1 Introduction

The National Treasury has delegated 26 of 27 Limpopo municipalities to Limpopo Provincial Treasury to carry out its functions stated in the MFMA. In terms of section 5(1), Chapter 2 of Municipal Finance Management Act of 2003, National Treasury must:

- (a) Fulfill its responsibilities in terms of Chapter 13 of the Constitution and this Act;
- (b) Promote the object of this Act as stated in section 2-
 - (i) Within the framework of co-operative government set out in Chapter 3 of the Constitution; and
 - (ii) When coordinating intergovernmental financial and fiscal relations in terms of the Intergovernmental Fiscal Relations Act, 1997 (ActNo.97 of 1997), the annual Division of Revenue Act and the Public Finance Management Act; and
- (c) Enforce compliance with measures established in terms of section 216 (1) of the Constitution, including those established in terms of this Act.

Limpopo Provincial Treasury is responsible for providing support, guidance and direction to Limpopo municipalities and municipal entities to enable municipalities to implement and maintain effective systems of financial management, budget management, risk management, Internal audit services, supply chain management, internship program and general compliance with the MFMA.

2 Purpose

The purpose of this report is to provide an overview of the state of Limpopo municipal finances. This report contains the consolidated monthly budget statement from the municipal in-year financial monitoring system (i.e. MFMA section 71 reports).

3 Background

Section 154 (1) of The Constitution of the Republic of South Africa, 1996 provides for national and provincial spheres of government to support and strengthen the capacity of municipalities to manage their own affairs, to exercise their powers and to perform their functions.

In terms of Section 5(4) of the Municipal Finance Management Act, no 53 of 2003 Provincial Treasury

- (a) must monitor
 - (i) compliance with this Act by municipalities and municipal entities in the province;
 - (ii) the preparation by the municipalities in the province of their budgets
 - (iii) the monthly outcomes of those budgets; and
 - (iv) the submission of reports by municipalities in the province as required in terms of the MFMA
- (b) may assist municipalities in the province in the preparation of their budgets
- (c) may exercise any powers and must perform any duties delegated to it by the National Treasury in terms of the MFMA, and
- (d) may take appropriate steps if a municipality or municipal entity in the province commits a breach of the MFMA.

Section 71 of the Municipal Finance Management Act (MFMA) requires all municipalities to submit monthly budget statements to the Provincial Treasury by the 10th working day of each month. The MFMA and the Municipal Budgets and Reporting Regulations require municipalities to submit a set of reports in a prescribed format and in this regard, Provincial Treasury monitors the level of compliance by all municipalities on the 10th working day and further assess the municipal budget implementation.

Section 71(6) of the MFMA requires the Provincial Treasury to consolidate the monthly budget statements of the municipalities in the province and submit such report to the

National Treasury by the 22nd working day of each month. This report is accordingly submitted to serve this required purpose.

Provincial Treasury uses the Local Government Database of National Treasury as the primary source for the data used and analysed in this report. It should be noted that the quality of this report depends on the credibility of the information contained in the reports submitted by municipalities.

This report provides a high-level review of the budget implementation for the Limpopo municipalities for the month ending 31 August 2023.

4 Key highlights – For August 2023

- Billed Revenue

The overall year to date (August 2023) provincial operating revenue performance was reported as R6.329 billion or 86 percent of the year-to-date operating revenue budget of R7.331 billion. A total of 11 municipalities did not achieve the year-to-date budget.

- Conditional Grants Spending

(Disclaimer- Grants Spending covers 19 Conditional Grants)

The year-to-date Grant spending was at 7 percent, which is R464 million spending against R7.092 billion annual budget allocation. The Provincial Treasury continues to provide support to municipalities around spending of conditional grants as the rollover applications made for the previous financial year (2020/2021) for use in 2021/2022 financial year were high at a value of R387 million.

The rollover applications for 2021/2022 stood at R421 million, an increase of 8 percent (R34 million) compared to previous year. Furthermore only 25% (R103 million) of the R421 million was approved by National Treasury. The rollover status for 2022/2023 for use in 2023/2024 is still being assessed.

In the previous financial year, it was observed that the MIG spending reports sent to CoGHSTA monthly are significantly different to the information that is being reported to the National Treasury Local government database as such special attention and focus will be provided. This inconsistency increases the risk of municipalities losing their funds during the roll-over applications, as assessments would be based on the incorrect and incomplete information reported in the NT system.

- Capital Expenditure

Overall actual capital expenditure stood at 46 percent of the year-to-date budget of R1.658 billion. It should be noted that only 1 municipality met the year-to-date budget.

- Debtors/Accounts Receivables

The debtors' book for municipalities in the province stood at R16.521 billion with 88 percent of the amount over 90 days and thus unlikely to be collectable. It should be noted that a total of 4 municipalities have not submitted their debtors for the period under review. Mopani district has the Highest Debtors reported at R4.711 billion with Sekhukhune district reporting the lowest at R961.555 million. A total of 7 municipalities did not disclose the debtors owed by Households. Detailed information on debtors is provided in Appendices 6 and 7.

The Debtors customer group with the highest debt remains to be households at 66 percent of total debt which indicates either weak credit controls or that municipalities' indigent registers are not being adequately updated to include the growing number of poor households.

- Creditors / Accounts Payables

Municipalities continue not to pay suppliers within the legislated 30-day period. The period under review indicates that 18 percent (R444 million) is due to creditors under 0 to 30 days with 69 percent (R1.673 billion) being debt over 90 days. The creditors category with the highest debt reported is trade creditors at 78 percent (R1.886 billion) followed by bulk

electricity at 12 percent which is worrying as it indicates that municipalities are struggling to settle the creditors raised through service delivery implementation.

Waterberg district reported the highest creditors at 73 percent (R1.762 billion) of total creditors. Vhembe district reported the lowest creditors at 2 percent (R40 million) of total Creditors. A total of 3 municipalities namely, Greater Giyani, Thulamela and Waterberg have not reported any amounts owed to creditors which appears to be misrepresentation that distorts any reasonable analysis.

It is also evident that municipalities are grossly understating creditors as municipalities such as Bela-Bela, Modimolle-Mookgophong, Mogalakwena, Musina, and Thabazimbi still have huge amounts due to ESKOM and other creditors. The non-payment of creditors impacts negatively on the sustainability of SMMEs in the region, stifles economic growth, results in job losses and increases risks of litigations which will further put municipalities in financial distress.

- **Funding Mix**

The funding mix of capital budgets is limited to only own revenue and grants. Municipalities cannot afford to take up loans to fund their capital expenditures due to the inability to afford the repayments as well as declining cash flows. The municipalities that can afford to take up borrowing show no appetite due to the volatile economy where the risk of reduction in the equitable share is an ever-present danger. Appendix – 3 provides detail information on the funding mix used for the capital expenditure.

- **Repairs and Maintenance**

The budgeting for repairs and maintenance remains significantly inadequate when compared with the municipalities' asset base. This has resulted in ailing infrastructure, such as unrepainted roads, dysfunctional street lighting, water losses due to pipe bursts, etc. Furthermore, the spending on the repairs and maintenance budgets remains poor.

- Budgeting within the Financial Systems

Poor reporting is observed with most municipalities in the province as they continue to budget outside their respective financial systems contrary to the mSCoA regulations. This results in the in-year reporting being distorted from the initial budget targets and could result in municipalities incurring high UIFW at the end of the year. The Provincial Treasury has once more held mSCoA live demonstration sessions in April 2023 to test the extent of mSCoA compliance and system usage by municipalities in attempts to assist in full usage of the financial systems. The results of the live demonstrations fully indicate that the municipalities still have challenges in implementing mSCoA.

This poor reporting also results from an over-reliance on the system vendors in populating municipal performance information. The mSCoA regulations are clear in that municipalities should be the custodians of their own information and should be able to budget, transact and report from their financial systems without assistance. The system vendors should only assist in cases where accounts were mapped incorrectly.

Overall, the operating revenue budget (R26.562 billion) for 2023-2024 Financial year increased by 12 percent from the 2022-2023 revenue budget of R23.654 billion. The expenditure Budget on the other hand also increased by 12 percent.

5 In-Year Reporting: Compliance Monitoring

Table 1 shows the submission status as at 31 August 2023. Municipalities are complying with the monthly submission however fewer than five municipalities need to improve.

Table 1: MSCOA - Summary - Upload and Segment Validation

6 Budget Implementation Overview

This consolidated State of Municipal Finances report covers the financial performance of the municipalities for month 02 (August 2023) in the 2023/24 financial year. The consolidated report assesses the in-year financial performance of the municipalities against the budgeted revenue and expenditure. The assessment of the in-year financial performance is based on the s71 returns which include capital and operating budgets as well as debtors, creditors, cash flow and grants that were submitted by municipalities. The focus of this assessment is on the credible implementation of municipal budgets in relation to the IDP and SDBIP objectives.

6.1 Consolidated Budget Performance

This section of the report focuses on the financial health of the municipality as reflected in Table 2 Consolidated Budget Performance Summary.

Table 2: Consolidated Budget Performance Summary for the Period ending 31 August 2023

Source: National Treasury Local Government Database

For month (M02 - 31 August 2023), Consolidated Total Revenue (excluding capital transfers and contributions) of R6.329 billion was recognised against Year-to-Date (YTD) budget of R7.331 billion. During the same period Consolidated Expenditure was reported at R3.420 billion against the YTD budget of R6.096 billion resulting in expenditure to date to be fully met.

The consolidated net surplus for month 02 period, including capital transfers and contributions was R3.333 billion. For the month of August 2023, the municipalities have therefore on average collectively recorded a surplus of R3.333 billion, after considering the Capital transfers from National and Provincial Government.

6.1.1 Operating Revenue

Municipalities have on average raised R6.329 billion or 86 percent of the year-to-date operating revenue budget of R7.331 billion. Based on the strings submitted, Transfers reported the highest source of revenue at 73 percent.

Table 3 below presents the extract of sequential performance and state of the revenue sources for the period ending 31 August 2023.

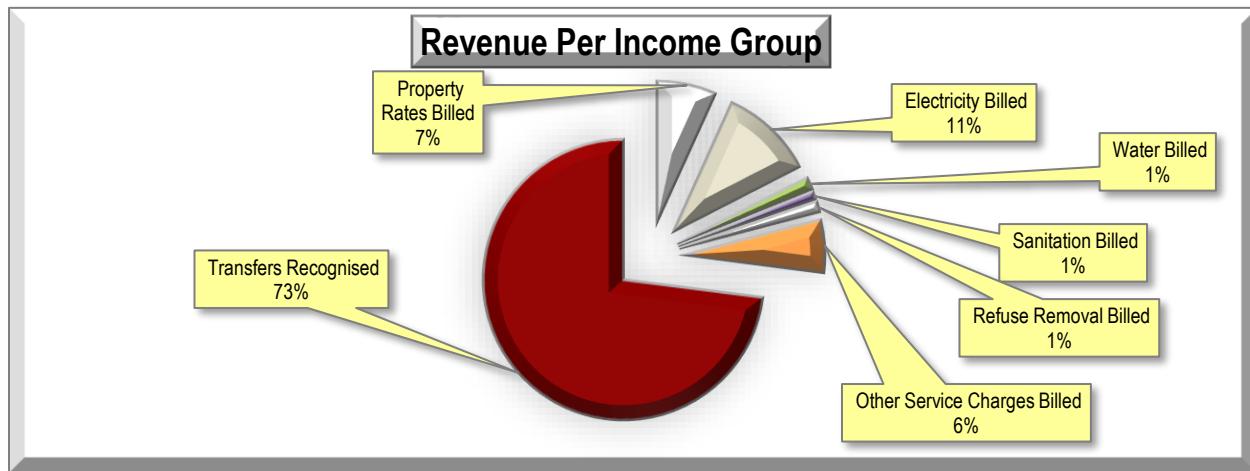

Table 3: Total Revenue contribution per Income Source

| Rating | Revenue Source | R thousands | Percent |
|---------------|-----------------------|-------------------|-------------|
| 1 | Transfers Recognized | 4 619 900 | 73% |
| 2 | Electricity Billed | 677 239 | 11% |
| 3 | Property Rates Billed | 426 024 | 7% |
| 4 | Other Revenue | 379 505 | 6% |
| 5 | Water Billed | 93 509 | 1% |
| 6 | Refuse Removal Billed | 74 952 | 1% |
| 7 | Sanitation Billed | 58 358 | 1% |
| Totals | | 6 329 0486 | 100% |

Source: National Treasury Local Government Database

Figure 1 below provides a breakdown of the percentage contribution of each revenue source.

Figure 1: Revenue per Income Group

Source: National Treasury Local Government Database

Of serious concern is the under reporting of revenue in key revenue generating items such as property rates, electricity, fines and penalties and other revenue.

Municipalities are advised to maximise current revenue streams and investigate other revenue streams to augment the current streams thereby reducing heavy reliance on grants. Municipalities are required to verify figures reported to ensure that there is alignment between figures presented in Municipal Council and figures reported to National Treasury LG database. Furthermore, municipalities are advised to review the reported figures for accuracy and completeness as uninformed financial decisions may be made due to non-credible information.

6.1.2 Operating expenditure

For the period ending 31 August 2023, total operating expenditure amounted to R3.420 billion or 56 percent against the year-to-date budget of R6.096 billion. Municipalities are generally understating the depreciation, asset and debt impairment during the year and only correct this figure during the audit period. This has been a challenge over the years despite the advice provided.

It is noted that the consolidated Employee related cost is down against the budget by R900 million, and Electricity bulk purchases (down by R349 million), Inventory Consumables (down by R270 million), Contracted services (down by R379 million). It will be important for the various municipalities to review these expenditure items to verify the correctness.

Table 4 shows an extract of the sequential performance per Expenditure Item for the period ending August 2023.

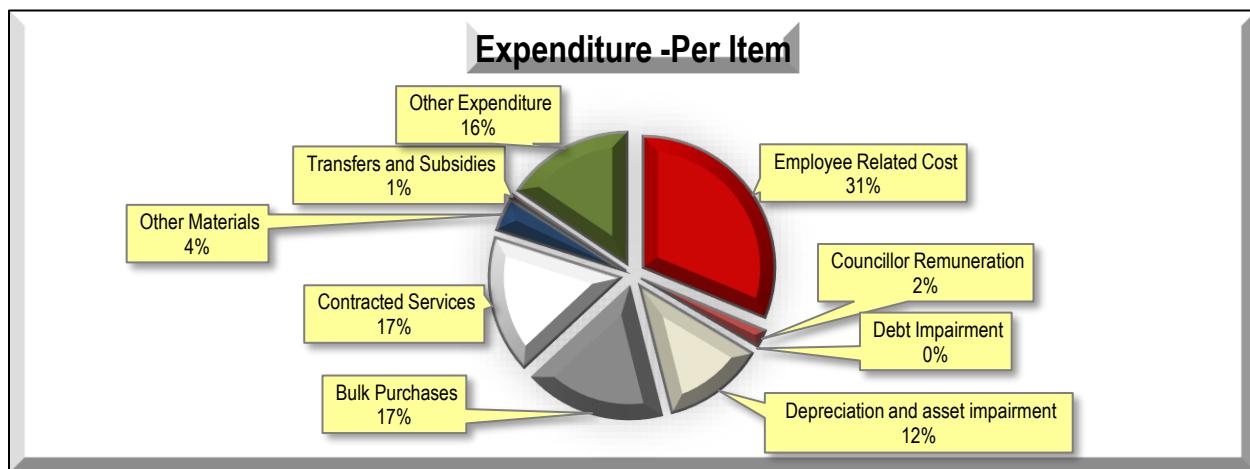

Table 4: Total expenditure contribution per Expenditure Type

| Rating | Expenditure Item | R thousands | Percent |
|---------------|-----------------------------------|------------------|-------------|
| 1 | Employee Related Cost | 1 068 257 | 31% |
| 2 | Contracted Services | 575 053 | 17% |
| 3 | Bulk Purchases | 582 638 | 17% |
| 4 | Other Expenditure | 533 136 | 16% |
| 5 | Depreciation and asset impairment | 425 863 | 12% |
| 6 | Inventory Consumed | 137 898 | 4% |
| 7 | Councilor Remuneration | 73 622 | 2% |
| 8 | Transfers and Subsidies | 16 116 | 0% |
| 9 | Debt Impairment | 8 128 | 0% |
| Totals | | 3 420 711 | 100% |

Source: National Treasury Local Government Database

Figure 2 below provides a breakdown of the percentage expenditure per item for municipalities in the province.

Figure 2: Expenditure Per Item

Source: National Treasury Local Government Database

6.1.3 Cash flow

It is reported that Municipalities in the province closed the month of August 2023 with consolidated surplus cash and cash equivalent of R8.669 billion. The Cash and cash equivalents at beginning of the year were R3.695 billion. A net increase in cash and cash equivalents of R5.259 billion was realised. The underspending on conditional grant funds is a concern and has contributed to the increase in the cash status of municipalities. Treasury continues to monitor and provide advice on the mapping of the cash flow.

6.2 Financial Performance – District Breakdown

This section summarizes the revenue and expenditure performance per district.

6.2.1 Operating Revenue per district

Table 5 below shows the operating revenue performance broken down per district and the main revenue items for the period ending 31 August 2023.

Table 5: Operating Revenue per district

Operating Revenue Per District -M02 August 2023

| R thousands | Operating Revenue | | | | | Exchange Revenue | | | | | Non Exchange Revenue | |

Source: National Treasury Local Government Database

As at 31 August 2023 the original total operating revenue budget for the province stood at R26.562 billion. The year-to-date revenue budget stands at R7.331 billion as at 31 August 2023 of which R6.329 billion was realised and thereby creating underperformance of 14 percent against the year-to-date budget.

Mopani district municipalities realised the highest year-to-date revenue against its budget at 99 percent of the year to date. The second highest revenue raised was by Capricorn at 92 percent then Vhembe, Waterberg and Sekhukhune District municipalities respectively recorded 84 ,79, and 70 percent. Detailed information per municipality is shown in Appendix – 1.

6.2.2 Operating Expenditure per District

Table 6 below shows the operating expenditure performance broken down per district and the main expenditure items for the period ending 31 August 2023.

Table 6: Operating Expenditure per district

Operating Expenditure Per District -M02 August 2023

Source: National Treasury Local Government Database

The original capital budget for municipalities in the province stood at R7.157 billion with a reported year-to-date capital budget of R1.658 billion. Actual year to date spending stands at R761 million being 46 percent of the year-to-date budget.

Capricorn district reflected the highest capital expenditure against the budget at 67 percent with Waterberg district recording the lowest at 27 percent. Vhembe, Mopani, and Sekhukhune respectively recorded 48 ,46 & 28 percent. Detailed capital expenditure for each municipality is shown in Appendix – 4.

Figure 3 below provides a breakdown of the percentage capital expenditure per vote for municipalities in the province.

Figure 3: Capital Expenditure Per Item

Source: National Treasury Local Government Database

It can be observed that Economic and Environmental services (47 percent) make up the largest portion of year-to-date capital expenditure with Waste management being the lowest at 0 percent. Water management is the second highest at 31 percent with Waste - water management at 10 percent, Energy sources at 5 percent, Community and public safety at 4 percent Municipal governance and administration at 3 percent.

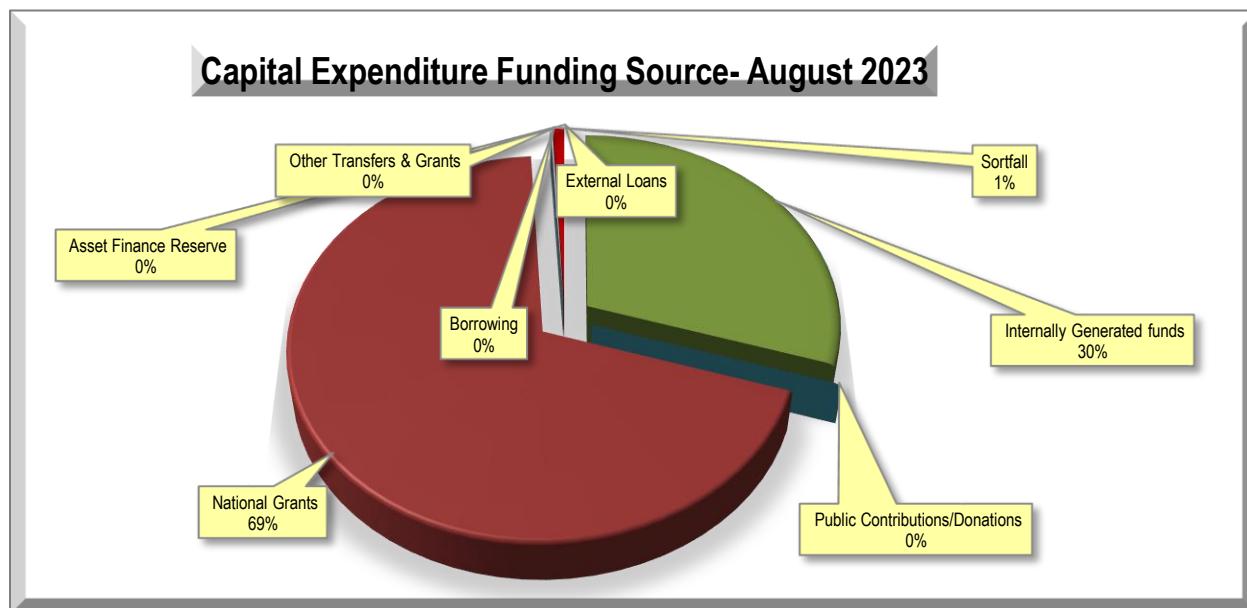

Table 8 below further provides for the sources to finance to the above capital expenditure for M02 of 2023/24 financial year.

Table 8: Source of Finance for Capital Expenditure

| Capital Sources of Finance per District - M02 August 2023 | | | | | | | | | | | | | |

Source: National Treasury Local Government Database

Figure 4: Capital Expenditure per Funding Source

Source: National Treasury Local Government Database

Table 8 and Figure 4 above indicate that municipalities' capital budgets are funded mainly from two sources namely, national grants and own revenue. Own revenue make up 30 percent (R227 million) of the year-to-date actual capital funding of R1.658 billion with grants making up 69 percent (R526 million) of year-to-date capital expenditure. Most municipalities cannot afford to take up loans to fund their capital expenditures due to the inability to afford the repayments as well as declining cash flows.

The municipalities that can afford to take up borrowing show no appetite due to the volatile economy where the risk of reduction in the equitable share is an ever-present danger. Detailed Capital source of Finance is shown in Appendix – 3.

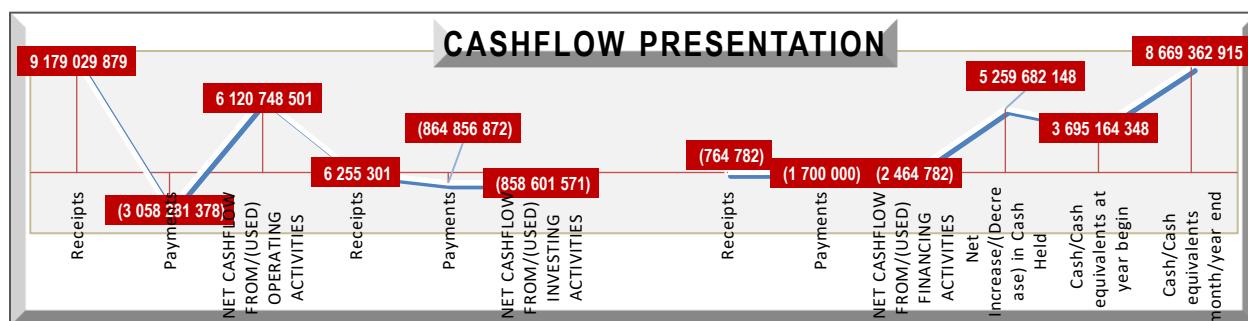

6.2.4 Cash Flow

Table 9: Cash Flow

Source: National Treasury Local Government Database

Figure 5: Cash flow Statement

Source: National Treasury Local Government Database

The cash flow mapping remains to have issues as reported in the previous and current year reports, the PT will continue to exert more emphasis in monitoring the performance of the cash flow mapping to ensure that the mapping issues are resolved and that the reporting is correct on a month-to-month basis.

From the information provided municipalities in the province closed the month of August 2023 with a surplus cash and cash equivalent of R8.669 billion. The Cash and cash equivalents at beginning of the year were R3.695 billion. A net increase in cash and cash equivalents amounting to R5.259 billion was realised during the period.

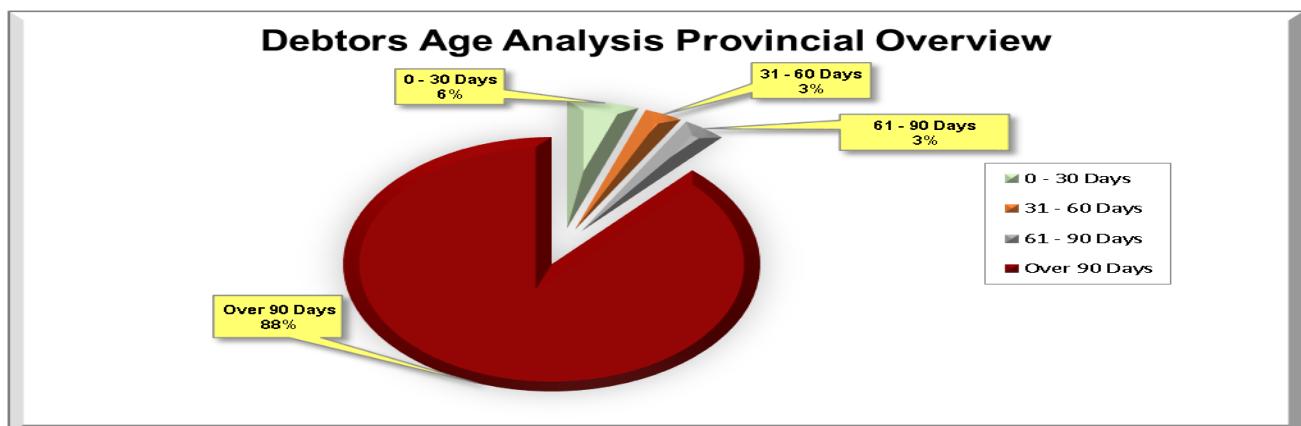

6.2.5 Debt Management

Table 10: Debtors Age Analysis

| R thousands | 0 - 30 Days | | 31 - 60 Days | | 61 - 90 Days | | Over 90 Days | | Total |

| Total | 902 129 | 5% | 483 093 | 3% | 557 720 | 3% | 14 578 617 | 88% | 16 521 559 |

Source: National Treasury Local Government Database

Figure 6: Debtors Age Analysis - Provincial Overview

Source: National Treasury Local Government Database

Figure 6 reveals that 88 percent of the customers have been outstanding for a period over 90 days. This is an indication that municipalities do not effectively implement debt and credit control policies to collect debt due. The districts with most debtors over 90 days is Vhembe and Sekhukhune at 94 and 88 percent, respectively. Mopani and Waterberg both at 87 percent and Capricorn being the lowest at 86 percent.

Non-collection of revenue negatively impacts the financial sustainability of municipalities. Furthermore, non-payment of services rendered may lead to delays in the implementation of the budget. It must be noted that 4 municipalities as stated in section 4 of the report did not provide their debtors book information and thus the reported debtor amounts are understated and misrepresented.

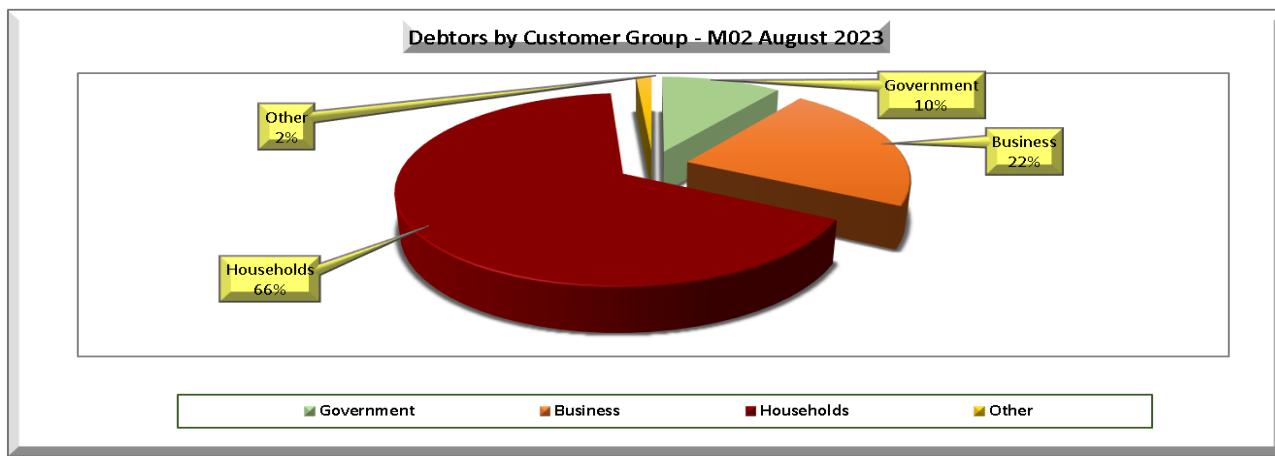

Table 11: Debtors by Customer per district

Source: National Treasury Local Government Database

Table 11 indicates that the total debtors up to the end of August 2023 categorized by customer group amounted to R16.521 billion. Outstanding debtors in respect of Households are the highest at R10.929 billion or 66 percent of the total debtors and government debts due to municipalities amounts to R1.696 billion (10 percent) with business category at R3.672 billion (22 percent).

Figure 7: Debtors by Customer Group

Source: National Treasury Local Government Database

The following can be noted based on Table 11 and Figure 7 above for the period under review:

- Despite the pandemic effects, credit control needs to be emphasized mostly over households.
- Government forums which have already been established need to continue their effective mandate over resolving the government debt as it currently accounts for 10 percent of the total outstanding debt.
- Limpopo Treasury will continue to monitor the payments by departments through Departmental In Year Monitoring System.
- Municipalities are not correctly classifying their debts and there is a significant understatement of debtors.

6.2.6 Creditors Management

Table 12 provides the Creditors ageing for the period ended 31 August 2023

Table 12: Creditors Age Analysis per District

Figure 8 below provides snapshot overview of the Creditors Ageing.

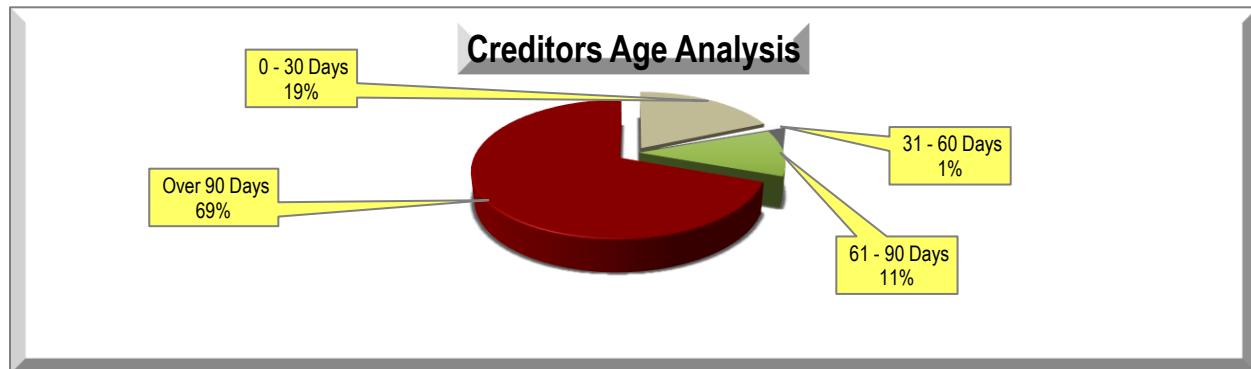

Figure 8: Creditors Age Analysis - Provincial Overview

Source: National Treasury Local Government Database

Table 12 and Figure 8 above indicate that the total creditors as reported for the period ending 31 August 2023 categorized by district amounted to R2.409 billion. Outstanding creditors in the bracket “Over 90 days” are the highest at R1.673 billion or 69 percent of the total outstanding creditors. It must be noted that 3 municipalities as mentioned before

under section 4 did not report on the outstanding creditor balances and that the amount outstanding, as reported, is grossly understated and misrepresented.

Table 13 shows creditors by District and by item, Figure 9 below then further provides for creditors by customer group. Vhembe, Modimolle-Mookgopong and Thabazimbi did not provide for bulk water creditors. Municipalities with electrification license are not reflecting their ESKOM account balances, except for Polokwane, Ba-Phalaborwa, Bela-Bela, Greater Tzaneen and Mogalakwena. This information is contrary to the s41 reports received from National Treasury which reflect that municipalities owe Water Boards and Eskom huge sums of money. Appendix – 9 reflect the detailed creditors for each municipality per customer group.

Figure 11: Conditional Grants Provincial Overview

Source: National Treasury Local Government Database

Figure 12 : Conditional Grants District Performance

Source: National Treasury Local Government Database

At the end of 31 August 2023, the aggregate conditional grants spending stands at 7 percent, based on a straight-line projection the expenditure should be 17 percent, which indicates that grant spending is lagging as at 31 August 2023.

7 mSCOA - Summary - Upload and Segment Validation

Table 15 below shows the status of Limpopo municipalities' financial submissions and validations for the period ending 31 August 2023.

8 Assistance Provided

LPT conducts quarterly analysis of the municipal performance and provides feedback to municipalities on revenue, grant management, creditor and debtor management, asset management, cash flow and mSCOA issues. Municipalities that do not submit timely or submit incomplete information are issued with non-compliance letters.

LPT participates in grant management meetings that are hosted by CoGHSTA aimed at assisting municipalities to ascertain challenges linked to slow spending of grants. LPT monitors the budget funding plans of municipalities to ensure that municipalities adhere to the targets outlined in those respective plans. This will assist in ensuring that municipalities gradually put in the required mechanisms to ensure the turn-around of finances and ensure the implementation of adopted funding plans, UIFW strategies and reduction strategies for cost of consultants.

9 Summary and Conclusion

The economic pressures on households and businesses, and ineffective credit control strategies or lack of implementation thereof continue to affect the municipal collection rate on service charges and property rates where residents do not pay for services as anticipated (low revenue actuals versus the year-to-date projections), this is signified by Household owing the highest percentage on municipal debt. The reporting on mSCoA remains relatively good however the credibility of the reported figures remains a challenge particularly on cash flow, capital expenditure, debtors, and creditors. Grant spending reporting is not adequate and also the spending is not satisfactory which requires municipalities to apply for funds to be rolled-over to the next financial year. This practice delays service delivery and risk escalation of project costs

Municipalities are encouraged to maintain the targeted projections and where such is not achieved revise their revenue projections downwards during the main adjustment budget period. This however must be accompanied with reduction in expenditure items that are

not directly linked to core service delivery commitments to ensure financial sustainability and maintaining a funded budget. Effective project management tools and methods need to be applied to ensure spending within the budget and also completion of projects on time, thus limiting budget overruns and improvement of service delivery.
