LIMPOPO PROVINCIAL REVENUE AND EXPENDITURE REPORT AS AT 29 FEBRUARY 2020

1. Purpose

To submit to the National Treasury a report on Limpopo Provincial Revenue and Expenditure as at 29 February 2020.

2. Background

The Limpopo Provincial Treasury hereby submit the provincial revenue and expenditure report as at 29 February 2020 in line with chapter 5, section 40 (4) (c) (i) – (iii) of the Public Finance Management Act (PFMA), 1999 (Act No. 1 of 1999) as amended by Act 29 of 1999. The Act requires the designated accounting officers of departments to submit to the provincial treasury, information on actual revenue and expenditure for the preceding month and again provided the anticipated revenue and expenditure for the remaining period of the financial year and explanation on material variance.

3. Discussion

The Limpopo provincial government revenue and expenditure trend for the period under review finds its basis on the February 2020 In-Year Monitoring (IYM) reports from various provincial departments. Departmental submissions were duly analyzed in terms of the projected revenue and expenditure, projected cash requests and actual expenditure as recorded in the IYM reports and Infrastructure Reporting Model (IRM) submissions. The explanations for the variances were provided by departments as per their IYM and IRM variance reports and where necessary, further clarity was sought from the departments in line with the requirements of the Provincial Treasury Instruction Notes 03 of 2012, 09 of 2012 and 04 of 2013.

4. Cash Management

2019/20 Cash Allocation bilateral was held with all Provincial departments from the 22nd to 27th of May 2019. The Cash Allocation Letters for 2019/20 financial year has been issued to all departments on 10 June 2019, after the finalization of the cash allocation bilateral, indicating cash available for each payment run as well as the processes to be followed by departments to enable Provincial Treasury to release payment tapes. Schedule of payments runs were also sent to departments to enable them to inform service providers of the dates of payments as they serve them with invoices for services rendered -

- PERSAL runs are scheduled 5 times a month, i.e. the 15th for normal salaries, 22nd for Educators' salaries, two Supplementary payments (claims) and month-end for probation, contract employees and third party deductions.
- BAS runs (payments of suppliers) are scheduled twice, i.e. for the action dates 15th and for month-end.

These systems and processes were put in place to ensure that service delivery continues without disruptions relating to cash flow problems as well as to alleviate cash flow challenges experienced in the past financial years.

Cash Allocations vs. Actual Expenditure vs. Actual Funds Transferred

An analysis of cash projections, actual expenditure and actual funds transferred indicates departments' ability to plan, budget and spend. The table below provides cash flow projections, actual expenditure and transfers to departments during February 2020.

When comparing actual expenditure to the cash flow projections or cash allocations, departments under-spent the cash allocations by R3.0 billion or 4.6 percent. It should be clear that the overall under-spending by departments has nothing to do with availability of cash as Treasury has given cash allocations and processes well upfront.

On the other hand, transfers to departments is R61.5 million or 0.1 percent less than actual expenditure.

- **Comprehensive Agricultural Support programme** spent 66.1 percent or R162.9 million of the total budget of R246.5 million. The low spending is attributed to delays in the appointment of service providers for infrastructure projects by DBSA, land disputes at MG-Seuns project and community unrest at Tswetsi Project within Blouberg Municipality. Five projects had non-responsive bids and are currently re-advertised.
- **Land care** recorded an expenditure of R13.1 million or 101.6 percent and is mainly influenced by prior year accruals pertaining to Drought Management.
- **ILLIMA/LETSEMA** spent R24.9 million or 36.0 percent. - **HIV/AIDS Life skills** spent R20.8 million or 65.5 percent of the total adjusted budget of R31.7 million. Low expenditure is due to vacant posts not yet filled, outstanding invoices

for radio talk shows, World AIDS day commemoration, Peer Education workshop and EMDG training.

- **National School Nutrition Programme** spent R1.1 billion or 83.8 percent of the total adjusted budget of R1.3 billion. Food Handlers UIF not yet paid pending consolidation and verification of food handlers currently employed. Procurement processes to procure audio visual equipment not yet concluded.
- **Infrastructure grant** spent R557.4 million or 51.6 percent of the total adjusted budget of R1.1 billion. - **Learners with Profound Intellectual Disabilities** – spent R22.2 million or 81.9 percent of the total adjusted budget of R27.1 million. Procurement processes to procure hearing aids, assistive devices, DVD's, plasma screens and data projectors are underway. Purchase orders not yet printed for the training workshops.

- **Malaria Component**- spend R32.5 million or 71.7 percent of the adjusted budget of R45.4 million. Low spending is as a result of personnel expenditure to the value of R1.9 million for February 2020 that has programmatically misdirected to the HIV/AIDS component. The service providers are on site finalizing the building renovations for the malaria stations. The invoice to the value of R2.5 million is expected to be submitted for processing immediately upon the completion of the renovations. - **Health Facilities Revitalization grant** spent 102.3 percent or R468.3 million of the total budget of R457.9 million. The department is overspending on this grant and this is largely due to the acceleration of progress and expenditure at Maphutha Malatjie OPD project and the turnaround time in the delivery and payment for health technology items.
- **Human Resource Capacitation grant** spent R104.0 million or 139.6 percent of the total adjusted allocation of R74.5 million. The overspending is as a result of the budget not in line with the headcount on personnel recruited and appointed. The expenditure for the current financial year is lowest compared to the two previous financial years in percentage terms, 2018/19 at 80.6 percent, with the financial year 2017/18 being the highest at 82.8 percent for the comparative period, considering the adjusted budget.

The departments with the lowest expenditure are Economic Development, Environment and Tourism and Transport, at 19.6 percent and 17.9 percent respectively.

A comparison between the IRM and IYM could not be conducted due to problems with the IRM system. All departments project to break-even by the end of March 2020, Provincial Treasury projects an under expenditure.
