REVENUE AND EXPENDITURE REPORTS AT 30 APRIL 2013 - LIMPOPO PROVINCE

In terms of chapter 5, section 40 (4) (a) of the PMFA, 1999 the accounting officer of a department must at the beginning of a financial year provide the relevant treasury in the prescribed format with a breakdown of the anticipated revenue and expenditure of that department for that financial year.

In addition, Section 40 (4) (b) stipulates that the designated accounting officer of a department must submit information to the provincial treasury in the prescribed format on actual revenue and expenditure for the preceding month and the amounts anticipated for that month in terms of section 40 (4) (a). Section 40 (4) (c) stipulates that accounting officer of a department must ensure to submit within 15 (fifteen) days of the end of each month to the Provincial Treasury and Executive Authority the information for that month, projected expenditure and revenue collection for the remainder of the current financial year and when necessary explanations or any material variances and a summary of the steps to be taken to ensure that the projected expenditure and revenue remain within budget.

The expenditure and revenue trends for the period under review is based on departmental April 2013 IYM submission by departments in terms of section 40(4) (b) of the PFMA. Departmental submissions are analysed in terms of the projected expenditure, projected cash requests and actual expenditure as recorded in the IYM submissions. The explanations provided for the variances were provided by departments as per the IYM variance report and where necessary further clarity was sought from departments.

DISCUSSION

Provincial Treasury Instruction Note 3 of 2012 issued on 28 April outlines the legislative requirements and process for IYM submissions. Given the challenges faced by departments in providing substantial reasons for variances in projection and expenditure Provincial Treasury Instruction Note 09 of 2012 was issued giving further directives on the information requirements.

Cash Management

Cash allocation letters for 2013/14 financial year were issued to departments indicating cash available for each payment run as well as the processes to be followed by departments to enable Provincial Treasury to release payment tapes. Schedule of payments runs were also sent to departments to enable them to inform service providers of the dates of payments as they serve them with invoices for services rendered:-

- Persal runs are scheduled 4 times a month, i.e the 15th for normal salaries, 22nd for Educators' salaries, last Wednesday of the month for Supplementary payments (claims) and month-end for probation and contract employees and Third Party deductions.
- BAS runs (payments of suppliers) are scheduled twice, i.e. for the 15th and for month-end.

These systems and processes were put in place to ensure that service delivery continues without disruptions relating to cash flow problems as well as to alleviate cash flow challenges experienced in the previous financial year.

Cash Allocations Vs Actual Expenditure Vs Actual Funds Transferred

An analysis of cash projections, actual expenditure and actual funds transferred indicates departments' ability to plan, budget and spend. Table 3 below provides cash flow projections, actual expenditure and transfers to departments for April 2013.

When comparing actual expenditure to the cash flow projections or cash allocations, departments under-spent the cash allocations by R1.109 billion or 26.7 per cent. It should be clear that the under-spending has nothing to do with availability of cash or Treasury interruptions as Treasury has given cash allocations and processes well upfront. An analysis of volumes of unprocessed invoices at each month-end, capacity, efficiency and effectiveness of departments in monitoring performance of service providers and processing of invoices should be conducted.

A special run was granted for the 18th March 2013 to allow departments to cover backlog that might have been created by the slowness of the system in processing invoices from suppliers.

On the other hand transfers to departments were R343.5 million or 11.3 per cent more than actual expenditure. The reason for transferring more funds than was required is due to the opening overdraft as the bank account needed to be normalized to enable departments to start spending in the new financial year.

The payments processes put in place are to ensure that all payments to suppliers/payees released as per schedule are effected on the action date of the relevant tapes released. The objective is to enhance cash management and that suppliers receive payments as per the payments stubs. This also assists the province in maintaining smaller cash balances in commercial bank accounts where lower interest is earned and to optimize interest returns in the CPD (Provincial account in South African Reserve Bank) account.

At the end of April 2013 the province had a total favorable bank balance of R2.8 billion comprising R2.2 billion in the CPD account and R543.3 million in the commercial bank accounts (viz. departmental PMG accounts and the Exchequer account).

Expenditure on Payment for Capital Assets is at R1.1 million or 0.1 per cent of the total budget of R1.9 billion. When compared to the same period in the previous financial year expenditure is lower by 1.4 per cent (R55.5 million or 2.4 per cent in 2012/13).

Conditional Grants

As reflected in Table 10 below shows expenditure on conditional grants. Spending is very low at R68.2 million or 1.0 per cent of the total budget of R7.2 billion. When compared to the same period in the previous financial year expenditure is lower by R4.3 million (R72.5 million or 1.0 per cent in 2012/13 against R68.2 million or 1.0 per cent in 2013/14). However, the main contributing factor to this is seen to be the delays in the loading of budget in the system which took the better part of month of April.

Provincial own receipts annual target is R629.5 million. As at 30 April 2013, the Province has collected R31.1 million or 4.9 per cent against a projection of R28.5 million. The collection is above that of the previous corresponding period of R25.5 million. The over collection of R2.6 million is mainly influenced by the following departments that collected more than their projections:

- Roads and Transport – R4.4 million due to more collection on motor vehicle licences.
- Economic Development – R2.0 million on casino and horse racing taxes which was transferred late and reconciled in April 2013.
- Provincial Treasury – R1.2 million mainly due to interest earned on bank balance.
- Agriculture - R0.228 million due to more collection on agricultural produce and recovery of outstanding debts

Despite the overall over collection, the department of Health recorded a significant under collection of R5.1 million on patient fees mainly due to late conversion to BAS version 4.
