1)(f) of Preferential Procurement Policy Framework and preferential procurement regulation 2022.

#### Strategic planning and performance management

33. Specific information systems were not implemented to enable the monitoring of progress made towards achieving targets, core objectives and service delivery as required by public service regulation 25(1)(e)(i) and (iii).

#### Other information in the annual report

34. The accounting officer is responsible for the other information included in the annual report. The other information referred to does not include the financial statements, the auditor's report and those selected programmes presented in the annual performance report that have been specifically reported on in this auditor's report.
35. My opinion on the financial statements, the report on the audit of the annual performance report and the report on compliance with legislation do not cover the other information included in the annual report and I do not express an audit opinion or any form of assurance conclusion on it.
36. My responsibility is to read this other information and, in doing so, consider whether it is materially inconsistent with the financial statements and the selected programmes presented in the annual performance report or my knowledge obtained in the audit, or otherwise appears to be materially misstated.
37. I did not receive the other information prior to the date of this auditor's report. When I do receive and read this information, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance and request that the other information be corrected. If the other information is not corrected, I may have to retract this auditor's report and re-issue an amended report as appropriate. However, if it is corrected this will not be necessary.

#### Internal control deficiencies

38. I considered internal control relevant to my audit of the financial statements, annual performance report and compliance with applicable legislation; however, my objective was not to express any form of assurance on it.
39. The matters reported below are limited to the significant internal control deficiencies that resulted in the basis for the qualified opinion, the material findings on the annual performance report and on compliance with legislation included in this report.

40. Slow response by management in addressing prior year's internal control deficiencies to prevent misstatements, resulting in material misstatement in the financial statements and performance report.
41. Management did not review and monitor compliance with applicable legislation.

#### Material irregularities

42. In accordance with the PAA and the Material Irregularity Regulations, I have a responsibility to report on material irregularities identified during the audit and on the status of material irregularities as previously reported in the auditor's report.

#### Status of previously reported material irregularity

##### Failure to withhold income tax on leave gratuity paid to employees

43. The department failed to calculate and withhold employees' tax relating to leave gratuities paid to employees upon retirement for the period August 2009 to August 2015 tax periods. The department used incorrect allowance code for leave gratuity payments not been taxed. Although the department appealed the assessment and partial disallowance by SARS, it ultimately resulted in the department paying an amount of R21 819 882 for penalties and interest to SARS. This resulted in non-compliance with section 2(1) of the Fourth Schedule of the Income Tax Act 58 of 1962, and a material financial loss of R21 819 882 was incurred by the department.
44. The AO was notified of the material irregularity (MI) on 15 July 2022 and invited to make a written submission on the actions taken and that will be taken to address the MI. The AO responded on 11 August 2022 and 19 February 2024 and the following actions have been taken to address the MI:
  - In order to prevent these payments from re-occurring, the incorrect allowance codes were deactivated from the payroll system and the payments for leave gratuity are now being taxed by the system as remuneration and accumulated against SARS code 3605 as per SARS guidelines.
  - Management has done an assessment and confirmed that the officials who received the untaxed gratuities are no longer in their employment.
  - The AO requested a written submission on 24 January 2023 from the officials who processed the transactions during the 2015 tax year and reasons why they used an incorrect code. In response, the employees indicated that during the 2015 tax year, an active code was used to institute leave gratuity payments in line with the tax directives sourced from SARS. The active code used was the only one that could generate a tax certificate (IRP5) automatically, therefore the code was used to make the payments. The AO conducted an assessment and based on the responses, determined that the officials cannot be held liable for the loss as their actions were informed by a tax directive from SARS.
  - On 7 September 2021 the AO wrote a complaint letter to SARS requesting for individual tax returns for officials who were paid leave gratuities without withholding the tax for the 2014, 2015 and 2016 years of assessments, as the department believed that a possibility exists that the debt the department paid to SARS, may have already been recovered by SARS through the submission of the tax returns submitted by these former officials of the department. This after a former official approached the department with a debt to SARS which some of it relates to the leave gratuity they received from the department. Several follow-ups were made to SARS to respond or provide further information or guidance on the matter. SARS responded on 11 November 2021 and indicated that in terms of section 69 of the Tax Administration Act 28 of 2011, a person who is a current or former SARS official must preserve the secrecy of taxpayer's information and may not disclose a taxpayer's information to a person who is not a SARS official. The department escalated this matter to the SARS commissioner on 9 March 2023 and the commissioner's office response dated 2 May 2023, was the same as the response above. This did not assist the department in making progress to resolve the MI. The department filed a complaint with the office of the Tax Ombud on 12 March 2024 to intervene in the matter. However, the office of the Tax Ombud responded on 18 March 2024 indicating that it does have a mandate to review any decision taken by SARS.
  - The department on 20 May 2024 submitted a report to the Financial Misconduct Board (FMB). The report contained background information on the MI and the actions taken by the department with a recommendation, from the AO, that the board review and approve the report for the purposes of writing off the fruitless and wasteful expenditure incurred. The FMB held its meeting on 24 May 2024 and

requested the department to update the initial report with additional information. A date for the next meeting has not yet been scheduled.

- I will follow-up on the outcome of the meeting during my next audit.

*Auditor-General*

Polokwane  
31 July 2024

**AUDITOR - GENERAL  
SOUTH AFRICA**

*Auditing to build public confidence*

## **Annexure to the auditor's report**

The annexure includes the following:

- The auditor-general's responsibility for the audit
- The selected legislative requirements for compliance testing

### **Auditor-general's responsibility for the audit**

#### **Professional judgement and professional scepticism**

As part of an audit in accordance with the ISAs, I exercise professional judgement and maintain professional scepticism throughout my audit of the financial statements and the procedures performed on reported performance information for selected programmes and on the department's compliance with selected requirements in key legislation.

#### **Financial statements**

In addition to my responsibility for the audit of the financial statements as described in this auditor's report, I also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error; design and perform audit procedures responsive to those risks; and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the department's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made
- conclude on the appropriateness of the use of the going concern basis of accounting in the preparation of the financial statements. I also conclude, based on the audit evidence obtained, whether a material uncertainty exists relating to events or conditions that may cast significant doubt on the ability of the department to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements about the material uncertainty or, if such disclosures are inadequate, to modify my opinion on the financial statements. My conclusions are based on the information available to me at the date of this auditor's report. However, future events or conditions may cause a department to cease operating as a going concern
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

### **Communication with those charged with governance**

I communicate with the accounting officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide the accounting officer with a statement that I have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and, where applicable, actions taken to eliminate threats or safeguards applied.

The Department has spent R38.637 billion or 98.7% of the R39.137 billion total Adjusted appropriation as at 31 March 2024. This has resulted to an under expenditure of R498.915 million or 1.3% when compared with the norm of 100.0%. And when comparing the 98.7% performance of 2023/24 with the 2022/23 performance of 98.6%, there is an improvement of 0.1%.

**ADMINISTRATION**

2,138,922	2,028,536	110,386	5%
-----------	-----------	---------	----

**Explanation of Variance**

**Programme 1: Underspent by 5.2%**

**Compensation of Employees:**

- Underspent by 4.0% due to the delay in approval of the Recruitment plan by Provincial Treasury, while attrition posts are increasing.

**Goods and Services:**

- Underspent by 4.8% due to:
  - Computer Services:
    - SITA (Internet) invoices for March 2024 not yet submitted for payment, as they are typically submitted a month after the service is rendered.
    - SITA (LAN, Desktop & Antivirus) invoices were submitted on 26 March 2024, late for payment within the financial year.
  - Operating Payments:
    - Some service providers submitted photocopy charges invoices late for payment in March 2024.
    - Amount budgeted for resettlement cost not utilized due to non-filling of vacancies, resulting from the delay in approval of the Recruitment plan.
  - Communication Services:
    - Some Vodacom February and March 2024 disputed invoices not paid due to incorrect billing.
  - Consumable Supplies and Stationery:

- Purchase orders for protective clothing and stationery were issued in March 2024, delivery not yet made.
- Property Payments:
  - Amount budgeted for cleaning services could not be utilized as procurement processes could not be finalized.
  - Savings realized on municipal services due to termination of 33 Biccard building lease agreement, poor water supply from the municipality, and load-shedding.
- Operating Leases:
  - The budget was not fully utilized due to termination of two lease agreements for 33 Biccard and Lobethal Circuit.
  - Late submission of invoices by the service providers.

**Transfers and Subsidies:**

- Underspent by 4.2% due to:
  - Procured Special Schools buses delivered in March 2024 not yet licensed.
  - Payment on Claims Against the State is dependent on the submission of claims finalized by the courts.

**Payments for Capital Assets:**

- Underspent by 38.4% due to:
  - Purchase order to procure motor vehicles issued on 19 March 2024, delivery not yet made.
  - Procurement processes for laptops, Audiovisual equipment, and domestic equipment could not be concluded.
  - Procured fans not yet delivered.

### Notes to the Appropriation Statement

#### PUBLIC ORDINARY SCHOOL EDUCATION

32,200,678	32,005,630	195,048	1%
------------	------------	---------	----

#### Programme 2: Underspent by 0.6%

##### Compensation of Employees:

- Underspent by 0.5% due to non-filling of attrition posts.

##### Goods and Services:

- Underspent by 2.3% due to:
  - Feeding: March 2024 feeding invoices not fully paid due to late submission by service providers. Decrease in feeding days in March 2024 due to amended school calendar (from 17 to 14 days). One service provider's invoice not paid due to CSD (Central Supplier Database) challenges - banking details not available.
  - MST (Maths, Science and Technology):
    - Procurement of AutoCAD software through quotations could not be concluded as the tender process was unsuccessful.
    - Advertised training & development bid was cancelled as service providers did not meet requirements. Procurement through quotations did not materialize due to limited time.
    - Two textbook invoices submitted late for payment in March 2024.
  - LTSM (Learner and Teacher Support Materials):
    - Delivery of textbooks from warehouse to schools not yet concluded.
  - Contractors:
    - Delivery of textbooks from warehouse to schools not yet concluded.
    - Underspending on PILIR (Procedure on Incapacity Leave and Ill-health Retirement) medical services due to additional charges not predetermined and not charged in current year.
  - QIDSUP (Quality Improvement, Development, Support and Upliftment Programme):
    - Purchase orders for procured readers issued in March 2024, delivery not yet made.
  - Scholar Transport:
    - Late submission of invoices by service providers.
  - Property Payments:
    - Budget available to bail out schools unable to pay electricity, but no requests received.
    - Security services underspent due to non-payment of 2024 price adjustments as PSIRA (Private Security Industry Regulatory Authority) has not issued new pricing schedules.

##### Transfers and Subsidies:

- Underspent by 0.1% due to:
  - Non-compliance by one school in Waterberg District, resulting in underspending on transfer to Public Ordinary Schools.
  - NSNP (National School Nutrition Programme) - Funds transferred to all benefiting schools, savings due to school mergers.
  - Funds transferred to Department of Labour for Voluntary Food Handlers' UIF, not fully utilized due to reduced number of Food Handlers.

##### Payments for Capital Assets:

- Underspent by 21.8% as procurement processes for Mogalakwena laptops could not be concluded, and other districts' laptops costed less than anticipated.

INDEPENDENT SCHOOL SUBSIDIES

147,282	142,048	5,234	4%
---------	---------	-------	----

Explanation of  
variance

Underspending of 3,6% on the transfer of funds to Independent Schools due to non-compliance by some of the schools which resulted to withholding of the subsidy.

## LIMPOPO: EDUCATION

### Notes to the Appropriation Statement

#### PUBLIC SPECIAL SCHOOL EDUCATION

723,219	709,865	13,354	2%
---------	---------	--------	----

#### Explanation of Variance

##### Programme 4: Underspent by 1.8%

- Compensation of Employees underspent by 1.8% due to non-filling of attrition posts.
- Goods and Services underspent by 10.7% due to:
  - Procurement processes for Basic Computer training and First Aid training for Caregivers in Special Care Centers not concluded. This was due to a non-compliant computer training quotation from suppliers that did not meet the specifications, and a First Aid training requisition that was returned by Supply Chain Management (SCM) for revision.
  - Caregivers ECD (Early Childhood Development) training scheduled for 11-15 March 2024 could not take place as the procurement processes for Caregivers transport were not yet concluded.
- Funds have been committed for the Open Games event scheduled for 2-6 April 2024.
- Some activities during the financial year were integrated, resulting in the Public Ordinary Schools budget being utilized and savings realized under the Public Special Schools budget.
- Payments for Capital Assets underspent by 4.9% due to a purchase order for three laptops issued in March 2024, with the items costing less than anticipated, resulting in savings under Machinery and Equipment.

#### EARLY CHILDHOOD DEVELOPMENT

670,329	634,843	35,486	5%
---------	---------	--------	----

#### Explanation of Variance

##### Programme 5

##### 1. Compensation of Employees

Underspent by 19% due to the non-filling of attrition posts.

##### 2. Goods and Services

Underspent by 13,6% due to:

- **Delayed Story Book Procurement:** Purchase orders for story books were issued on 28 and 29 February 2024. However, the late delivery of these books towards the final date for invoice capturing, combined with delays in confirming whether the goods met specifications, postponed the payment process.

- **Venue Costs:** Most Early Childhood Development (ECD) activities were held at Mastec, Tivumbeni, and Makhado EMPC, where the Department did not incur venue charges. Payments were only required for accommodation, meals, and catering.

- **Service Costs Savings:** Service providers appointed for the maintenance of ECD centers were not VAT registered, leading to savings since VAT was not charged.

- **Quarterly Meeting Costs:** The planned quarterly meeting on 15 March 2024 was held in the MEC's boardroom instead of a commercial venue, resulting in cost savings.

### 3. Transfers and Subsidies

Underspent by 0,2% due to:

- **Bank Rejections:** Three ECD Centres in Mogalakwena did not receive payments due to bank rejections. The centres are currently being assisted, and roll-over funds will be applied.

- **Conditional Grants:** Three ECD Centres (one in Vhembe East and two in Sekhukhune South) were not paid due to fund mismanagement. Ongoing investigations and capacity-building efforts are being conducted to address the issue.

### 4. Payments for Capital Assets

Underspent by 46,4% as procurement processes could not be concluded before the end of the financial year.

## LIMPOPO: EDUCATION

### Notes to the Appropriation Statement

#### INFRASTRUCTURE DEVELOPMENT

1,474,858	1,453,584	21,274	1%
-----------	-----------	--------	----

#### Explanation of Variance

##### 1. Compensation of Employees

Underspent by 18.6% due to the following unfilled vacant posts:

- The Chief Town Planner and three Works Inspectors were only appointed in March 2024, although their salaries were budgeted from April 2023.
- Interviews for the Electrical Engineer and Chief Electrical Engineer positions had not been concluded at year-end.

##### 2. Goods and Services

Underspent by 5,1% due to:

- **Scope Change and Delays:** Changes in the scope of Head Office maintenance and delayed delivery of the concrete palisade fence.
- **Travel Moratorium:** A moratorium limiting travel resulted in most meetings being held virtually.
- **Contractor appointment delays:** The appointment of maintenance and repair contractors was delayed until February 2024, preventing the completion of work within the financial year.
- **Mobile Classroom Transportation:** Procurement for the transportation of mobile classrooms is dependent on school requests. A request was received just two weeks before the financial year-end, which was too late for procurement to be processed.
- **School Furniture:** The budget for school furniture under the conditional grant was specifically allocated for new schools and mobile classrooms. Since no new schools or mobile classrooms required furniture, the budget was underspent.

##### 3. Transfers and Subsidies

Underspent by 26%, due to:

- **Second Budget Adjustment:** Funds allocated during the Second Budget Adjustment could not be transferred to the districts before the end of the financial year, as the districts did not exhaust the funds they had already received.
- **Mobile Toilets:** Fourth-quarter transfers to schools for the rental and hiring of mobile toilets in Vhembe East and Vhembe West were not concluded.

#### EXAMINATION AND EDUCATION RELATED SERVICES

1,781,299	1,663,166	118,133	7%
-----------	-----------	---------	----

#### Explanation of Variance

Programme 7: Underspent by 6.6% due to the following

##### 1. Compensation of Employees

Underspent by 9,4% due to delays in the approval of the Recruitment Plan by Provincial Treasury, despite an increase in attrition posts.

## 2. Goods and Services

Underspent by 8,1% , due to:

- **Outstanding Invoices:** Two invoices for marking centres remain unpaid due to discrepancies between invoiced amounts and actual numbers reported for marking.
- **Stationery:** Procured stationery not yet delivered.
- **Catering:** Costs for training Handy(wo)men Assistants in September 2023 were incorrectly charged to the Teacher Development budget instead of the Presidential Youth Employment Initiative budget.
- **Life Skills Diaries:** Some procured diaries were returned to the service provider for not meeting specifications and remain unpaid.
- **Policy Workshops:** Scheduled workshops for quarters 3 and 4 were canceled due to examinations, cost containment measures, and insufficient time before the financial year-end.
- **Agency & Support/Outsourced Services:** Payments for Sekhukhune South EPWP Equitable Share beneficiaries were not debited from the programme.
- **Property Payments:** Savings realized on municipal services due to poor water supply and load shedding.
- **Security Services:** Underspending due to the non-payment of 2024 price adjustments, as PSIRA has not yet issued new sectoral pricing schedules.

## 3. Transfers and Subsidies

Underspent by 1,2% due to:

- **Presidential Youth Employment Initiative:** Districts did not appoint the full number of allocated beneficiaries, leading to under-expenditure on non-profit institutions (school support items) and UIF.
- **Sanitary Pads:** Funds transferred to identified schools, except for Capricorn South, where transfers could not be completed before the year-end.

## 4. Payments for Capital Assets

- Underspent by 93,8% because procurement processes for the forklift had not been concluded at year-end.

#### Explanation of Variance

##### 1. \*\*Compensation of Employees

Underspent by 1.0% underspent due to delays in the approval of the Recruitment Plan by Provincial Treasury, despite an increase in attrition posts.

##### 2. \*\*Goods and Services

Underspent by 3.3% underspent due to the following:

- **Computer Services (SITA Internet):** March 2024 invoices not yet submitted; SITA typically submits invoices a month after service delivery.
- **SITA (LAN, Desktop & Antivirus):** Invoices submitted on 26 March 2024, too late for payment within the financial year.
- **Operating Payments:** Late submission of photocopy charge invoices in March 2024; resettlement costs not utilized due to recruitment delays.
- **Communication Services:** Disputed Vodacom invoices for February and March 2024 due to incorrect billing.
- **Consumable Supplies & Stationery:** Purchase orders for protective clothing and stationery issued in March 2024, delivery pending.
- **Property Payments:** Procurement delays for cleaning services, savings on municipal services due to lease terminations, poor water supply, and load shedding.

- **Operating Leases:** Savings from the termination of two lease agreements at 33 Biccard and Lobethal Circuit.

### 3. Learning and Teaching Support Material (LTSM)

- **Textbooks:** Two invoices submitted late for payment in March 2024; delivery of textbooks from the warehouse to schools is incomplete.

### 4. NSNP

- **\*\*Underspending** was due to late submission of March 2024 invoices by service providers; fewer feeding days in March 2024 due to school calendar amendments; one service provider's invoice unpaid due to system issues.

### 5. Mathematics, Science, and Technology (MST)

- **Procurement Delays:** AutoCAD software procurement through quotations was delayed after tender attempts failed; advertised training & development bid canceled due to non-compliance.

### 6. Contractors and Services

- **Textbooks:** Delivery from the warehouse to schools is still pending.

- **Medical Services (PILIR):** Underspending due to additional charges not being applied as anticipated.

### 7. Infrastructure Development

- **Scope Change and Delays:** Change of scope for Head Office maintenance and delayed delivery of the concrete palisade fence; moratorium on travel led to virtual meetings, there were delays in contractor appointments and work completion.

- **Mobile Classrooms:** Requests for transportation received late in the financial year which affected timely procurement.

- **School Furniture:** Budget underspent due to lack of need for new school furniture.

### 8. Examination and Education-Related Services

- **Outstanding Invoices:** Two marking centre invoices unpaid due to discrepancies in reported numbers; undelivered stationery; savings on municipal services and security services due to delayed price adjustments.

### 9. HIV & AIDS Life Skills

- **Non-compliance:** Some procured diaries returned due to specification issues; scheduled policy workshops canceled due to examinations, cost containment, and time constraints.

### 10. Transfers and Subsidies

- **Provinces and Municipalities:** Special Schools buses delivered in March 2024 but not yet licensed.

- **Departmental Agencies & Accounts:** Fewer Presidential Youth Employment Initiative beneficiaries appointed, leading to under expenditure on UIF.

- **Household:** Payment for leave gratuities depends on claim submissions.

- **Non-Profit Institutions:** Public Ordinary Schools' funds underutilized due to non-compliance by a school in Waterberg District; some Independent Schools' subsidies withheld due to non-compliance.

- **NSNP:** Savings realized due to fewer feeding days and reduced numbers of food handlers after school mergers.

- **Early Childhood Development (ECD) Grant:** Three ECD Centres in Mogalakwena not paid due to banking rejections; three others not paid due to fund mismanagement, with ongoing investigations.

#### 11. Payment for Capital Assets

Underspent by 2.3% due to:

- **Programme 1:** Delayed motor vehicle delivery; incomplete procurement processes for laptops, audiovisual, and domestic equipment.

- **Programme 2:** Procurement delays for Mogalakwena laptops; lower-than-expected costs for mobile kitchens and laptops.

- **Programme 4:** Balance set aside for price fluctuations for procurement of buses; pending laptop delivery.

- **Programme 5 & 6:** Procurement processes not concluded; retention outstanding on Marotola and Mamokgalake Primary School projects.

- **Programme 7:** Forklift procurement still underway at year-end; audiovisual equipment cost less than anticipated.

	<b>Explanation of Variances</b> <b>1. Infrastructure Grant (EIG)</b>  - <b>Staff Vacancies:</b> Key positions, including a Chief Town Planner and three Works Inspectors, were only filled in March 2024. Interviews for the Electrical Engineer and Chief Electrical Engineer positions have yet to be conducted, contributing to underspending.  - <b>Travel Restrictions:</b> A moratorium on travel led to most meetings being conducted virtually, further reducing expenditure.				

- **Delayed Contractor Appointments:** Contractors were appointed in February 2024, leaving insufficient time to complete the projects within the financial year, leading to unspent funds.

- **Mobile Classrooms Procurement:** The procurement for the transportation of mobile classrooms is dependent on requests from schools. A request received only two weeks before the end of the financial year was too late for procurement to be completed.

- **School Transfers:** Fourth-quarter transfers to schools for the rental and hiring of mobile toilets were not completed for the Vhembe East and Vhembe West districts, resulting in underspending.

- **Project Retentions:** Retention payments are still outstanding for the Marotola and Mamokgalake Primary School projects.

- **Laptops Procurement:** The cost of procured laptops was less than anticipated, and some officials received laptops from the Asset Unit, resulting in savings on the grant.

## 2. HIV/AIDS Life Skills

- **Non-Compliant Diaries:** Some diaries were returned to the service provider as they did not meet the specifications, leading to non-payment.

- **Unconducted Policy Workshops:** Policy workshops scheduled for the third and fourth quarters could not be held due to examinations, cost containment measures, and limited time before the end of the financial year.

- **Audiovisual Equipment:** The cost of procured audiovisual equipment was less than anticipated, leaving a balance that could not be spent before the financial year ended.

## 3. National School Nutrition Programme (NSNP)

- **Delayed Invoice Payments:** Underspending occurred due to the late submission of feeding invoices for March 2024 by service providers.

- **Reduction in Feeding Days:** A decrease in the number of feeding days from 17 to 14 in March 2024, due to an amendment in the school calendar, also contributed to the variance.

- **CSD Challenges:** An invoice for one service provider could not be paid due to banking details not being available on the Central Supplier Database (CSD).

- **Voluntary Food Handlers:** Funds were transferred to the Department of Labour for the Voluntary Food Handlers' UIF. However, the number of Food Handlers was reduced due to school mergers, leading to savings.

- **Decentralized & Special Schools:** Funds for honoraria, fuel, and decentralized Special Schools are transferred twice a year, with savings realized due to school mergers.

- **Leave Gratuity Payments:** The payment of leave gratuity is contingent on claim submissions, which were lower than anticipated.

- **Cost Savings:** Procured mobile kitchens cost less than budgeted, and laptops that were ordered have not yet been delivered.

## 4. Learners with Severe to Profound Intellectual Disabilities (LSPID)

- **Training Procurement Issues:** Procurement for basic computer and first aid training for Caregivers in Special Care Centres was not completed due to non-compliant quotations.
- **Delayed ECD Training:** ECD training for Caregivers scheduled for March 2024 was postponed due to unfinished procurement processes for transportation.
- **Laptops:** Purchase orders for three laptops were issued in March 2024, but delivery is still pending.
- **Savings Realized:** The procured items cost less than anticipated, resulting in savings.

#### 5. Mathematics, Science, and Technology (MST)

- **Delayed Claims:** There was a delay in the Eastern Cape Department of Education's claim for the Compensation of Employees paid to a Cuban Specialist.
- **Vacancies:** An advertised Admin Clerk post has not yet been filled.
- **AutoCAD Software Procurement:** The procurement of AutoCAD software through quotations could not be completed within the financial year, following an unsuccessful tender process.
- **Training and Development Bid:** A training and development bid, which closed in January 2024, was canceled due to non-compliance by service providers, leaving insufficient time for re-procurement.

#### 6. Early Childhood Development (ECD)

- **Vacant Positions:** Two vacant posts remain unfilled.
- **Lower Service Costs:** Service providers who were not VAT-registered resulted in cost savings.
- **Venue Changes:** The planned quarterly meeting held on 15 March 2024 was conducted in the MEC's boardroom instead of a commercial venue, further reducing costs.
- **Non-Payment to ECD Centres:** Three ECD Centres, one in Vhembe East and two in Sekhukhune South, were not paid due to mismanagement of funds, resulting in savings.

## LIMPOPO EDUCATION: ACCOUNTING POLICIES

### Summary of significant accounting policies

The financial statements have been prepared in accordance with the following policies, which have been applied consistently in all material aspects, unless otherwise indicated. Management has concluded that the financial statements present fairly the department's primary and secondary information.

The historical cost convention has been used, except where otherwise indicated. Management has used assessments and estimates in preparing the annual financial statements. These are based on the best information available at the time of preparation.

Where appropriate and meaningful, additional information has been disclosed to enhance the usefulness of the financial statements and to comply with the statutory requirements of the Public Finance Management Act (PFMA), Act 1 of 1999 (as amended by Act 29 of 1999), and the Treasury Regulations issued in terms of the PFMA and the annual Division of Revenue Act.

<b>1</b>	<b>Basis of preparation</b>  The financial statements have been prepared in accordance with the Modified Cash Standard.
<b>2</b>	<b>Going concern</b>  The financial statements have been prepared on a going concern basis.
<b>3</b>	<b>Presentation currency</b>  Amounts have been presented in the currency of the South African Rand (R) which is also the functional currency of the department.
<b>4</b>	<b>Rounding</b>  Unless otherwise stated financial figures have been rounded to the nearest one thousand Rand (R'000).
<b>5</b>	<b>Foreign currency translation</b>  Cash flows arising from foreign currency transactions are translated into South African Rands using the spot exchange rates prevailing at the date of payment / receipt.
<b>6</b>	<b>Comparative information</b>
<b>6.1</b>	<b>Prior period comparative information</b>  Prior period comparative information has been presented in the current year's financial statements. Where necessary figures included in the prior period financial statements have been reclassified to ensure that the format in which the information is presented is consistent with the format of the current year's financial statements.
<b>6.2</b>	<b>Current year comparison with budget</b>  A comparison between the approved, final budget and actual amounts for each programme and economic classification is included in the appropriation statement.

<b>7</b>	<b>Revenue</b>
<b>7.1</b>	<p><b>Appropriated funds</b></p> <p>Appropriated funds comprises of departmental allocations as well as direct charges against the revenue fund (i.e. statutory appropriation).</p> <p>Appropriated funds are recognised in the statement of financial performance on the date the appropriation becomes effective. Adjustments made in terms of the adjustments budget process are recognised in the statement of financial performance on the date the adjustments become effective.</p> <p>The net amount of any appropriated funds due to / from the relevant revenue fund at the reporting date is recognised as a payable / receivable in the statement of financial position.</p>
<b>7.2</b>	<p><b>Departmental revenue</b></p> <p>Departmental revenue is recognised in the statement of financial performance when received and is subsequently paid into the relevant revenue fund, unless stated otherwise.</p> <p>Any amount owing to the relevant revenue fund at the reporting date is recognised as a payable in the statement of financial position.</p>
<b>7.3</b>	<p><b>Accrued departmental revenue</b></p> <p>Accruals in respect of departmental revenue (excluding tax revenue) are recorded in the notes to the financial statements when:</p> <ul style="list-style-type: none"> <li>• it is probable that the economic benefits or service potential associated with the transaction will flow to the department; and</li> <li>• the amount of revenue can be measured reliably.</li> </ul> <p>The accrued revenue is measured at the fair value of the consideration receivable.</p> <p>Write-offs are made according to the department's debt write-off policy</p>
<b>8</b>	<b>Expenditure</b>
<b>8.1</b>	<b>Compensation of employees</b>
<b>8.1.1</b>	<p><b>Salaries and wages</b></p> <p>Salaries and wages are recognised in the statement of financial performance on the date of payment.</p>
<b>8.1.2</b>	<p><b>Social contributions</b></p> <p>Social contributions made by the department in respect of current employees are recognised in the statement of financial performance on the date of payment.</p> <p>Social contributions made by the department in respect of ex-employees are classified as transfers to households in the statement of financial performance on the date of payment.</p>
<b>8.2</b>	<b>Other expenditure</b>

	Other expenditure (such as goods and services, transfers and subsidies and payments for capital assets) is recognised in the statement of financial performance on the date of payment. The expense is classified as a capital expense if the total consideration paid is more than the capitalisation threshold.
<b>8.3</b>	<b>Accruals and payables not recognised</b>  Accruals and payables not recognised are recorded in the notes to the financial statements at cost at the reporting date.
<b>8.4</b>	<b>Leases</b>
<b>8.4.1</b>	<b>Operating leases</b> Operating lease payments made during the reporting period are recognised as current expenditure in the statement of financial performance on the date of payment. The operating lease commitments are recorded in the notes to the financial statements. Where the lease contract term has expired, and the lease continues on a month-to-month rental basis, the department records a potential commitment to the lease based on previous practice and other objective evidence regarding the lease renewal that is available at the time of approving the financial statements.
<b>8.4.2</b>	<b>Finance leases</b> Finance lease payments made during the reporting period are recognised as capital expenditure in the statement of financial performance on the date of payment. The finance lease commitments are recorded in the notes to the financial statements and are not apportioned between the capital and interest portions. Finance lease assets acquired at the end of the lease term are recorded and measured at the lower of: <ul style="list-style-type: none"> <li>• cost, being the fair value of the asset; or</li> <li>• the sum of the minimum lease payments made, including any payments made to acquire ownership at the end of the lease term, excluding interest.</li> </ul>
<b>9</b>	<b>Cash and cash equivalents</b> Cash and cash equivalents are stated at cost in the statement of financial position. For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held, other short-term highly liquid investments and bank overdrafts.
<b>10</b>	<b>Prepayments and advances</b>  Prepayments and advances are recognised in the statement of financial position when the department receives or disburses the cash. Prepayments and advances are initially and subsequently measured at cost. Prepayment are expensed in the year in which the services are rendered or goods received and when the prepayment is material and the expenditure budgeted for then the prepayment is expensed in the statement of financial performance
<b>11</b>	<b>Loans and receivables</b>

	Loans and receivables are recognised in the statement of financial position at cost plus accrued interest, where interest is charged, less amounts already settled or written-off. Write-offs are made according to the department's write-off policy.
<b>12</b>	<b>Financial assets</b>
<b>12.1</b>	<p><b>Financial assets (not covered elsewhere)</b></p> <p>A financial asset is recognised initially at its cost plus transaction costs that are directly attributable to the acquisition or issue of the financial asset.</p> <p>At the reporting date, a department shall measure its financial assets at cost, less amounts already settled or written-off, except for recognised loans and receivables, which are measured at cost plus accrued interest, where interest is charged, less amounts already settled or written-off.</p>
<b>12.2</b>	<p><b>Impairment of financial assets</b></p> <p>Where there is an indication of impairment of a financial asset, an estimation of the reduction in the recorded carrying value, to reflect the best estimate of the amount of the future economic benefits expected to be received from that asset, is recorded in the notes to the financial statements.</p>
<b>13</b>	<p><b>Payables</b></p> <p>Payables recognised in the statement of financial position are recognised at cost.</p>
<b>14</b>	<b>Capital Assets</b>
<b>14.1</b>	<p><b>Immovable capital assets</b></p> <p>Immovable assets reflected in the asset register of the department are recorded in the notes to the financial statements at cost or fair value where the cost cannot be determined reliably. Immovable assets acquired in a non-exchange transaction are recorded at fair value at the date of acquisition. Immovable assets are subsequently carried in the asset register at cost and are not currently subject to depreciation or impairment.</p> <p>Subsequent expenditure of a capital nature forms part of the cost of the existing asset when ready for use.</p> <p>Additional information on immovable assets not reflected in the assets register is provided in the notes to financial statements.</p>
<b>14.2</b>	<p><b>Movable capital assets</b></p> <p>Movable capital assets are initially recorded in the notes to the financial statements at cost. Movable capital assets acquired through a non-exchange transaction is measured at fair value as at the date of acquisition.</p> <p>Where the cost of movable capital assets cannot be determined reliably, the movable capital assets are measured at fair value and where fair value cannot be determined; the movable assets are measured at R1.</p> <p>All assets acquired prior to 1 April 2002 (or a later date as approved by the OAG) may be recorded at R1.</p>

	<p>Movable capital assets are subsequently carried at cost and are not subject to depreciation or impairment.</p> <p>Subsequent expenditure that is of a capital nature forms part of the cost of the existing asset when ready for use.</p>
<b>14.3</b>	<p><b>Intangible assets</b></p> <p>Intangible assets are initially recorded in the notes to the financial statements at cost. Intangible assets acquired through a non-exchange transaction are measured at fair value as at the date of acquisition. Internally generated intangible assets are recorded in the notes to the financial statements when the department commences the development phase of the project.</p> <p>Where the cost of intangible assets cannot be determined reliably, the intangible capital assets are measured at fair value and where fair value cannot be determined; the intangible assets are measured at R1.</p> <p>All assets acquired prior to 1 April 2002 (or a later date as approved by the OAG) may be recorded at R1.</p> <p>Intangible assets are subsequently carried at cost and are not subject to depreciation or impairment.</p> <p>Subsequent expenditure of a capital nature forms part of the cost of the existing asset when ready for use.</p>
<b>14.4</b>	<p><b>Project Costs: Work-in-progress</b></p> <p>Expenditure of a capital nature is initially recognised in the statement of financial performance at cost when paid.</p> <p>Amounts paid towards capital projects are separated from the amounts recognised and accumulated in work-in-progress until the underlying asset is ready for use. Once ready for use, the total accumulated payments are recorded in an asset register. Subsequent payments to complete the project are added to the capital asset in the asset register.</p> <p>Where the department is not the custodian of the completed project asset, the asset is transferred to the custodian subsequent to completion.</p>
<b>15</b>	<b>Provisions and Contingents</b>
<b>15.1</b>	<p><b>Provisions</b></p> <p>Provisions are recorded in the notes to the financial statements when there is a present legal or constructive obligation to forfeit economic benefits as a result of events in the past and it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate of the obligation can be made. The provision is measured as the best estimate of the funds required to settle the present obligation at the reporting date.</p>
<b>15.2</b>	<p><b>Contingent liabilities</b></p> <p>Contingent liabilities are recorded in the notes to the financial statements when there is a possible obligation that arises from past events, and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not within the control of the department or when</p>

	there is a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or the amount of the obligation cannot be measured reliably.
<b>15.3</b>	<p><b>Contingent assets</b></p> <p>Contingent assets are recorded in the notes to the financial statements when a possible asset arises from past events, and whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not within the control of the department.</p>
<b>15.4</b>	<p><b>Commitments</b></p> <p>Commitments (other than for transfers and subsidies) are recorded at cost in the notes to the financial statements when there is a contractual arrangement or an approval by management in a manner that raises a valid expectation that the department will discharge its responsibilities thereby incurring future expenditure that will result in the outflow of cash.</p>
<b>16</b>	<p><b>Unauthorised expenditure</b></p> <p>Unauthorised expenditure is measured at the amount of the confirmed unauthorised expenditure.</p> <p>Unauthorised expenditure is recognised in the statement of changes in net assets until such time as the expenditure is either:</p> <ul style="list-style-type: none"> <li>• approved by Parliament or the Provincial Legislature with funding and the related funds are received; or</li> <li>• approved by Parliament or the Provincial Legislature without funding and is written off against the appropriation in the statement of financial performance; or</li> <li>• transferred to receivables for recovery.</li> </ul> <p>Unauthorised expenditure recorded in the notes to the financial statements comprise of</p> <ul style="list-style-type: none"> <li>• unauthorised expenditure that was under assessment in the previous financial year;</li> <li>• unauthorised expenditure relating to previous financial year and identified in the current year; and</li> <li>• Unauthorised incurred in the current year.</li> </ul>
<b>17</b>	<p><b>Fruitless and wasteful expenditure</b></p> <p>Fruitless and wasteful expenditure receivables are recognised in the statement of financial position when recoverable. The receivable is measured at the amount that is expected to be recovered and is de-recognised when settled or subsequently written-off as irrecoverable.</p> <p>Fruitless and wasteful expenditure is recorded in the notes to the financial statements when and at amounts confirmed, and comprises of .</p> <ul style="list-style-type: none"> <li>• fruitless and wasteful expenditure that was under assessment in the previous financial year;</li> <li>• fruitless and wasteful expenditure relating to previous financial year and identified in the current year; and</li> <li>• fruitless and wasteful expenditure incurred in the current year.</li> </ul>
<b>18</b>	<b>Irregular expenditure</b>

	<p>Losses emanating from irregular expenditure are recognised as a receivable in the statement of financial position when recoverable. The receivable is measured at the amount that is expected to be recovered and is de-recognised when settled or subsequently written-off as irrecoverable.</p> <p>Irregular expenditure is recorded in the notes to the financial statements when and at amounts confirmed and comprises of:</p> <ul style="list-style-type: none"> <li>• irregular expenditure that was under assessment in the previous financial year;</li> <li>• irregular expenditure relating to previous financial year and identified in the current year; and</li> <li>• irregular expenditure incurred in the current year.</li> </ul>
<b>19</b>	<p><b>Changes in accounting policies, accounting estimates and errors</b></p> <p>Changes in accounting policies that are effected by management have been applied retrospectively in accordance with MCS requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the change in policy. In such instances the department shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.</p> <p>Changes in accounting estimates are applied prospectively in accordance with MCS requirements.</p> <p>Correction of errors is applied retrospectively in the period in which the error has occurred in accordance with MCS requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the error. In such cases the department shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.</p>
<b>20</b>	<p><b>Events after the reporting date</b></p> <p>Events after the reporting date that are classified as adjusting events have been accounted for in the financial statements. The events after the reporting date that are classified as non-adjusting events after the reporting date have been disclosed in the notes to the financial statements.</p>
<b>21</b>	<p><b>Principal-Agent arrangements</b></p> <p>The department is party to a principal-agent arrangement for the implementation of infrastructure projects. In terms of the arrangement the department is the principal and is responsible for making payments for services provided to the department. All related revenues, expenditures, assets and liabilities have been recognised or recorded in terms of the relevant policies listed herein. Additional disclosures have been provided in the notes to the financial statements where appropriate.</p>
<b>22</b>	<p><b>Recoverable revenue</b></p> <p>Amounts are recognised as recoverable revenue when a payment made in a previous financial year becomes recoverable from a debtor in the current financial year. Amounts are transferred to the Provincial Revenue Fund when recovered or are transferred to the statement of financial performance when written-off.</p>
<b>23</b>	<p><b>Related party transactions</b></p>

	<p>A related party transaction is a transfer of resources, services or obligations between the reporting entity and a related party. Related party transactions within the MEC's portfolio are recorded in the notes to the financial statements when the transaction is not at arm's length.</p> <p>Key management personnel are those persons having the authority and responsibility for planning, directing and controlling the activities of the department. The number of individuals and their full compensation is recorded in the notes to the financial statements.</p>
<b>24</b>	<p><b>Inventories</b></p> <p>At the date of acquisition, inventories are recognised at cost in the statement of financial performance. Where inventories are acquired as part of a non-exchange transaction, the inventories are measured at fair value as at the date of acquisition.</p> <p>Inventories are subsequently measured at the lower of cost and net realisable value or where intended for distribution (or consumed in the production of goods for distribution) at no or a nominal charge, the lower of cost and current replacement value.</p> <p>The cost of inventories is assigned by using the weighted average cost basis.</p>
<b>25</b>	<p><b>Employee benefits</b></p> <p>The value of each major class of employee benefit obligation (accruals, payables not recognised and provisions) is disclosed in the Employee benefits note.</p>

#### 1. Administrative Fees

**2022/23 Financial Year:** Fewer workshops or trainings requiring registration fees were conducted. Additionally, the registration of Mathematics, Science, and Technology (MST) learners in competitions was not concluded.

#### 2. Advertising

**2023/24 Financial Year:** Expenditure on advertisement of posts decreased due to a delay in the approval of the Recruitment Plan by Provincial Treasury. Furthermore, advertisements for internship posts were not required annually as interns are appointed for a 24-month period, with the last advertisement done in the 2022/23 financial year.

#### 3. Minor Assets

**2023/24 Financial Year:** The budget for procuring firefighting equipment for the Sub-Directorate: Occupational Health became available only in August 2024. However, procurement processes could not be concluded due to cost containment measures. Additionally, procurement for domestic equipment was not finalized before year-end.

#### 4. Bursaries (Employees)

**2023/24 Financial Year:** No new bursaries were issued due to budget cuts. The expenditure was limited to the maintenance of existing bursaries.

#### 5. Catering

**2022/23 Financial Year:** Invoices for November/December 2022 exams marking catering at the University of Limpopo and Northern Academy were not paid due to Central Supplier Database (CSD) challenges, resulting in payment in the 2023/24 financial year.

**2023/24 Financial Year:** Accountability sessions were held with principals of underperforming schools, and teachers from these schools were trained in various subjects.

## **6. Communication (E-Learning)**

**2023/24 Financial Year:** Funds were allocated for airtime and data contract upgrades for the procured tablets.

## **7. Computer Services**

**2023/24 Financial Year:**

**\*SITA (Internet):** Invoices for March 2024 had not yet been submitted for payment. SITA typically submits invoices a month after services are rendered.

**\*SITA (LAN, Desktop & Antivirus):** Invoices were submitted late on 26 March 2024, missing the payment window for the financial year.

## **8. Consultants: Business and Advisory Services**

**2023/24 Financial Year:** \*The procurement process for a two-year project to conduct health and safety risk assessments across all departmental premises was not concluded. \*The late approval of the 2023/24 Recruitment Plan by Provincial Treasury delayed the procurement of human resource services.

## **9. Contractors**

**2022/23 Financial Year:** The purchase order for LSPID grant audio-visual services was finalized late, with delivery and payment occurring in the 2023/24 financial year.

**2023/24 Financial Year:** \*Procurement for transportation and relocation of mobile classrooms increased due to rising requests from schools. \*Maintenance and repairs of machinery and equipment were not required during the 2022/23 financial year.

## **10. Agency and Support/Outsourced Services**

**2022/23 Financial Year:** \*Feeding invoices for March 2023 were submitted late, with payment occurring in the 2023/24 financial year. \*10,125 learners in the Capricorn South District did not receive food during January 2023 due to non-delivery by the service provider.

## **11. Audit Costs (External)**

**2023/24 Financial Year:** The invoice for March 2024 had not yet been submitted for payment by year-end.

## **12. Fleet Services**

**2023/24 Financial Year:** Special school buses and motor vehicles procured in the 2022/23 financial year were delivered and added to the fleet in the 2023/24 financial year.

## **13. Inventories**

**2022/23 Financial Year:** \*Late delivery and invoice submission for Quidsup readers, Public Ordinary, and ECD LTSM resulted in payments in the 2023/24 financial year.

## **14. Consumables**

**2022/23 Financial Year:** \*School closures on 17 March 2022 delayed the delivery of sanitary towels, which was completed, and payment processed in the 2023/24 financial year. \*Procurement for examination packaging materials could not be concluded due to the unavailability of a suitable service provider. In the 2023/24 financial year, procurement was directly sourced from the supplier.

#### 15. Operating Leases

**2023/24 Financial Year:** Underutilization of the budget was due to the termination of two lease agreements (33 Biccard and Lobethal Circuit) and late invoice submissions by service providers.

#### 16. Property Payments

**2023/24 Financial Year:** \*Budgeted funds for **cleaning services** remained unused due to incomplete procurement processes. \*Savings were realized on **municipal services** due to the termination of the 33 Biccard lease agreement, poor water supply, and load shedding. \*Funds allocated for **school electricity bailouts** were unused as no requests were received. \***Security services** underspending occurred as price adjustments for 2024 were pending due to PSIRA not issuing new sectoral pricing schedules.

#### 17. Rental and Hiring

**2023/24 Financial Year:** With the completion of construction projects, the rental and hiring of mobile toilets were reduced, and some funds were transferred to districts for this provision.

#### 18. Transport Provided as Part of Departmental Activities

**2022/23 Financial Year:** Late invoice submissions and abandonment of routes by service providers delayed payments until the 2023/24 financial year.

**2023/24 Financial Year:** Increased needs for scholar transport due to school mergers resulted in additional routes and higher expenditure.

#### 19. Travel and Subsistence

**2023/24 Financial Year:** Some activities were not conducted as planned due to cost containment measures.

#### 20. Venues and Facilities

**2022/23 Financial Year:** Invoices for November/December 2022 exams marking venues at the University of Limpopo and Northern Academy were not paid due to CSD challenges, resulting in payment in the 2023/24 financial year.

#### 21. Training and Development

**2022/23 Financial Year:** LSPID Grant Training & Development for Care Centres was not conducted as the outreach team was suspended by the Forum.

**2023/24 Financial Year:** A few Care Centres that resumed collaboration with the Department were trained.

#### 22. Other Operating Expenditure

**2022/23 Financial Year:** \*The photocopy charge budget was underutilized due to the service provider's inability to deliver the leased printers. \*Orders for printing and delivery of ECD workbooks issued in March 2023 were not fulfilled within the financial year, leading to payment and increased expenditure in 2023/24.

#### 29 Principal-agent arrangements

29.1	Department acting as the principal	R'000	R'000
	<i>Include a list of the entities acting as agents for the department, the fee paid as compensation to the agent and any other transactions undertaken</i>		-

	Independent development trust ( IDT)	19,402	26,219
	Development bank of South Africa( DBSA)	12,388	13,488
	<b>Total</b>	<b>59,608</b>	<b>59,727</b>

#### Principal-Agent Arrangements

The Department serves as the principal in these arrangements with various implementing agents, who assist in constructing facilities at schools to alleviate infrastructure backlogs. No changes were made to these arrangements in the current year. Implementing agents are compensated through fees for their services, which enhance the Department's capacity to deliver infrastructure projects.

#### Risks Associated with the Arrangement

- Implementing agents might initiate projects that are not approved by the Department.
- They could deviate from the Supply Chain Management (SCM) process, resulting in irregular expenditure.
- Claims for work not completed on-site might be submitted.
- Implementing agents might implement unapproved projects or alter the project scope without authorization.

#### Mitigation Measures

- The Department assigns a project manager to each implementing agent. This manager conducts site visits, verifies project statuses, and approves claims before payment.
- Every stage of the procurement process must be confirmed and approved by the Department. Alternatively, an official from the Department's SCM and the allocated project manager attend procurement meetings, including adjudications, for concurrence.
- District inspectors assist with site inspections and report findings during Joint Operational meetings.

- The Department decides and communicates the projects to be implemented. Any scope changes require Departmental approval before implementation.

### **Fees for Implementing Agents**

1. **Independent Development Trust (IDT):** Fees are paid according to Treasury Instruction 4 of 2014/2015 on Management Fees.
2. **The Mvula Trust:** Fees are determined as per the Service Level Agreement (SLA), which is amended from time to time.
3. **Development Bank of Southern Africa (DBSA):** Management fees are 5%, as outlined in the SLA.

### **Impracticability and Financial Considerations**

In the 2018 financial year, the Department obtained approval for impracticability regarding:

- Retention amounts included in the infrastructure commitments balances for the period up to the 2017/18 financial year.
- Agency fees included in costs expended up to the 2017/18 financial year.

Projects initiated beyond the indicated period may therefore still have agency fees included in their costs.

### **Grouping of Principal-Agent Arrangements**

When the Department has multiple principal-agent arrangements with similar nature, circumstances, and terms, these can be grouped together to provide a summary that describes the nature, circumstances, and terms of the arrangements.

### **Impact of Termination**

Implementing agents significantly enhance the Department's ability to deliver infrastructure projects. Termination of these agents would result in a reduction of service delivery unless the Department compensates by appointing internal officials to carry out these duties.

### **Contractual and Financial Obligations**

Implementing agents and their service providers hold contractual documents for the Department's projects they are executing. They also manage amounts claimed for these projects, with payments disbursed through their bank accounts. No other assets are transferred from the Department to the implementing agents.

**30 Changes in accounting estimates and Changes in accounting policies**

**30.1 Change in accounting estimate**

During the year the following changes were made to the estimations employed in the accounting for transactions, assets, liabilities, events and circumstances

	Value derived using the original estimate	Value derived using the amended estimate	R-value impact of change in estimate
