PROVINCIAL TREASURY

MEDIA BRIEFING

04 August 2017

Infrastructure spending in various departments have had a serious impact on service delivery in the province during the previous financial year. The EXCO has on numerous occasions requested infrastructure Development Cluster Committee to address the resolutions taken at its sittings and address specific issues of provincial interest relating to infrastructure.

As a result, the Limpopo Provincial Treasury has directed an extended infrastructure Technical management committee session, from 07-08 August 2017 to address the infrastructure conditional grant roll out and spending challenges including current provincial initiatives.

The session is attended by amongst others Head of departments, Chief financial Officers, Chief Executive Officers of Public entities and Deputy Directors responsible for infrastructure.

The media is therefore invited to a media briefing to highlight the outcomes of the session.

Venue: Land Mark Lodge

Date: Tuesday, 08 August 2017
