UIFW	Unauthorised, Fruitless and Wasteful expenditure

1 Introduction

The National Treasury has delegated 26 of 27 Limpopo municipalities to Limpopo Provincial Treasury to carry out its functions stated in the MFMA. In terms of section 5(1), Chapter 2 of Municipal Finance Management Act of 2003, National Treasury must:

- (a) Fulfill its responsibilities in terms of Chapter 13 of the Constitution and this Act;
- (b) Promote the object of this Act as stated in section 2-
 - (i) Within the framework of co-operative government set out in Chapter 3 of the Constitution; and
 - (ii) When coordinating intergovernmental financial and fiscal relations in terms of the Intergovernmental Fiscal Relations Act, 1997 (Act No.97 of 1997), the annual Division of Revenue Act and the Public Finance Management Act; and
- (c) Enforce compliance with measures established in terms of section 216 (1) of the Constitution, including those established in terms of this Act.

Limpopo Provincial Treasury is responsible for providing support, guidance and direction to Limpopo municipalities and municipal entities to enable municipalities to implement and maintain effective systems of financial management, budget management, risk management, Internal audit services, supply chain management, internship program and general compliance with the MFMA.

2 Purpose

The purpose of this report is to provide an overview of the state of Limpopo municipal finances. This report contains the consolidated monthly budget statement from the municipal in-year financial monitoring system (i.e. MFMA section 71 reports).

3 Background

Section 154 (1) of The Constitution of the Republic of South Africa, 1996 provides for national and provincial spheres of government to support and strengthen the capacity of municipalities to manage their own affairs, to exercise their powers and to perform their functions.

In terms of Section 5(4) of the Municipal Finance Management Act, no 53 of 2003 Provincial Treasury

- (a) must monitor
 - (i) compliance with this Act by municipalities and municipal entities in the province.
 - (ii) the preparation by the municipalities in the province of their budgets
 - (iii) the monthly outcomes of those budgets; and
 - (iv) the submission of reports by municipalities in the province as required in terms of the MFMA
- (b) may assist municipalities in the province in the preparation of their budgets
- (c) may exercise any powers and must perform any duties delegated to it by the National Treasury in terms of the MFMA, and
- (d) may take appropriate steps if a municipality or municipal entity in the province commits a breach of the MFMA.

Section 71 of the Municipal Finance Management Act (MFMA) requires all municipalities to submit monthly budget statements to the Provincial Treasury by the 10th working day of each month. The MFMA and the Municipal Budgets and Reporting Regulations require municipalities to submit a set of reports in a prescribed format and in this regard, Provincial Treasury monitors the level of compliance by all municipalities on the 10th working day and further assess the municipal budget implementation.

Section 71(7) of the MFMA requires the Provincial Treasury after the end of quarter to make public a consolidate statement on the state of municipalities' budgets per

municipality and municipal entity. This report is accordingly submitted to serve this required purpose.

Provincial Treasury uses the Local Government Database of National Treasury as the primary source for the data used and analysed in this report. It should be noted that the quality of this report depends on the credibility of the information contained in the reports submitted by municipalities.

This report provides a high-level review of the budget implementation for the Limpopo municipalities for the quarter ending 30 June 2024.

4 Key highlights – For June 2024

- Billed Revenue

The overall year to date (June 2024) provincial operating revenue performance was reported as R23.5 billion or 88 percent of the year-to-date operating revenue budget of R26.771 billion. A total of 21 municipalities did not achieve the year-to-date budget.

- Conditional Grants Spending

(Disclaimer- Grants Spending covers 19 Conditional Grants)

The year-to-date Grant spending was at 74 percent, which is R5.246 billion spending against R7.089 billion annual budget allocation. The rollover applications made on grants for the financial year 2020/2021 for use in 2021/2022 financial year were high at a value of R387 million. The rollover applications for 2021/2022 stood at R421 million, an increase of 8 percent (R34 million) compared to previous year. Furthermore only 25% (R103 million) of the R421 million was approved by National Treasury. The rollover application for 2022/2023 for use in 2023/2024 amounted to R491 million showing an increase of 1.9 percent when compared to previous financial year. A total amount of R191 million was approved by National Treasury resulting in a loss of 61 percent (R299 million) of the applied rollover.

In the previous financial year, it was observed that the MIG spending reports sent to CoGHSTA monthly are significantly different to the information that is being reported to the National Treasury Local government database as such special attention and focus is provided through quarterly engagements between CoGHSTA, LPT and municipalities on MIG spending. This inconsistency increases the risk of municipalities losing their funds during the roll-over applications, as assessments would be based on the incorrect and incomplete information reported in the NT system.

- Capital Expenditure

Overall actual capital expenditure stood at 79 percent of the year-to-date budget of R7.779 billion. A total of 4 municipalities exceeded the year to date spending (Polokwane, Musina, Waterberg and Mogalakwena).

- Debtors/Accounts Receivables

The debtors' book for municipalities in the province stood at R17.624 billion with 90 percent of the amount over 90 days and thus unlikely to be collectable. Mopani district has the Highest Debtors reported at R4.914 billion with Sekhukhune district reporting the lowest at R1.316 billion. A total of 4 municipalities did not submit their debtors' strings for the period under review (Maruleng, Ephraim Mogale, Musina and Modimolle-Mookgophong). The following 6 municipalities did not submit their Household debtors for the period under review (Molemole, Maruleng, Ephraim Mogale, Musina, Modimolle-Mookgophong and Waterberg). Detailed information on debtors is provided in Appendices 6 and 7.

The Debtors customer group with the highest debt remains to be households at 73 percent of total debt which indicates either weak credit controls or that municipalities' indigent registers are not being adequately updated to include the growing number of poor households.

- Creditors / Accounts Payables

Creditors age analysis shows that municipalities are not paying suppliers within the legislated 30 day period. The period under review indicates that 37 percent (R1.297 million) is due to creditors under 0 to 30 days with 55 percent (R1.917 billion) being debt over 90 days. The creditors category with the highest debt reported is bulk electricity at 46 percent (R1.617 billion) followed by trade creditors at 44 percent (R1.533 million) which is concerning as it indicates that municipalities are struggling to settle the creditors raised through service delivery implementation.

Waterberg district reported the highest average creditors at 60 percent (R2.093 billion) of total creditors. Capricorn district reported the lowest average creditors at 7 percent (R257.590 million) of total Creditors. Elias Motsoaledi has not reported any amounts owed to creditors which appears to be misrepresentation that distorts reasonable analysis.

The non-payment of creditors impacts negatively on the sustainability of SMMEs in the region, stifles economic growth, results in job losses and increases risks of litigations which will further put municipalities in financial distress.

- Funding Mix

The funding mix of capital budgets is limited to only own revenue and grants. Seventy one percent of capital expenditure is funded from National Transfers. Municipalities cannot afford to take up loans to fund their capital expenditures due to the inability to afford the repayments as well as declining cash flows. The municipalities that can afford to take up borrowing show no appetite due to the volatile economy where the risk of reduction in the equitable share is an ever-present danger. Appendix – 3 provides detail information on the funding mix used for the capital expenditure.

- Repairs and Maintenance

The budgeting for repairs and maintenance remains significantly inadequate when compared with the municipalities' asset base. This has resulted in failing infrastructure, such as unrepainted roads, dysfunctional street lighting, water losses due to pipe bursts, etc. Furthermore, the spending on the repairs and maintenance budgets remains poor.

- Usage of the Financial Systems

Inaccurate and incomplete reporting is observed within municipalities in the province as the financial systems are not optimally used and in certain instances, inadequate integration of the sub-systems into the main financial system and over reliance on system vendors to populate municipal performance information. This results in the in-year reporting being distorted from the initial budget targets and significant adjustments of figures during AFS preparations.

The mSCoA regulations require that municipalities should be the custodians of their own information and should be able to budget, transact and report from their financial systems without assistance. The system vendors should only assist in cases where accounts were mapped incorrectly.

5 In-Year Reporting: Compliance Monitoring

Table 1 shows the submission status as at 30 June 2024.

6 Budget Implementation Overview

This consolidated State of Municipal Finances report covers the financial performance of the municipalities for 12-month period ending June 2024 in the 2023/24 financial year. The consolidated report assesses the in-year financial performance of the municipalities against the budgeted revenue and expenditure. The assessment of the in-year financial performance is based on the s71 returns which include capital and operating budgets as well as debtors, creditors, cash flow and grants that were submitted by municipalities. The focus of this assessment is on the credible implementation of municipal budgets in relation to the IDP and SDBIP objectives.

6.1 Consolidated Budget Performance

This section of the report focuses on the financial health of the municipality as reflected in Table 2 Consolidated Budget Performance Summary.

Table 2: Consolidated Budget Performance Summary for the Period ending 31 March 2024

Source: National Treasury Local Government Database

For the 12-month period ending 30 June 2024, Consolidated Total Revenue (excluding capital transfers and contributions) of R23.520 billion was recognised against Year-to-Date (YTD) budget of R26.772 billion. During the same period Consolidated Expenditure was reported at R23.528 billion against the YTD budget of R26.319 billion resulting in underperformance of 10.6 percent on expenditure. The consolidated net surplus for the 12-month period, after capital transfers and contributions was R5.456 billion.

6.1.1 Operating Revenue

Municipalities have on average raised R23.520 billion or 88 percent of the year-to-date operating revenue budget of R26.771 billion. Based on the strings submitted, Transfers reported the highest source of revenue at 55 percent of the total operating revenue at a rand value of R12.986 billion.

Table 3 below presents the extract of sequential performance and state of the revenue sources for the period ending 30 June 2024.

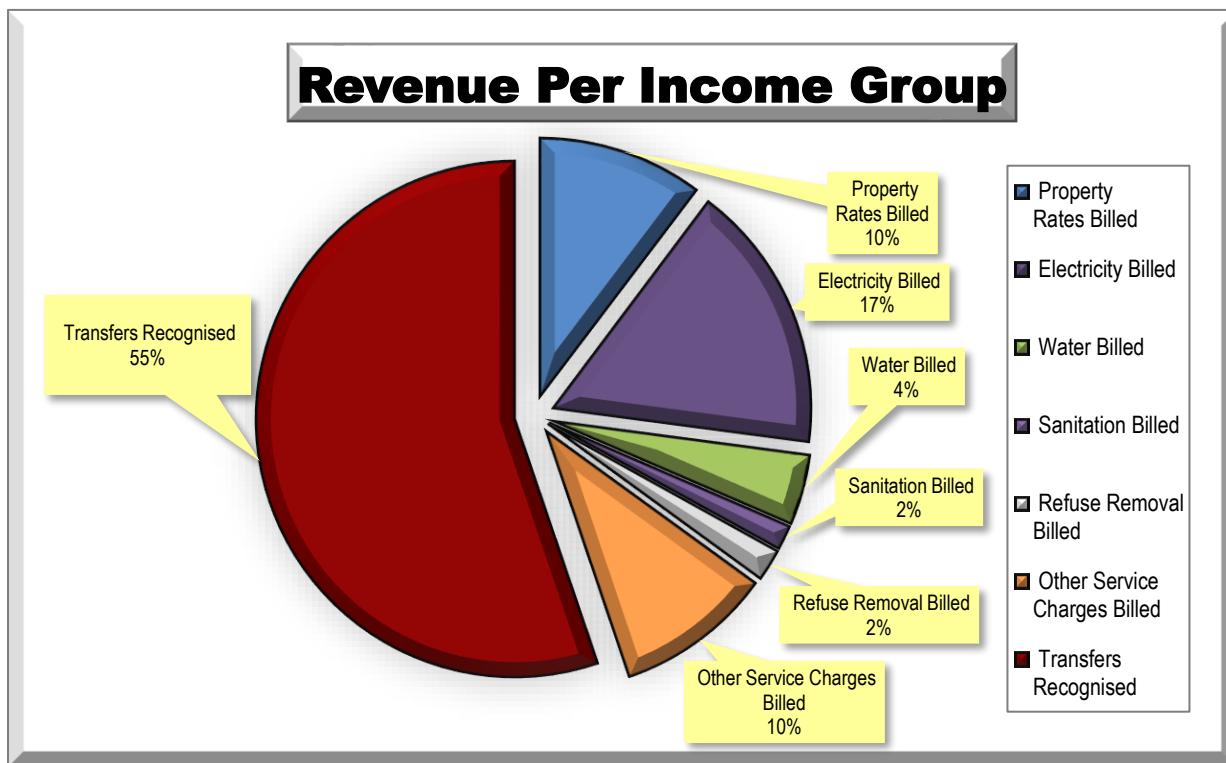

Table 3: Total Revenue contribution per Income Source

Rating	Revenue Source	R thousands	Percent
1	Transfers Recognised	12 985 677	55%
2	Electricity Billed	3 956 046	17%
3	Property Rates Billed	2 414 954	10%
4	Other Revenue	2 310 317	10%
5	Water Billed	1 031 948	4%
6	Refuse Removal Billed	464 580	2%
7	Sanitation Billed	356 920	2%
Totals		23 520 443	100%

Source: National Treasury Local Government Database

Figure 1 below provides a breakdown of the percentage contribution of each revenue source.

Figure 1: Revenue per Income Group

Source: National Treasury Local Government Database

Revenue misstatement on key revenue generating items is of serious concern. Blouberg, Greater Letaba, Maruleng and Musina are not water authorities. These municipalities have however reported water revenue. Municipalities are required to verify figures reported for completeness and accuracy and to ensure that there is alignment between figures presented in Municipal Council and figures reported to National Treasury LG database.

6.1.2 Operating expenditure

For the period ending 30 June 2024, total operating expenditure amounted to R23.528 billion or 89 percent against the year-to-date budget of R26.319 billion. The consolidated

actual Employee related cost is less than the budget by R567 million, and Electricity bulk purchases (less by R268 million), Inventory Consumables (down by R273 million), Contracted services (down by R198 million). It will be important for the various municipalities to review these expenditure items to verify the correctness prior submission to any reporting structure.

Table 4 shows an extract of the sequential performance per Expenditure Item for the period ending 30 June 2024.

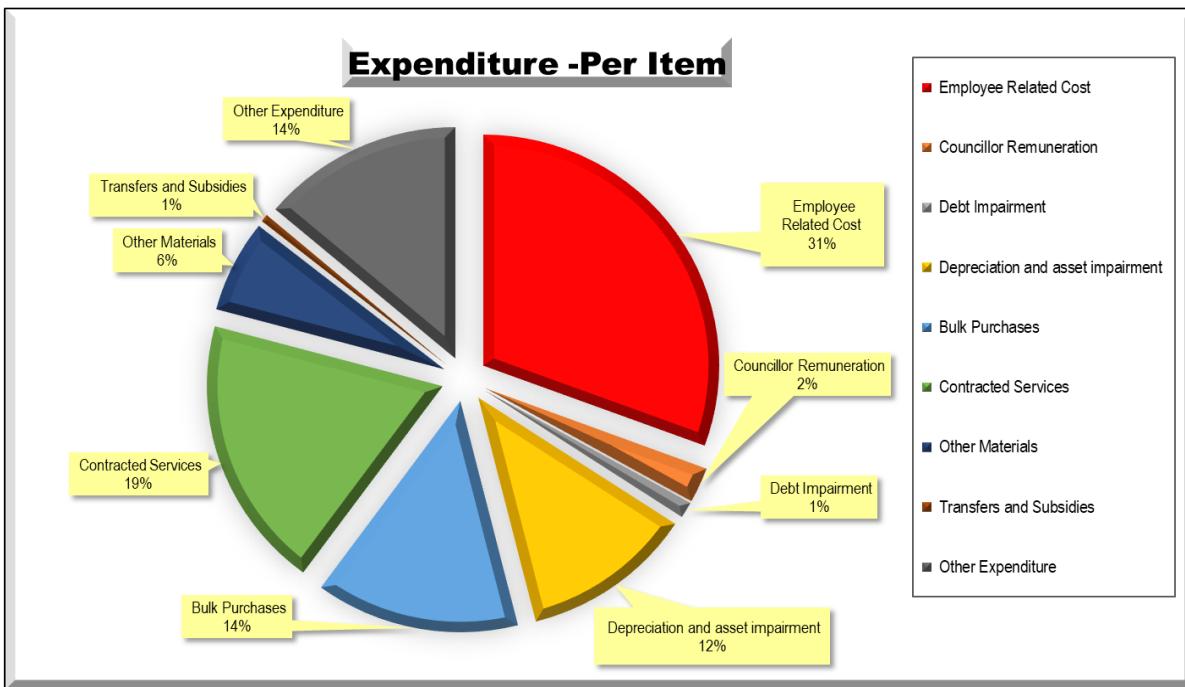

Table 4: Total expenditure contribution per Expenditure Type

Rating	Expenditure Item	R thousands	Percent
1	Employee Related Cost	7 205 434	31%
2	Contracted Services	4 495 429	19%
3	Bulk Purchases	3 296 047	14%

Figure 2 below provides a breakdown of the percentage expenditure per item for municipalities in the province.

Figure 2: Expenditure Per Item

Source: National Treasury Local Government Database

6.1.3 Cash flow

It is reported that Municipalities in the province closed the month of June 2024 with consolidated surplus cash and cash equivalent of R18.444 billion. The Cash and cash equivalents at beginning of the year were R3.695 billion. A net increase in cash and cash equivalents of R14.749 billion was realised. The Cash flow data strings however remains a cause of concern on accuracy of figures uploaded to the National Treasury database.

6.2 Financial Performance – District Breakdown

This section summarizes the revenue and expenditure performance per district.

6.2.1 Operating Revenue per district

Table 5 below shows the operating revenue performance broken down per district and the main revenue items for the period ending 30 June 2024.

Table 5: Operating Revenue per district

R thousands	Operating Revenue					Exchange Revenue					Non Exchange Revenue

Source: National Treasury Local Government Database

As at 30 June 2024 the original total operating revenue budget for the province stood at R26.562 billion. The year-to-date revenue budget stands at R26.771 billion as at 30 June 2024 of which R23.520 billion was realised.

Sekhukhune district municipalities realised the highest year-to-date revenue against its budget at 95 percent of the year to date. The second highest revenue raised was by Mopani district at 90 percent with Capricorn, Vhembe and Waterberg respectively recording 89, 84 & 81 percent. Detailed information per municipality is shown in Appendix – 1.

6.2.2 Operating Expenditure per District

Table 6 below shows the operating expenditure performance broken down per district and the main expenditure items for the period ending 30 June 2024.

Table 6: Operating Expenditure per district

Operating Expenditure Per District -M12 June 2024

Source: National Treasury Local Government Database

The original total operating expenditure budget for the province stands at R25.319 billion. The aggregate year-to-date expenditure budget stands at R26.318 billion as at 30 June 2024 of which R23.528 billion was realised. Operating Expenditure per municipality is shown in Appendix – 2.

Capricorn district spent the highest expenditure in relation to its year-to-date budget at 99 percent with Vhembe district being the lowest at 83 percent. Sekhukhune, Waterberg and Mopani respectively recorded 91, 87 and 85 percent expenditure of the year to date budget.

6.2.3 Capital spending and sources of finance

Table 7: Capital Expenditure per district

Source: National Treasury Local Government Database

The original capital budget for municipalities in the province stood at R7.157 billion with a reported year-to-date adjusted capital budget of R7.779 billion. Actual year to date spending stands at R6.173 billion being 79 percent of the year-to-date budget.

Capricorn district reflected the highest capital expenditure against the budget at 84 percent with Vhembe district recording the lowest at 76 percent. Mopani, Sekhukhune & Waterberg respectively recorded 80, 79 & 77 percent. Detailed capital expenditure for each municipality is shown in Appendix – 4.

Figure 3 below provides a breakdown of the percentage capital expenditure per vote for municipalities in the province.

Figure 3: Capital Expenditure Per Item

Source: National Treasury Local Government Database

Economic and Environmental services which comprises of expenditure that relates to road transport, environmental protection, planning and development make up the largest portion year-to-date capital expenditure at 43 percent. Water management is the second highest at 35 percent with Waste Water management, Energy sources, Municipal governance and administration, Community and public safety & Waste management respectively recording 7,5,5,3 & 2 percent.

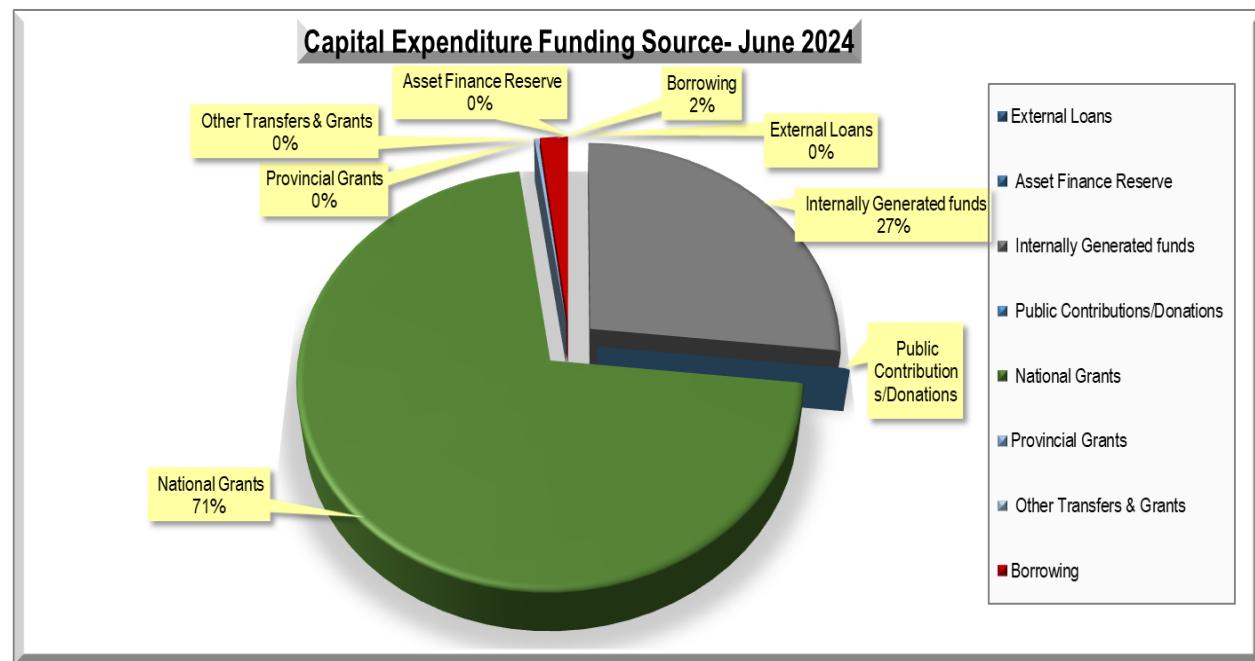

Table 8 below further provides for the sources to finance to the above capital expenditure for 12-month period ending 30 June 2024 of 2023/24 financial year.

Table 8: Source of Finance for Capital Expenditure

Capital Sources of Finance per District - M12 June 2024

Source: National Treasury Local Government Database

Figure 4: Capital Expenditure per Funding Source

Source: National Treasury Local Government Database

Table 8 and Figure 4 above indicate that municipalities' capital budgets are funded mainly from two sources namely, national grants and own revenue. Own revenue makes up 29 percent (R1.647 billion) of the year-to-date actual capital funding of R6.173 billion with grants making up 71 percent (R4.387 billion) of year-to-date capital expenditure. Most municipalities cannot afford to take up loans to fund their capital expenditures due to the inability to afford the repayments as well as declining cash flows. The municipalities that

can afford to take up borrowing show no appetite due to the volatile economy where the risk of reduction in the equitable share is an ever-present danger. Detailed Capital source of Finance is shown in Appendix – 3.

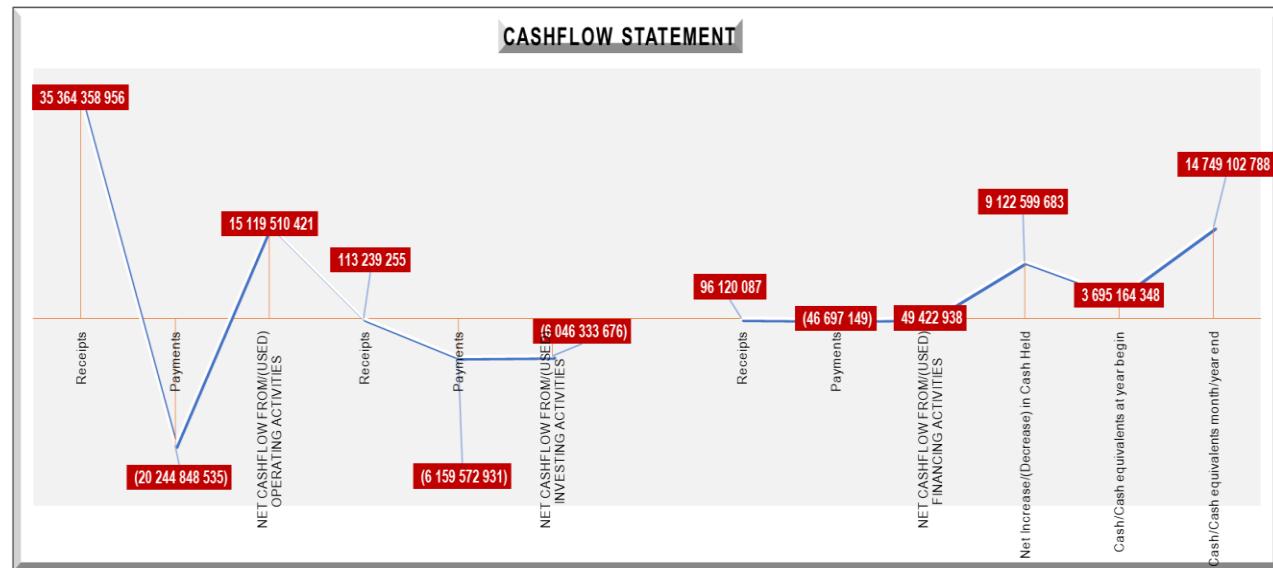

6.2.4 Cash Flow

Table 9: Cash Flow

R thousands	Cashflow from Operating Activities			Cashflow from Investing Activities			Cashflow from Financing Activities			Net Increase/(Decrease) in Cash Held	Cash/Cash equivalents at year begin	Cash/Cash equivalents month/year end
	Receipts	Payments	NET CASHFLOW FROM/(USED) OPERATING ACTIVITIES	Receipts	Payments	NET CASHFLOW FROM/(USED) INVESTING ACTIVITIES	Receipts	Payments	NET CASHFLOW FROM/(USED) FINANCING ACTIVITIES

Total	35 364 359	(20 244 849)	15 119 510	113 239	(6 159 573)	(6 046 334)	96 120	(46 697)	49 423	9 122 600	3 695 164	14 749 103

Source: National Treasury Local Government Database

Figure 5: Cash flow Statement

Source: National Treasury Local Government Database

The cash flow mapping still need not completely accurate. Inaccurate segment usage result in misstatement of the cash flow. PT continues to exert more emphasis in monitoring the performance of the cash flow mapping to ensure that the mapping issues

are resolved and that the reporting is correct on a month-to-month basis. Municipalities are also encouraged to hold the mSCoA steering committees consistently in year.

The Cash and cash equivalents at beginning of the year were R3.695 billion. A net increase in cash and cash equivalents amounting to R14.749 billion was realised during the period under review. It is noted however that the cash flow balance is out of balance by R12.817 billion.

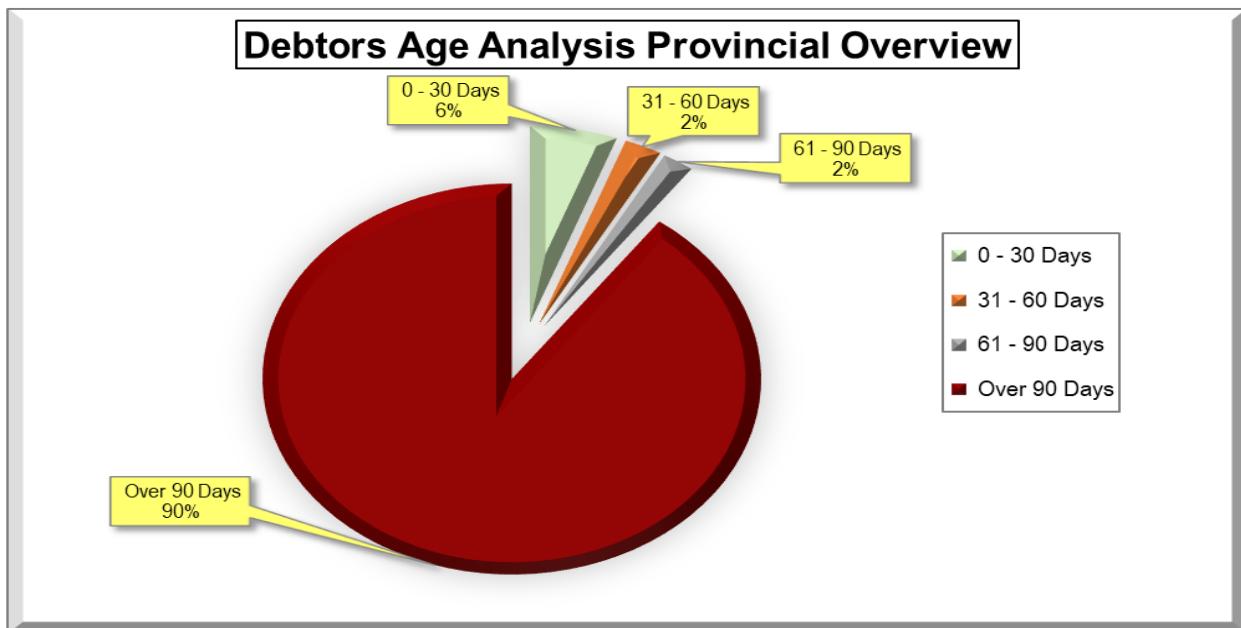

6.2.5 Debt Management

Table 10: Debtors Age Analysis

Debtors Detail - M12 June 2024									
R thousands	0 - 30 Days		31 - 60 Days		61 - 90 Days		Over 90 Days		Total
	Total	%	Total	%	Total	%	Total	%	
Capricorn	240 013	6%	118 651	3%	102 251	2%	3 834 904	89%	4 295 819
Mopani	257 149	5%	35 984	1%	72 666	1%	4 547 839	93%	4 913 638
Sekhukhune	77 140	6%	35 808	3%	34 800	3%	1 167 937	89%	1 315 685

Waterberg	226 420	7%	150 323	4%	73 000	2%	2 992 637	87%	3 442 380
Total	991 484	6%	424 054	2%	360 091	2%	15 849 284	90%	17 624 913

Source: National Treasury Local Government Database

Figure 6: Debtors Age Analysis - Provincial Overview

Source: National Treasury Local Government Database

Figure 6 reveals that 90 percent of the customers have been outstanding for a period over 90 days. This is an indication that municipalities do not effectively implement debt and credit control policies to collect debt due. The district with most debtors over 90 days is Mopani at 93 percent with Waterberg being the lowest at 87 percent. Vhembe, Capricorn and Sekhukhune respectively recorded 99,89 & 89 percent.

Non-collection of revenue negatively impacts the financial sustainability of municipalities. Furthermore, non-payment of services rendered may lead to delays in the implementation of the budget. Blouberg municipality as stated in section 4 of the report did not provide their debtors book information and thus the reported debtor amounts are understated and misrepresented.

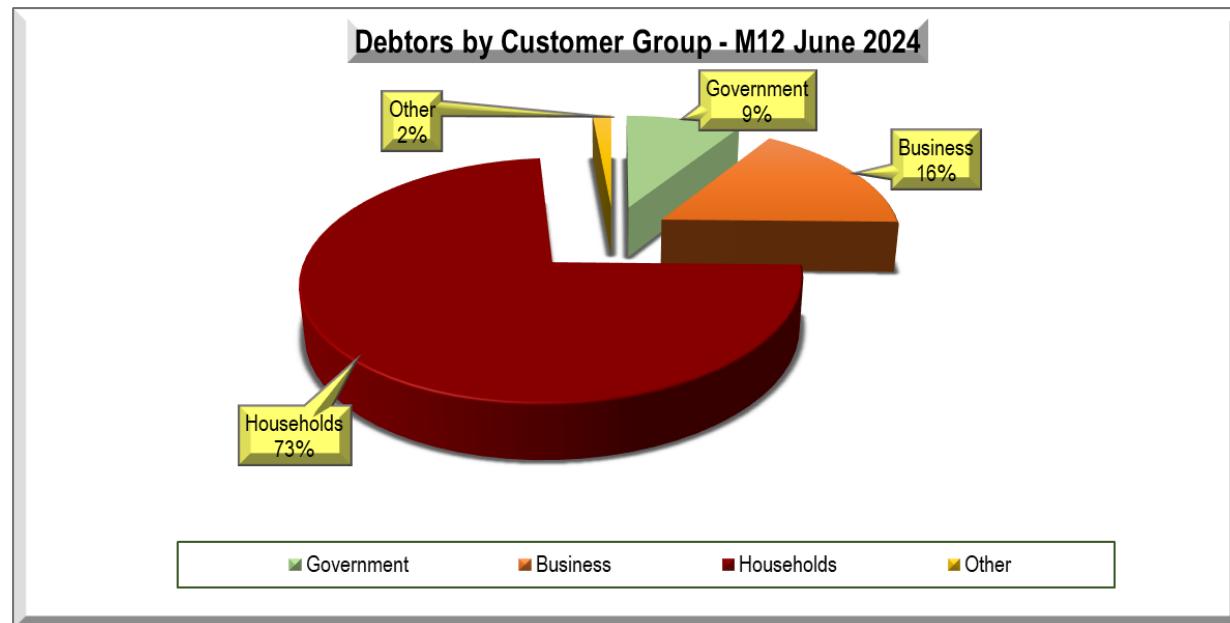

Table 11: Debtors by Customer per district

Debtors by Customer Group - M12 June 2024									
R thousands	Government		Business		Households		Other		Total
	Total	%	Total	%	Total	%	Total	%	
Capricorn	531 633	12%	551 098	13%	3 140 293	73%	72 795	0	4 295 819

Source: National Treasury Local Government Database

Table 11 indicates that the total debtors up to the end of June 2024 categorised by customer group amounted to R17.625 billion. Outstanding debtors in respect of Households are the highest at R12.904 billion or 73 percent of the total debtors and government debts due to municipalities amounts to R1.586 billion (9 percent) with business category at R2.876 billion (16 percent).

Figure 7: Debtors by Customer Group

Source: National Treasury Local Government Database

The following can be noted based on Table 11 and Figure 7 above for the period under review:

- Municipalities are not correctly classifying the debts and a large number are not reporting on the complete debtors' book.
- Credit control needs to be emphasised mostly over households in line with relevant by-laws and policies
- Government forums which have already been established need to continue with the mandate over resolving the government debt as it currently accounts for 9 percent of the total outstanding debt.

6.2.6 Creditors Management

Table 12 provides the Creditors ageing for the period ended 30 June 2024

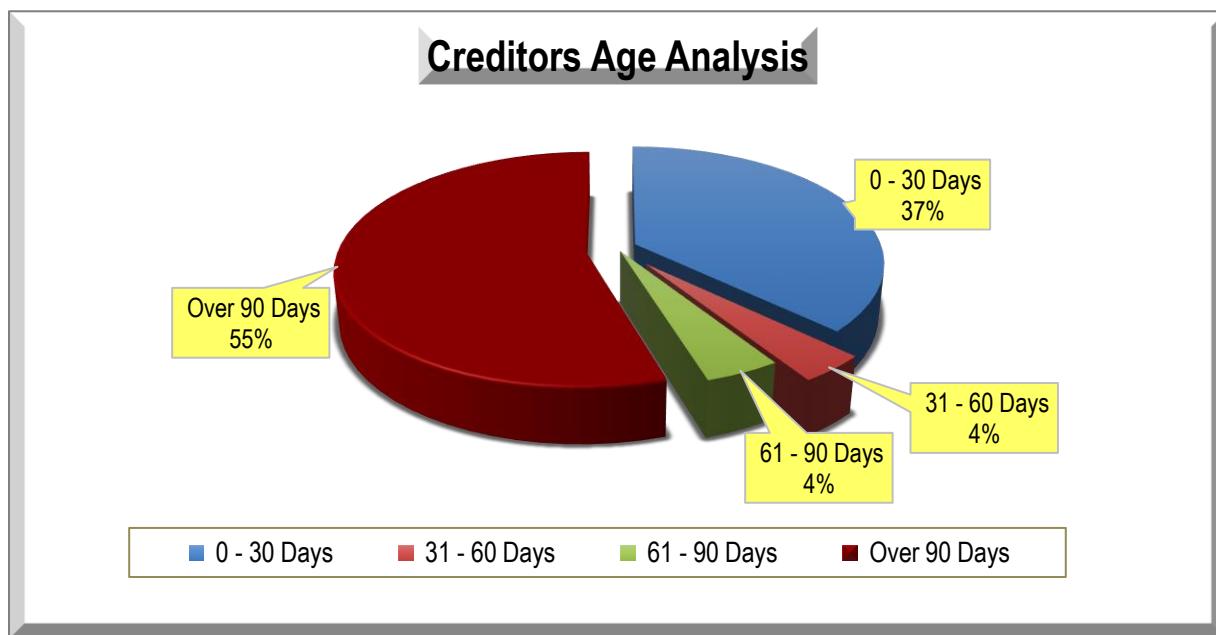

Table 12: Creditors Age Analysis per District

Creditor Age Analysis - M12 June 2024

Total	1 297 186	37%	134 058	4%	148 404	4%	1 917 522	55%	3 497 170

Source: National Treasury Local Government Database

Figure 8 below provides snapshot overview of the Creditors Ageing.

Figure 8: Creditors Age Analysis - Provincial Overview

Source: National Treasury Local Government Database

Table 12 and Figure 8 above indicate that the total creditors as reported for the period ending 30 June 2024 categorised by aging amounted to R3.497 billion. Outstanding creditors in the bracket “Over 90 days” are the highest at R1.639 billion or 78 percent of the total outstanding creditors. As mentioned before under section 4, Elias Motsoaledi has not reported any amounts owed to creditors which appears to be misrepresentation that distorts reasonable analysis.

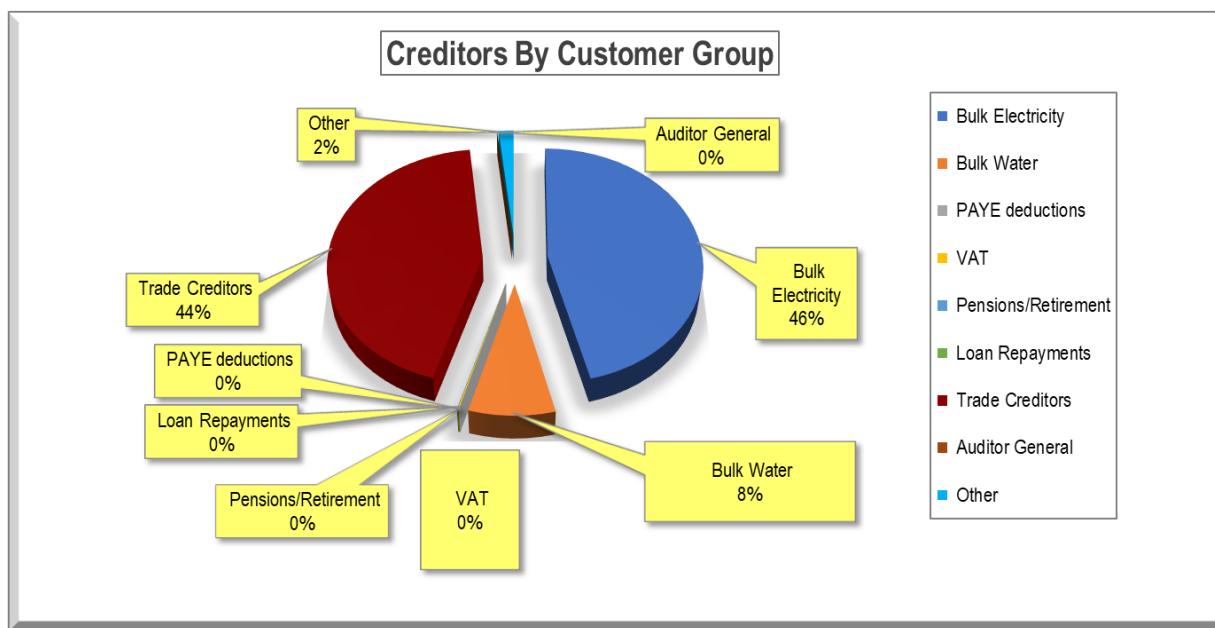

Table 13: Creditors by Customer Group per District

Source: National Treasury Local Government Database

Table 13 shows creditors by Customer and by item, Figure 9 below then further provides for creditors by customer group. Vhembe and Thabazimbi did not provide for bulk water creditors. Municipalities with electrification licenses are not reflecting their ESKOM account balances, except for Polokwane, Ba-Phalaborwa, Greater Letaba, Greater Tzaneen, Makhado, Musina, Bela-Bela, Lephalale, Modimolle-Mookgophong, and Mogalakwena. This information is contrary to the s41 reports received from National Treasury which reflect that municipalities owe Water Boards and Eskom huge sums of money. Appendix – 9 reflect the detailed creditors for each municipality per customer group.

Figure 9: Creditors by Customer Group

Schedule 6B Grants

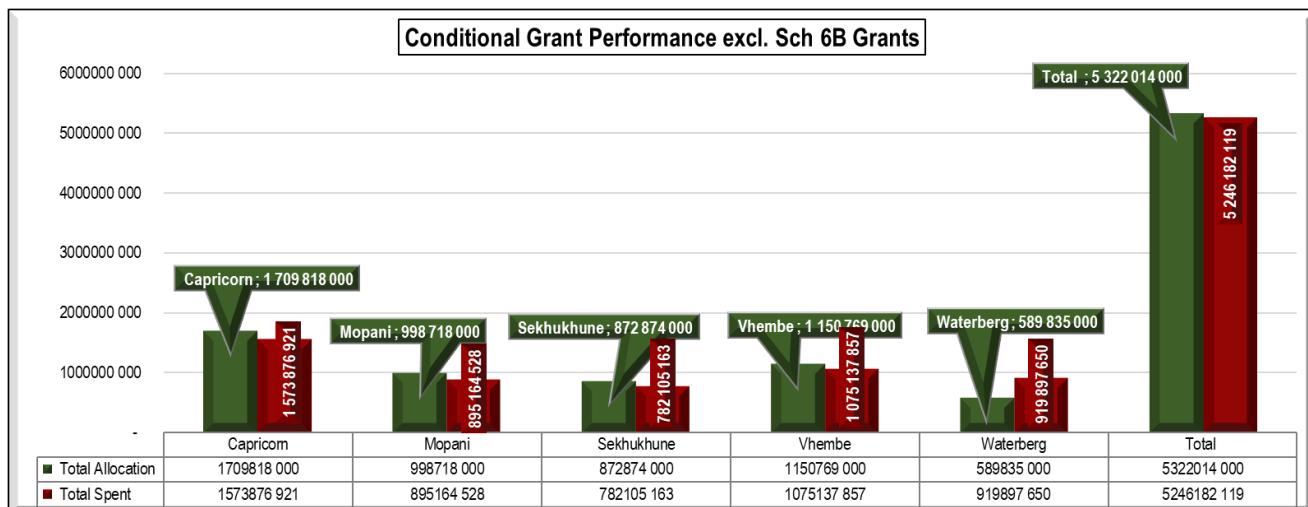

Source: National Treasury Local Government Database

Based on the information from the National Treasury database system, there has not been any spending on the Schedule 6B grants. This is however not a true reflection as there was a spending however no reporting was uploaded on the system.

Figure 14 shows the conditional grant spending per district excluding Schedule 6B Grants.

Figure 12 : Conditional Grants District Performance excl. Sch 6B Grants

Source: National Treasury Local Government Database

At the end of 30 June 2024, the aggregate conditional grants spending excluding Schedule 6B conditional grant stands at 99 percent, which indicates good spending by municipalities.

7 mSCOA - Summary - Upload and Segment Validation

Table 15 below shows the status of Limpopo municipalities' financial submissions and validations for the period ending 30 June 2024.

Table 17: mSCOA uploads

Legend explanations

- correct (Phase 2),
- Segment errors (Phase 2),
- Submitted with Error (Phase 1)
- Outstanding,
- N/A

8 Assistance Provided

LPT conducts quarterly analysis of the municipal performance and provides feedback to municipalities on revenue, grant management, creditor and debtor management, asset management, cash flow and mSCOA issues. Municipalities that do not submit timely or submit incomplete information are issued with non-compliance letters.

10 Summary and Conclusion

The reporting on mSCoA remains relatively good however the credibility of the reported figures remains a challenge particularly on cash flow, capital expenditure, debtors, and creditors. Municipalities are encouraged to maintain the targeted projections and where such is not achieved revise their revenue projections downwards during the main adjustment budget period. This however must be accompanied with reduction in expenditure items that are not directly linked to core service delivery commitments to ensure financial sustainability and maintaining a funded budget. Effective project management tools and methods need to be applied to ensure spending within the budget and also completion of projects on time, thus limiting budget overruns and improvement of service delivery.
